Stephen says

Classic.

Adam says

Great short introduction by Gemmell. A real insight into the beginning of his writing career.

And a very nice addition to my collection aswell!

Nathan Shumate says

Stirring military fantasy stories. Maybe too much of a reliance on "beleaguered defenders saved at the last minute" plots, but engaging nonetheless.

Zoe says

The books in this omnibus are:

Legend

The King Beyond the Gate

Quest for Lost Heroes

John Cheeseman says

I first read these books in my late teens and early twenties and absolutely loved them, unfortunately being 30 years older either my tastes have matured or they havent really stood the test of time. Having a compilation like this means you realise how similar all of the stories are and by the time you get to the last one it seems identical to all of the others.

That being said I still absolutely love some of the characters, Druss will always hold a special place in my heart as will Tanaka Khan and I wish someone in Hollywood would realise how good a film Druss the Legend would make with Arnold Schwarzenegger as Druss.

Troy G says

A great grouping of several great novels. I will write a more detailed review of each of the books on that book's page.

For the record, the books in this omnibus are:

Legend

The King Beyond the Gate

Quest for Lost Heroes

Newton Nitro says

Maravilhoso! Li o Drenai Tales Vols 1 e 2, é um conjunto de sete romances do David Gemmel, um mestre da literatura de fantasia militarista e suja (a mesma linha do George Martin). Gemmel foi um escritor britânico (infelizmente morreu em 2006), que influenciou todo mundo da fantasia militarista com seus romances sobre os Drenai. Os livros são fantásticos, realistas, com um conjunto de personagens memoráveis, todos com falhas e virtudes, complexos e que parecem saltar das páginas.

Recomendadíssimo para os fãs do George R R Martin. David Gemmel é totalmente desconhecido no Brasil, mas espero que alguma editora (ou mais leitores) o descubram.
