Falling For His Mate

Savannah Stuart , Katie Reus

Falling For His Mate Savannah Stuart , Katie Reus
He screwed up.

Second in command of the O'Shea wolf pack, Andrew Reid screwed up and let Charlotte walk away from him. Now that he's come to his senses, he's determined to win her back, no matter how much he has to grovel. Because she's a woman worth fighting for.

She's not willing to trust him again.

Charlie thought Andrew was different from other males, that what they shared was real—that their connection was the rare mating pull. But a true mate wouldn't have ghosted on her the way he did. So no matter what he wants, she's not playing his games. To capture her heart for good, he'll have to prove he's worthy of a second chance. Even if that means he has to give up everything, including his pack.

Length: NOVELLA

Maya says

I like this story. It's sweet, has an OTT here that truly shows remorse and grovel, also a great heroine that isn't swept away by the first sight of her man. She makes him work for it and I love that. I wish more books were like that, simply a great strong female character. The only thing that could be better is the ending. Since it's such a short story it did feel a bit rushed but overall it was a great read.

Mindy Lou's Book Review says

If you're looking for a great grovel book, this is perfect!

This book starts off with Andrew volunteering to go to Charlie's pack so he can mend what he broke. Since this starts out with our main characters in the outs, we do get a few flash backs to what they were like when they first meet. This helps to give you a feel for what they had.

I thought the author did a great job of showing the pull between these two and even though Andrew screwed up, he didn't do anything that would make you hate him. His offense is one that I can see forgiving very easily if he made the right amends and I'm happy to say he did.

This was a short, light angst story with a possessive wolf shifter that was sweet in his pursuit of his mate. No cheating, abuse or other woman/men drama. ARC provided by NetGalley.

JoRead says

Fun-tastic read!

Sweet yet steamy second-chance story that kept me entertaining from the first page to the last one. It's always a pleasure coming back to this series because although short, this author always delivers in the romance department.

I was gifted a copy of this story by the author. My review is my opinion alone and was in no way influenced by the author or publisher.

♥ WishfulMiss ♥ says

Second Chance Shifter Romance

She-wolf Charlie wasn't expecting to see Andrew on her home turf. Not after he basically ghosted on her six weeks ago. His sudden rejection of her and what she thought was a meaningful connection, cuts deep and no way is she letting him get close to her again.

Andrew grew up watching his alpha father submit to his stepmother. The unbalance of their relationship

made Andrew swear off that kind of mindless devotion/servitude. When he meets Charlie, the instant attraction is surprising but the mind numbing need to drop everything to be there for her is enough to freak him out.

Thinking to distance himself, if only to prove he still has his own will power, backfires when Andrew realizes that he is letting his own messed up assumptions color Charlie in a negative light.

But disappearing on her for six weeks isn't something Charlie will easily forgive. Andrew will have to pull out all the stops to prove to Charlie he is done running from this. From them. He knows it and she knows it, they're meant to be and he is finally ready to prove he is a worthy mate for her.

Oh, the single-mindedness of shifters!

When they admit their true feelings, there is no going back. It's a one way ticket to HEA and it's forever! Lol :)

I loved that Andrew manned up and worked to right his wrong.

I loved that Charlie did in fact make him work for her forgiveness. She held out and I loved that it wasn't vindictive or mean spirited. She still loved Andrew but she had enough self-preservation to want evidence that Andrew wasn't just telling her what she wanted to hear. I like that she was assertive in her wants and not a push over when it came to dealing with him.

I read the first in the series and was left with an okay impression. This one is an improvement and has re-piqued my interest in the series!

SAFETY

(view spoiler)

Laurie says

If you are in the mood for a short, sweet, second chance with some grovel to it romance, Falling For His Mate would suit perfectly. It also very safe with no other women etc. if that's what you like.

Andrew, second in command of his wolf pack, completely panicked when he met his mate, Charlie, and then screwed up royally by not only standing her up but completely ghosting on her. Now he wants her back and Charlie wants nothing to do with him, and rightfully so.

My main problem with the book is we didn't get the before. We are plopped down smack in the middle of

the story. There are some flashbacks that eventually tell the tale but they just didn't work for me at all. The way they kept popping up in weird spots felt really off to me. It would have made so much more sense and felt way less cheesy just to go ahead and start the story at the beginning, especially for such a short book.

Because it started in the middle, although I liked both Charlie and Andrew—especially Charlie, I didn't get a sense of how deeply Andrew had hurt her and what exactly he had thrown away. It also cut down on a sense of the characters developing. I can't say I completely connected to either of them.

The story itself was okay, once I got it pieced together but the resolution was so easy I got a more short story vibe from it than even a novella feel. In the end, it was just too short, too easy, and too safe for me.

Rating: 3 It was decent Stars

Barbara says

3.5 Stars!

Andrew made a bone-head move when he got cold feet and walked away from the woman who is his mate. Now that he realizes the mistake he made, he's determined to do whatever it takes to have her forgive him and give him a second chance.

Charlotte had her heart broken when Andrew walked away. Returning to her pack's lands, she's determined to move forward with her new salon and forget about the past. But when Andrew comes to Charlotte's pack in an exchange trade deal, he's going to use this opportunity to spend time with her and convince her that he's got his head on straight and they belong together.

Falling for his Mate is a quick, sweet read and a fun return to the Crescent Moon world.

Bev says

I love me some hard grovelling in a second chance romance and Falling for his mate had it in spades. Andrew so worked the grovel.

Cassandra says

My Thoughts - 4 out of 5 Unicorns - I really liked it!!!

***I choose what I read and review based on what intrigues me!! Yes, I received a review copy of this book,

but no one tells me what to think, feel, or write about any book!

The cover is okay, but I like my shifter books to have the animals on the cover too!!

This is the 6th book in the series, and it is for adults only due to the steamy content. It is not necessary to read them in order, but I suspect you would love them more if you did! In the future, I plan to get the books I haven't read yet to see if I'm correct! It is novella length and about 145 pages.

This is Andrew and Charlie's story! Andrew made some bonehead mistakes because of fear and now he must atone to get his mate. I really like both of them. They both work hard, and they are better together. They just have to realize it. There is a little bit of action with some vampires, but mostly it is the two of them trying to get their stuff together.

I enjoy Savannah's writing! She pulled me right into the story, and I didn't want to put it down. Actually, I stayed up way too late finishing it last night, but it was worth it.

I recommend to any wolf shifter fan especially if you love Savannah Stuart and Katie Reus's work already!!

April Symes says

This is a beautiful story that is full of action, romance and mystery. This is fantastic writing that is all the goodness of Savannah Stuart/Katie Reus. We have alpha Andrew who is possessive and protective and he wants the chance to win back his mate, the woman that he loves- Charlotte.

Charlotte had her heart tore apart when Andrew walked away from her. When she returns to the packs lands, she is determined to move forward with opening her new salon and forget about the past which includes Andrew.

Andrew gets a chance to try and make things right when he comes in an exchange trade deal and he takes the opportunity to visit the Kincaid pack determined to make amends and get his mate.

In this novella, we get to see the chemistry, the angst, the pain and the love between Andrew and Charlie. Will they are wont they get back together? There is heat and there is a lot of love in the novella that is a return to the CRESCENT MOON series. I am eagerly awaiting the next book in this series.

My Rating: 4.5 stars *****

"I voluntarily reviewed an Advance Reader Copy of this book in exchange for an honest review***"

Carvanz says

This is an awesome taste of all the wonderfulness that is Savannah Stuart/Katie Reus. I absolutely loved the possessive, protective alpha Andrew as he attempts to win back the woman he loves. Charlie was hurt when he never showed up to an event that meant the world to her. He had promised and not only did he not make an appearance, he never contacted her to explain why. As far as she's concerned he is totally history and doesn't have a chance at reconciliation. Even if her wolf disagrees with her.

This is a novella that has all the goodness of a full book. With a storyline that engages, secondary characters that don't dominate, and all the feels of a couple of to-be-mated wolves, this story checks all my boxes for a perfect read.

Carolyn Reilly says

Falling For His Mate is book six in the Crescent Moon series by Savannah Stuart/ Katie Reus.

Andrew made a colossal mistake by letting his mate Charlie go, and he will stop at nothing to convince her to give him a second chance. I loved reading this fast-paced shifter novella and finished it in one sitting. Though Andrew messed up big time he was still a likable character, and I rooted for his and Charlie's happily ever after.

Wish it would have been longer! Can't wait to read the next installment ?

?Tonya? says

Short shifter read. ..

3.5 stars

This was a great, second chance story. Andrew panicked and stopped communicating with Charlie. 6 weeks have passed and he can't go on without her. Let the grovel begin!

-no cheating

-no ow/om drama - she danced with her friend and that friend nuzzled her to make Andrew jealous and it worked

-not much steam

-both had been with others (I like my shifters to only be with their mates)

-neither with others during separation

-lackluster epilogue

CC says

Sweet second chance romance. Pretty short, did not really inspire strong feelings in me either way. When I finished my first thought was...meh, it was ok. Not remarkable. Some good grovel but hero was an idiot

before. Heroine was sweet and not a total pushover. Very safe read.

Linda says

A well-written, well-plotted, relatively quick and light romance with a happy ending!!!!!!

Ever since meeting Charlie... his entire world was off its axis...

Holy Moly! Falling for his Mate by Katie Reus hit all the right notes for me with cherries on top! My wish list was for a well-written, well-plotted, relatively quick and light romance with a guaranteed happy ending. To that end, I perused the titles I'd not yet read on my kindle, saw that this book was written by Katie, one of my favorite authors, and opened it. Voila! I started reading it last night and couldn't put it down until I'd read every luscious word. Falling for his Mate was the story of two wolf shifters: Andrew Reid, second in command of the O'Shea wolf pack in South Carolina, and Charlotte aka Charlie, a she-wolf in the Kincaid pack in coastal Orange Beach, Alabama.

As the story opens, Andrew was on his way to Orange Beach as one of a set of temporarily traded pack mates. Andrew had volunteered for the task so he could see Charlie again and, hopefully, make things right between them after he'd majorly screwed up with her. He doubts that he will receive a warm welcome from Charlie.... And he's right.

Charlie had attended her friend's baby shower held in the O'Shea wolf pack's compound weeks ago. While at the shower, she had met Andrew and her wolf knew immediately that he was the one for her. They had a great few weeks together and were talking about how to make their relationship permanent. She thought she and Andrew were on the same page about this. Charlie had finally headed back to her O'Shea pack banking on Andrew's promise to attend the opening of her beauty salon there –the culmination of one of the most important achievements of her life. She couldn't wait to see him again and announce to her pack that she'd found the one for her. But... he was a no-show with no-word, having cut off all communications with Charlie with no explanation as to why. Charlie felt betrayed and was deeply hurt.

I liked both Andrew and Charlie from the get-go. They were great together until Andrew majorly messed up. I could fully understand why Charlie wasn't open to second chances. But, Andrew was so sweet and so determined and, OMG, out of control as he worked at wooing her again. I couldn't help but pull for him... even as ornery as he'd been.

LOL! One of my favorite scenes involved some major groveling. I would imagine that picture will stay with me for a long time!

Following please find a few of my favorite quotes from Falling for his Mate:

"I want to make it crystal fucking clear that you're it for me... I screwed up before. Big time. I own it. And now I'm going to win you back."

"Been waiting for me?" she asked, going up on tiptoes as she reached him...

"You're two minutes late," he said against her lips."

"I can think of a few ways I wouldn't mind you taking control." He dropped his voice a few octaves, making

his already deep voice even more delicious.”

I’ve been unintentionally reading the series out-of- order. Even though this is the sixth book in Katie’s Crescent Moon series, I can attest that it can be fully enjoyed as a stand alone. The romance is fully self-contained within this installment.

Falling for his Mate is another addictive read by the amazingly talented Katie Reus who also writes under the name of Savannah Stuart. I never fail to connect to her characters and to be engrossed by her stories. If you enjoy fun paranormal urban fantasy romances spiced with sexy times, I’d highly recommend that you check out Katie’s Falling for his Mate and her Crescent Moon series!

My full review is posted at Reading Between The Wines Book Club. Please check it out there:

Claire Robinson says

4 - *She was his to claim...* Stars!

Savannah Stuart/Katie Reus returns to the *Crescent Moon* series to give her readers a short and extremely sweet second chance reconnection between Adam and Charlie.

Falling for his Mate, was a relatively quick read. Andrew knows he has messed up badly when he doesn’t show up for Charlie’s Salon opening, they fell hard and fast for each other when she took an extended stay with his pack, but when she returns to her own she fully expects that they will work out a long distance plan for the time being.

Ever since meeting Charlie... his entire world was off it’s axis...

Him not turning up to one of the most important days of her life breaks her heart and shatters her trust in the bond she thought they shared.

"I want to make it crystal fucking clear that you’re it for me... I screwed up before. Big time. I own it. And now I’m going to win you back."

There are no lengths that he won’t go to in order to prove to Charlie that he is serious in his commitment to make her his, and I really enjoyed getting to spend a couple of hours with these characters.

"When I’m in, I’m all in. I’m not walking away from this."

Love this author, really enjoyed this novella, and as always I cannot wait to read whatever she releases next.

"Good things are worth waiting for."
