patndoris says

Andrea Strickland says

Nice SHORT story. I'm curious to read some of Jeffrey Stepakoff's novels.

Mya says

didn't like that this was jus a preview I really got in this story

Nenette says

I'm a sucker for free books...Most are good, and if they're not, well, time wasted - still nothing's really free. I won't say this book is not good - I've yet to know. The description said it is a prequel to "The Orchard", but not like the X-Men First Class, this prequel won't stand alone. It's actually a teaser...Actually, fifty percent of the book is a preview to "The Orchard", so really you're getting two previews for free. It teases you so that you'd want to buy the whole book, but for \$10.99, I only got as far as putting it in my wish list. So, if you're one who enjoys lots of movie previews, then postponing to watch the whole thing, go ahead and get this so-called book.

Amy says

Very short. I think it is said to be a prequel, but after reading the snippet of The Orchard I felt more like it was something that really will be later in that book. So this feels more like a hook to get you to read The Orchard. Nonetheless, I enjoyed this and will be looking for The Orchard soon.

Cheryl says

I read the book before I read this prequel. It was cute. I enjoyed reading about Dylan's and Grace's third date.

Andrea says

Short read, it took me about 10 min to read it. Nice, but too short.

Mlpmom (Book Reviewer) says

I didn't realize this was actually a prequel to The Orchard. It was a cute, very short read. I am not sure if I would want to read the book or not.

Denice Smith says

It was too much of a teaser and not long enough of sample to judge it. What I read did not entice me to buy The Orchard.

~Gen hearts books.~ says

I did enjoy this, but it was really short. It was one of the shortest e-books that I have ever read. It was a prequel, but I thought it was going to be a just a little longer. I may read The Orchard, which is what Love a la Carte was a prequel to.

Cathy Michaels says

i liked it. i am going to download the orchard

Breanna says

very slow start, dont understand where the next book will be going.

Jodie says

I loved The Orchard, and this short story just added to my love for its characters. This is a great way to get sucked into a wonderful read. The information about flavorists was really interesting.

KyBunnies says

Good short story. I hope I can find the rest of this short story.

Mary says

Way too short, even for a short story because it didn't have a beginning middle or end. It felt like it started and then stoped and you wonder what was the point? It was a nice, easy story and probably would have enjoyed more but hesitant - is this the author's style or just formatted this way for just this ebook.
