C.S. Lewis , Walter Hooper (Editor)

## Readings for Meditation and Reflection C.S. Lewis , Walter Hooper (Editor)

Extolled for decades as one of the most influential Christians of his day, C. S. Lewis has stirred millions of readers through his probing insights, passionate arguments, and provocative questions about God, love, life, and death. *C. S. Lewis: Readings for Meditation and Reflection* gathers daily readings from his most famous published works—*The Screwtape Letters*, *Mere Christianity*, *The Four Loves*—as well as his lesser-known writings, letters, and essays. This collection of readings covers a wide range of topics from spirituality, to materialism and sexuality, as relevant and compelling today as when they were written.

### **Kelli says**

Amazing words CS Lewis has. Reading this while I am at camp for the summer. The Truth leaks into Lewis' writing. Its a great devotional to have. Anything by him is.

---

### **Rachel Dawson says**

It's no secret I love C.S. Lewis. I grabbed this one to get to the free shipping amount on Amazon (no shame) but it didn't blow me away, considering how it was all excerpts from other books he's written. I always think I'm going to like books like this, and I do in the sense that it's quick and easy to read a chunk over breakfast or on the go, but I really just love getting into the full books instead and getting the complete context. If you want a taste of Lewis and his writings broken down more by topic, this is a great place to start!

---

### **Lotte says**

This is my favorite collection of C. S. Lewis. I have read it several times. All but scripture to me . . .

---

### **Mark Nenadov says**

An enjoyable read. It's basically a collection of short excerpted essays from a pretty good cross-section of Lewis' work. Apart from actually having to read the 13 or so books represented here, this is probably a good way to benefit from (and get the basic drift of) the thought of C.S. Lewis.

---

### **Jaclyn says**

i especially like the excerpts from Mere Christianity.

---

### **Kari Trumbo says**

This book was like water for my soul. As I read it, I wanted more and more. This book takes themes from many of Lewis' books and gives a small taste of what he had to say. I now want to read much more.

---

## **Becky says**

So far this book is really great. It just gives small passages from CS Lewis' works. It is a nice way to hear about Christianity. He has a really great way of getting a point across simply and poignantly. I would highly recommend it. Not hard to get through. A pretty quick read. I already feel like I want/should read it again and highlight.

I think I will be reading this again. I still think about some passages after the fact. I think that's a good sign.

---

## **Jim says**

Cut me a break!

---

## **Janie says**

this book is a compilation of lewis' books and correspondences - in morsels. i've always been intrigued by lewis since the beginning of my bibliophile days, way back when narnia was a subjective visual experience, lest you saw the bbc version on public stations or rented vhs tapes, then the b-rate stuffy brown cat suit, they dare to call aslan and whiny buckedtooth lucy was the only exposure one may have had to experience this wonderful author. and that, would be a great injustice to this creative, intellectual, thoughtful, deep, kind, compassionate man. but i digress....

this book contains excerpts from the narnia collection, four loves, screwtape letters, mere christianity, and personal letters (mostly to malcolm, his step-son, i think) and then some. all very thoughtful and touching.

i've been reading this book off and on (since 1996). but recently, i've been using this book as a devotional and found it a gem to wake up to in the morning. i have a feeling that lewis is someone i'd like to just sit and shoot the breeze with. someone i would have liked to have known as a friend.

---

## **Emma says**

Pretty good but just excerpts from other of Lewis' books.

---

## **Lindsay says**

Not my cup of tea.

---

## **Jane says**

Trying to read just one or two each night to make it last, but the selections are too compelling . . .

---

## **Julie Reed says**

This book compiles some of the greatest musings of C.S. Lewis. If you are a spiritual person like me, you will like it. He's deep and challenging and he always grows my brain. :)

---

## **Summer says**

I loved this book. It's little snippets of thought from C.S. Lewis other works. After reading each one I had to smile and let all the great points seep into my pores. Would recommend it to any Christian. :) It was a joy to read. This was one wise man.

---

## **Larissa says**

Highly recommend it!

---

## **Wdmoor says**

A wonderful way to start your day with a cup of tea or coffee

---

## **Pat says**

I hold dual citizenship in Narnia. Another anthology. I haven't touched these books for a long time. Reading CSL introduced me to lots of beautiful ideas and works and hard questions. Most of all to the possibility that I was wrong about God. I'll read this stuff again one day, after some distance and learning.

---

## **Tim Baumgartner says**

This book reminds me of a fruit salad--my taste buds are enhanced through the variety of fruit that is included. C.S. Lewis' "Readings for Meditation and Reflection" is just that in literary form--a collection of the highlights of his major works. They are all in 'bite-sized' form and can be read daily as a devotional to activate the title. This book includes excerpts from Mere Christianity, The Problem of Pain, Miracles, The Screwtape Letters, The Four Loves, The Great Divorce, Letters to Malcolm, etc. Well, don't just take my word for it, get to reading!!!

---

**Amy says**

Inspirational and thoughtful reflections! Great way to begin or end your day.

---

**Rachel Gregory says**

C.S. Lewis is absolutely brilliant!
