Running with Rebels Adam Nicholls

This isn't living. We're simply surviving.

Six weeks have passed since Blake Salinger became a target. His friends and family surround him, support him, help him to survive. But that may not be enough.

Pushing their limits each day, the Salingers and their friends are constantly running from The Agency—a corrupt organisation specialising in assassination.

When a face from the past returns, they find everything they have worked for is in jeopardy. Together, they must fight to evade the man's clutches while struggling to locate a missing companion... and the love of Blake's life.

But the boundaries of their trust are fading, and horrifying secrets emerge from their past. Blake must choose between his friends, or running alone.

While the men hunt him from the shadows.

Awesome! Great book 2!

Here we are in the thick of things, and Blake is still in the dark, so to speak. Val, Jackie, and Robbie are trying to take down The Agency, and I am so looking forward to the final book! After Rachel ran off, she had the gall to say the person she thought should've saved her never came for her! How the hell was Blake supposed to know where she was taken?? Other than that one ridiculous sentence, it was a very awesome story, and now to finish with book three!

OMG!! Dead Ties was a heart stopper!!

Dead Ties, Bloodline Book 2, takes the reader on a wild, heart stopping ride. A can't put down, until the very end. Hope for the good guys to get their loved ones back, and the bad guys to get what they deserve! Me?? I'm off to read Book 3!!
Happy reading!!

Kindle Unlimited, don't remember offhand why pulled this on ku, may have been listed on my freebie sites and came to check it out so flagged it.

01: The Devil in the Detail 02: Captivity 03: The Salingers #1 – Keeping with Killers 04: The Salingers #2 – Running with Rebels 05: The Salingers #3 – Living with Liars 06: The Salingers #4 – Fighting with Fire 07: The Chase 08: Mason Black #1 – Hush 09: Mason Black #2 – Lady Luck 10: Mason Black #3 – Ruin 11: Mason Black #4 – Buried 12: Mason Black #5 – Blood Sport 13: Evie Black #1 – Black Out 14: Evie Black #2 – Black Widow 15: Evie Black #3 – Black Magic -- this included the 4 set of the Salingers, Mason Black 5 set, Evie Black 3 set, and according to the writer this collection is everything in one set.

Third, 4th, 5th and 6th in the set above. These are about prequel {#4} to everything, #1 is about unknowing people, The Agency, and father's murder, and everything else being all messed up. #2 us about 6 weeks later and still being a target and a missing companion. #3 Can he or they bring down the Agency but at what cost. THIS IS #2 of the 4, see above for collection order.

Dead Ties - Bloodline Series Bk 2 - Written by Adam Nicholls
Can you trust even your best friend, or is he your best friend?????

Each day Blake spends on the run is a fight for survival. With a corrupt government agency, a familiar enemy, and the LAPD breathing down his neck, it's only a matter of time until he's captured or killed. But he's not alone. An unlikely team helps Blake discover a weak spot in their enemy's defenses, and together they plot to exploit it. In a race against the clock, their only chance is to regroup and take action, before their luck finally runs out. The plot thickens with even more espionage, conspiracies, and gunplay than its predecessor. Each page throws a new wrench in the works, keeping you on your toes from surprising start to nerve-racking finish.

What did I like? This continues on from book one, Clean Kill and it is even more gut-wrenching than the first book. I really love the writing style of this author and I can't wait to get to book three.

What will you like? If you thought the drama was high in book one wait till you get to this one. Wow, murder, espionage, conspiracies, danger, and all grabbing you by the back of your neck to know what will happen next. I was so involved that I read these back to back and was so sorry when it ended. I received this from the author for an honest review with no other compensation.

Gotta at least visit LA

Liked plot, but changing location to Los Angeles, total mistake. Never that cold there. Feeling the climates big part of my reading escape.

Barb VanderWel says

I love this & I can't wait for more.
I will be also leaving a review on Goodreads @ Amazon.
And letting everyone know about it.
So i gave it a 5 Stars.
