**Target** Stephen Hunter

**Walter Lloyd.** Middle-American. Easy-going Texan. Soon to face the biggest test of his life when his past comes to haunt him with a vengeance.

**Donna Lloyd.** Housewife. Kidnapping victim. She'd do anything for her family. Now she'll learn that they'll do anything for her.

**Chris Lloyd.** Twenty years old, he thought he knew the old man inside and out. Now, hunted by hit-men and mysterious agents across the face of Europe, he'll discover who and what his father really is...

## **From Reader Review Target for online ebook**

### **Azriel says**

An okay potboiler that Hunter did on spec in his early days. Like the movie it is based on the plot is twisty but the thrills limited. Still, he is surprisingly effective in tying it into his own universe, having the main character be a disciple of Frenchy Short. Good for a read, but even a completionist shouldn't pay above market price for the rare copy.

---

### **Stephen says**

The book of the film but better than the film. I no longer have a copy of this book but I wish I still did.

Come of the characters who later appear in Stephen Hunter books are mentioned.
