Debra Torgerson says

It is not our faith it is Jesus faith working in us.

I would recommend this book to anyone that wants to see the supernatural happen in their life. We question why we don't see the bible miracles working in the church. This may answer that for you. You too will decide do I believe the word or do I believe my senses: sight, smell, hearing, touch. I do believe we are in a time in history that we do need to be able to walk by faith and not sight. To be able to demonstrate the power that is in each of us through Christ. People are searching for the supernatural and God's Church should have the answer . Read this book and be encouraged to start and challenged. Faith in Jesus's faith in us. Belief that goes beyond our senses and to the God of The miraculous. Let's head toward the supernatural being the natural in our lives. I know I Want To. This book may be the start in understanding the how's and the why's. Enjoy.

Wow!

This book has taught me more than I can even explain. As I read, I processed what I read, trying to absorb the lesson. I'm so grateful for this book and highly recommend it no matter where you are on the path of faith.

Joshua Cannon says

Outstanding book! It cuts through all the confusion and rhetoric surrounding the powerlessness of religion in the West.

Michael L. Brinkley says

Life changing

A very biblically structured book on faith. It teaches what true biblical faith is and how simply taking God at His Word opens the door to advancing His kingdom in the power of the Holy Spirit. This is not supernatural faith for the elite followers of Christ but what is available to all who believe (Ephesians 1:15-23)

Wonderful word about faith and the supernatural in our lives; I've read other like books and enjoy each one for a hungry soul can take away sweet nuggets of manna that will carry through decades of time and this book is truly a worthwhile read as a useful tool in developing a Christ-likeness in your life encouraging and challenging you to be more fruitful toward the supernatural from the guiding light of a talented and anointed author giving insight on true Christianity and faith.

Loved this book. Dr. Bridges reminds us in it that we don't need "more faith". God has already given us all faith to believe. We simply need to believe the right One, our Creator God. You will love this book from beginning to end.
