I'm in love with a dead woman.

### **Nadia says**

This book is focused more on Hepburn's image rather than her actual life. That said, there are many nice photos, but I think they could have omitted some of the film posters.

### **Laura says**

Gorgeous eye candy! But if you're looking for more biographical information, then "Audrey Hepburn: an elegant spirit" written by her son (Sean Hepburn Ferrer) is a better pick.
