Michael Eric Dyson

Can You Hear Me Now?: The Inspiration, Wisdom, and Insight of Michael Eric Dyson Michael Eric Dyson

Over the last 20 years, Michael Eric Dyson has become one of America's most visible--and quotable--public intellectuals. Whether in his sixteen books, or in countless newspapers, television and radio appearances, or on stages, podiums, and pulpits across the world, Dyson has spun an enchanting web of words that has caught the attention of the masses and elites alike. He has weighed in on a myriad array of topics - from faith to fatherhood, and from race to sex, as well as sports, manhood, gender, music, leadership, politics, language, love, justice, literature, suffering, death, hope, relationships and much, much more. *Can You Hear Me Now?*, offers a sampling of Dyson's sharp wit, profound thought, and edifying eloquence on the enduring problems of humanity, from love to justice, and the latest topics of the day, including race and the presidency. It is both revealing and relevant, and at once thoughtful provoking and uplifting. Whether he is writing about Jay-Z or Barack Obama, addressing racial catastrophes or opportunities, or speaking about religion or the felicities of King's rhetoric, Dyson's intellect shines with insight and inspiration.

Can You Hear Me Now? captures Dyson's incredible facility with words, and his prodigious intelligence, at a time when he has gained greater fame as a public intellectual, university professor, best-selling author, and most recently, as one of the first prominent blacks to endorse President Barack Obama. The time is ripe for his wit, wisdom and worldview, and this book is Dyson's most accessible compendium of thinking on a broad range of topics that haunt and shape the nation.

Keigan says

I think the title says it all "the inspiration,wisdom and insight of Micheal Eric Dyson" Dr dyson really understands the art of telling the truth with compassion he is intellectually grip and challenging.

Derek says

Great book- Love this "Brotha"!!!

Kimberly A. RIce says

Excellent Book! I loved it!

Brian TramueL says

Great compilation of Dyson's "Truths" ... hammering out basic principles, effectively communicated in a thought provoking way.

Danielle E Crooks says

A great reflection of African-American history, society & culture

Dyson so eloquently describes the black experience in America while challenging the views of race and class in his book Can You Hear Me Now. It is a quintessential read for all people and generations.

Jasmyne Rogers says

Currently reading Can You Hear Me Now?. I really enjoy Dyson's views on different principles that affect the African American community as a whole such as Obama, faith and spirit, love and relationships, and Hip Hop and Youth culture just to name a few. Many favorable quotes that impacts your reality and demands you to take initiative and become proactive concerning the progress of the African diaspora.

Henry Lee says

Mr Dyson is about excellence...he continuously demonstrates he has an obligation to be smart he can

Cheryl Durham says

Very insightful and inspirational. Needed a change of pace....and I was glad to select this book for that change.

Michael says

This is a collection of little more than paragraphs on a variety of topics ranging from race, sexuality, violence, homosexuality, gender and more. They were helpful to me on stirring me to think on these topics and to remind myself of some of the brilliant ways the author encapsulates the issues and ideas raised around these topics. I found it a good read to kick off the new year.

Brittany White says

So far, this is a very informational book.

Aurora says

This book reminded me how much mental stimulation and energy I get from a man's thoughts. While I didn't agree with everything I read within the pages of this book, I appreciated how thoughts were communicated in quiet power. It was one of those books I didn't want to finish, because it was like talking with your favorite relative who cherishes you for who you are, and has something important to share with you, with the hope to leave you better than you were before.

Joe T. says

If you like MED and you like quotes, this is your book.

Stephanie Cohen says

some good points
