Christmas Love Alathea Wright

It's another Christmas Eve for roommates, colleagues, and eternal bickering partners, Lana and Cole. Yet it's not the same as the previous years, because there is something heavy in the air, charged with electricity and pent-up emotions.

Something happened the previous night, something that could change their relationship and make this Christmas Eve the most special and memorable of them all.

Donna Porter says

Really nice short story and easy to read.

Arlene says

Rant Warning

Okay, just because Lana and Cole decorate a Christmas tree for all but 10 minutes and then spend the rest of the story rolling around and under said tree... a Christmas story this does NOT make. Ugh! So disappointed.

I wanted to know more about these two characters. What was he protecting her from? How did they meet? Why were they spending Christmas together? Back-story, some story, any story... Please!

Oh and for the record, when you declare your undenyng love to a girl on Christmas day and tell her she's all you've ever dreamed of and can't imagine life without her... then give her a small black velvet box with a Jewelers insignia on it... OMFG! There better be a ring in the box and NOT ear decorations!! That's just HARSH! ~sigh~ Okay this book was free, so I guess it's unfair to expect much, but really! EARINGS???? I hope they were at least a carat each. Sorry excuse for a Christmas story. :/

Mirena says

Pretty good for a short story

Kimberly says

Not much story. Just sex. I would have rather read about the story of the 5 years and what led up to the romance. The makings of a great story were ignored for porn.

Tabatha says

I wanted so much more from this story with these characters. Yeah it was steamy and I liked that, but I wanted to know more about them.

Kbee says

40 something pages. Verry quick read (lol).

He wants her...She wants him...they get what they want for Christmas.

Sexy book but would not call it an erotica I thought it was just plain sexy..

Doina Condrea says

Christmas love indeed.

Cai says

Lana and Cole are colleagues and roommates who by the sounds of this short story, it's unbelievable that they hadn't hooked up before now.

I feel that since 50 Shades of Grey, every Tom, Dick and Harry try and have a go at writing erotic fiction and fail miserably. The story was hard to follow at times, same words were used continuously and it was not a Christmas story by any stretch. It was also horribly cliched and I felt it was quite amateur.

Karla says

Short, hot, free read

Shiela says

To short, not really my thing.

Karla Joy says

If you like Christmas smut, it's right up your alley. I will pass.

~Sara~ says

For a short story, this was really good. The characters are developed enough to feel real, which is lacking in a lot of short stories. There are just enough hints about the past that you can figure out what's going on without a lot of details but I would've liked it if this were full length, since the hints were really just a tease. I'm curious to learn more about Cole's work and the previous kidnapping and, like in any romantic suspense, I want them to defeat the bad guys together before their happily ever after. I guess I can always use my imagination! :)
