La continuación del North Side, donde veremos otras ilustraciones de obras menos conocidas de CLAMP, muy bellas y detalladas, que servirán para conocer más ampliamente la trayectoria y obras de estas grandes artistas.

I loved this book! CLAMP art~! In color. What more could you ask for?

I love this art book! It looks like mostly water colours and coloured pencils to my uneducated art critic eye. Lovely, soft colours. Vivid, energetic, detailed splash art.

Here's the feather in my cap for finding this book tossed in a pile of others in a downtown Toronto book store: There is a HUGE chunk of pages devoted to splash art, full-page size, for one of my favourite--and usually ignored--CLAMP manga: Suki: A Like Story. Imagine my delighted shock.

There are a few pages of art for Tokyo Babylon (Subaru and his sister, none with his cruel lover, alas) and Legal Drug: my two other favourites. But the big treat was the huge section for Suki.

Could be improved with a little bit of text, me thinks. Only because I am a word worshipper.

Beautiful artwork from many different works by CLAMP. I was hoping there's be more pictures from Wish, though, as it's one of my absolute favourite CLAMP works...

Jessica says

This is a lot of beautiful artwork from Clamp and are pretty amazing to look through. I'm not sure what they mean when they say South Side though. It must have something to do with who worked on the books I guess.
