deeper review coming more for the whole serie, it was great.....

Oron says

Well...It's done.

It wasn't the best of the series - but it was a worthy conclusion.

I'm not interested in spoiling the plot - I'll just say the pretty much everything is tied up (some seems rush, in my opinion). The five stars is given to the entire series - it encapsulate everything there is to like about superheroes into a hugh, bold, interesting and now completed package.

This series is a must-read for superheros fans.

I had a blast, and until a re-read marathon sometime in the unknown future - farewell Invincible. It's been a great ride.

<3

Koen Claeys says

The end. This series read like 'the best of superhero tropes' but still succeeded in remaining something completely unique with top notch artwork for 140 issues. Respect !

Morgan says

This is the final Ultimate volume for Invincible. I really liked it and it was a fun ride. I didn't want it to end though. Kind of want a spin-off about Terra, but kind of don't want to ruin the moment. I loved the fact Mark FINALLY got married. I liked the epic battle scene in the sun too. I like how the art improved so much since the first volume and the characters got more developed too. Maybe someday I'll try to tackle the Walking Dead...

Mario Mikon says

The only problem with this series is that I wanted more.

Terra is awesome. XD

Jonathan says

An incredible conclusion to an incredible comic book series. READ ALL THE VOLUMES!!!!!!
