Montana Woman Rosanne Bittner

IN A NATION DIVIDED, ONE WOMAN WOULD CONQUER THE LAND WITH UNBRIDLED SPIRIT

The cruel tides of the Civil War leave young Joline Masters widowed, with a vast Kansas farm to manage on her own. She learns to accept her loneliness, and she's not afraid of hard work --- but then a bloody massacre strips her of everything but the hunger for a better life. She vows to leave her past behind and claim a new home in the majestic land that lies wild and untouched: Montana.

Only a strong woman can survive in Montana's mountains --- and only one man believes in Jo's bold dreams. Clint Reeves, a mountain man with a wounded heart, longs to bury terrifying memories of tragic loss and make a fresh start with the woman whose courage mirrors his own. But though they share a pioneering spirit that helped build a nation, they must struggle to forge a bond of passion and desire that can withstand the test of time --- and the challenge of taming a savage land.

This is my favorite book of all time. ALL TIME! Any genre. Jo is the best heroine ever written. Seriously. She is independent in a time where practically all women took a man, for love or not. Clint is the ultimate man. Takes care of everyone except himself. The slow burn love between the two is so well written, so believable and so incredibly romantic, words can not explain! The way they love each other is so beautiful, it makes me so happy! I have read this book at least 8 times and every time, I am swept away by the FEELING it evokes inside me. You are transported to the Oregon trail, Montana and into the hearts of both characters. Simply the most perfect book ever written.

Dale says

This book takes you to a land that you fall in love with. These characters stay with you long after you finish reading.

Jean Diskin says

Loved, loved, loved this book! Great story! I couldn't put it down. Loved the history part too.

Stephanie Jenkins Ortiz Cerrillo says

Another great read by Rosanne Bittner. I do believe that Jo Masters may be my favorite Female character in a Bittner book so far. I just want to know more about Jo and Clint and their Montana ranch. A must read.

A Beautiful Story

Montana Woman will grab your attention from the first chapter till the last. The story of Jo and Clint, the struggles, the triumphs, vividly described land, so easy to picture it in your mind. My first novel by Rosanne Bittner, but definitely not the last.

As always a wonderful book by Rosanne Bittner. I read this book about 20 years ago and enjoyed it then too. Love her books!

Shirl says

Great story! Strong woman character for back in the 1860's. Love her independence and her strong will to make it on her own in a rough mans world, especially in those early times.

The story never stopped and I couldn't stop turning the pages.

Tonya Lucas says

A strong woman with an even stronger passion. Not to be missed.

Veda says

Strong willed woman, a man that is running from his past, and going west. Let the adventure start. This book is set in an area of Montana that I am very familiar with, so that made it even better because I knew where Jo was homesteading. Going from the terrors of the civil war to the wilderness of Montana. What could go wrong or right.

The research put into this book, shows how much Rosanne Bittner wants her readers to understand the hardships of travel, and living conditions, and the wild west. And then the relationships that happen, while getting through the the tough times and easy times. And then there is love, all different types of love and all of them are in this book.

There were lots of little twists and turns in this book I wasn't prepared for. But I felt like I was there through all of them. I felt the fear, loneliness, being tired, the joy, and of course the love.

Montana Womam

A very chatty book. Too much description and the booked meanders on and on through the wagon train and the everyday life with little action. I know this is an older book released in digital form as new. The storyline had great possibilities....it just wandered too much.

Marlene says

Amazing story! I can't say enough about this author and her imagination. This book had me riveted to the story and the strong woman that was depicted as the Montana Woman. Heartache as the loss of her husband and father to the Civil War; home lost to raiders; nothing left so she travels to a new lawless land.

Fascinating story that could make me smile and then I cried. Emotional roller-coaster read and then it ended. Loved every minute of it.

david smith david is my husband and i cant get him to read a book because he is too busy taking care of me. im pretty much bed ridden . hope to change says

As always Rosanna bittner has a winner waiting for next books,I think she is my favorite Arthur.

Great store couldn't put it down .right now I'm having to listen to the books ,will have cataract surgery in January. I wish they had Texas narrators.the people doing the narration can't speak the Texas language.they can't even say sh hh or toss .we have our own language in Texas.?

Une bouleversante histoire. J'ai réellement adoré !

Une aventure. Une histoire d'amour. Une cruelle histoire entre Indiens et les blancs.

Jo est un personnage hors du commun. Très débrouillarde malgré tous les malheurs qui lui tombe sur le dos. Veuve et maintenant orphelin elle s'occupe de la ferme que lui ont laissés son père et son mari en partant à la guerre. La vie dans ce roman est vraiment différente des beaux salons Londonien on est vraiment en Amérique à l'époque. Et c'est super plaisant. Une belle ambiance !

Elle va faire la rencontre de Clint Reeves, veuf lui aussi. Il était parti il ya peu de temps avec la fille d'un des ... Commerçant je crois, de la ville où habite Jo. Il revient pour lui annoncer sa mort ainsi que de celle de son petit fils, mort tué par de Indiens.

Je crois qu'en ce moment je suis fan des héros au passé vraiment bouleversant, ce qu'il a dû faire est vraiment horrible et j'ai mieux compris le fait qu'il ne puisse pas faire son deuil correctement.

Jo et lui vont tout de suite être attiré l'un par l'autre. C'est un véritable plaisir de les voir se parler tous les deux.

Tout se déclenche quand des bandits viennent saccager la ville où habite Jo et Clint va être d'une grande aide à Jo qui sera assez bouleversé de ce qu'elle vient de vivre. Ce livre ne nous épargne pas de détails sanglant. De la chasse au détail des conséquences d'une balle dans la tête.

S'en suit alors une aventure assez unique. Jo demande à Clint de l'emmener jusqu'à Montana. Clint est au début assez retissant mais étant sous le charme de cette jeune femme indépendante et courageuse il va accepter. La romance se met doucement en place. Aucun frustration, tout va doucement. Il s'attire l'auteur nous le fait sentir et puis vient un premier baiser. E un deuxième ... Mais tout ça au bout d'un petit moment.

L'atmosphère du livre est tout ce que j'aime dans le genre romance Indienne, on imagine parfaitement les décors, les Indiens, les gens qui entourent les deux héros.

L'histoire n'épargne aucun personnage. La mort r^de constamment, les conséquences de la guerre, les bandits et les Indiens gentil ou pas.

J'ai eu un coup de cœur pour Loup Jaune, allai savoir pourquoi. J'ai adoré son personnage ! Très charismatique malgré le fait qu'il ne parle pas beaucoup.

Et puis à ma grande surprise, Morrow. Il paraît beau mais assez torturé et ne fait en aucun cas partie des gentils après ce qu'il a fait à Jo mais ... Je sais pas ...

Outre ça, Jo est une héroïne que moi-même j'ai beaucoup admirée. Mais quel courage ! Je pense que des femmes comme ça il n'y en a pas beaucoup. Qui tue des animaux féroce, survit à la fièvre ... Très belle histoire !

Seul bémol extrêmement personnelle : Les scènes avec la chasse, les animaux empaillés ou autre ... J'ai pas trop aimé !

It is very seldom that I wish a book would be made into a movie, but this would make a fantastic movie. Just the story of a woman wanting to prove first to herself then to others that she is capable of not only surviving in a hostile wilderness but also succeeding. What a story of courage, fortitude, and the ability to look to the future and fight for what she wants. This is the story of Jo Masters. Yes, it is also a love story between two broken people who finally find love again (no spoilers so no details) but the main story is Jo's travel to the wilds of Montana and her ability to cope with everything that is thrown at her, especially her old nemesis. I could go on and on and on about this book but I do not want to spoil it for anyone. Let me end this review by saying if you don't read this book, you will have missed one of the best books of this lifetime. And to Roseanne Bittner, thank you for your imagination and your writing which took me to another time and another place and made my heart cry and smile for a while. I will be reading more of your books. Again, thank you Roseanne Bittner.

Sur un fond de guerre de sécession, de guerre contre les indiens et de conquête de l'ouest, cette romance nous donne une excellente leçon de vie et de tolérance ! Je ne cherche jamais d'attrait "psychologique" dans les A&P (ce n'est pas ce que je leur demande non plus) mais j'ai trouvé l'histoire d'amour magnifique et une héroïne extraordinaire qui m'a fait penser à Caitlin dans La vallée des larmes de Sonia Marmen. Elle est forte, indépendante et d'une compréhension qui la rendent vraiment hors du commun. Le passé de Clint est horrible et va l'empêcher de ressentir des sentiments trop forts pour Jo. C'est poignant de les voir se retenir de se tomber dans les bras l'un de l'autre.

Il y a quelques petites longueurs pendant la traversée qui ont un peu ralenti ma lecture, c'est pour cela que je ne mettrais que 4 étoiles mais rien de méchants.

Une lecture riche en émotions avec des personnages qui méritent leur statut de héros !
