This is Book 1 of the 'Sweet Savagery' series by Katelyn Skye.

Jessica Savage agrees to spend a weekend at the summer home of her boyfriend Todd's family but, once there, the regular girl realizes just how unwanted she is by the ultra-rich, ultra-snobby Eldermore tribe.

After Todd abandons her for the day so he can play golf and spend time with a woman his family deems far more suitable Jessica ends up on the back of a motorcycle with his black sheep cousin, the devastatingly handsome Sebastian. It's a ride she will never forget as Sebastian leads her down a path filled with sexual adventure and passion.

This series is a contemporary, featuring a billionaire artist, alpha male bachelor.

This ebook contains very hot and explicit descriptions of romantic activity. Only mature readers should download this book.

This short first installment(?) wasn't too bad for a free book. The blurb pretty much says everything you need to know. The reason I gave it 2 instead of 3 stars was the author's choice of words.

Some of the descriptions in the book took it from sexy to kinda gross. A few examples:

- '...her jeans chafed against the delicate saddle of flesh between her thighs.' Yes, 'saddle of flesh'.
- The H's cowper's fluid (didn't know if the other name would be acceptable in this site) is described as oily.
- '...her sticky juices gushed out...'

Saddle, oily, sticky? Come on! Yuck! That doesn't include the scene were the h's panty gives her a wedgie and she wonders if it is an appropriate time to remedy the situation. Now, in a humorous book that could be funny, but here it just didn't sound right.

The descriptions made me wonder of the characters might not have some medical problems. So not hot.

Quick read

This book is about a girl who is in a relationship with a wealthy man who's family is very accepting of her so they fix him up with others right in front of her. In walks her boyfriend's cousin things change quickly.

Passion

Jessica finds herself in a relationship with quite a different man when he finds her in the company of his cousin, being accused of gold digging and roughly treated she leaves with Sebastian. After giving her time to heal he comes back into her life to fill it with the passion she deserves.

Christine says

It wasn't bad just the sex was so mechanical. I think I would read the other books in the series if they weren't \$3.99. Not sure if I am willing to pay and take a chance on the other books in the series.

Renee Howell says

This was a well written short. I generally do not enjoy short books because of all the things they seem to lack like character development, plot and an unnecessary cliff hanger. This wasn't so bad I liked it but I think there could have been more done with the story. Doubt I will be reading the next in the series.

Sheryl says

I like this story... It's good... I like Jessica and Sebastian.. She deserves to be with a guy who knows how to please a woman... And it's a good thing that she dumped Todd..

Can't wait to read the second book...
