## **Spencer Cohen, Book Two** N.R. Walker

Finally going from fake-boyfriends to the real thing, Spencer Cohen and Andrew Landon are trying to take things slow. They know what they have could be something special and despite the flammable sexual tension, they don't want to crash and burn.

Spencer is learning to open up, sharing the secrets of his past with Andrew. Afraid to put his heart on the line, yet seemingly unable to stop it, Spencer knows he's falling in love with him. Andrew is petrified of leaping in blindly, yet it seems the slower they go, the faster they fall.

As they navigate their new relationship, Spencer worries Andrew will freak out when he takes on a new client. But it's not a normal case and Spencer soon realises things are not what they seem. When things take a downward turn and they work together to help the client, Spencer and Andrew need to decide if they're ready for the next step.

N.R. Walker can deliver sequels like no body's business! She is the only author I'll break my "No Reading Until All Books Released Rule". Why?

#1. She releases her sequels within weeks.

(And most importantly)

#2. She doesn't rely on cliffhangers to hook us into coming back. Her writing speaks for itself and makes her readers eager for more. I firmly believe that The Spencer Cohen Series will be up there with The Red Dirt Heart Series.

Anyhoo, Spencer Cohen Book 2 starts right where the first book leaves off. Andrew has made his decision knowing that there are many things still left to discuss. Spencer's past, Spencer's job- how will these things affect their budding romance? In typical NR fashion, these topics were handled flawlessly. The perfect blend of angst and romance. I also appreciated how realistically some of the events in the story were handled. Spencer and Andrew were devoted to making their relationship work. I can't express enough how much I appreciate there not being any silly, immature drama.

I know the question many wonder: is there any steam in this installment? Yes, and it is just as sexy and romantic as we knew it would be.

All in all, this was another winner from this author. I've said before, and I'll say it again- her books are like chicken soup for the soul. 4.5 Stars.

◆\*Arianna◆\* says

4 Stars!!

This second installment in the series was even better than the first one. Sweet and heartwarming, it picks up right where the first installment ended. Spencer met Andrew working as a boyfriend for hire when his task was to help the other man win back his fiancée. But everything changed for these two when they realized they want each other. Now, Spencer and Andrew are no longer pretending to be boyfriends. They became real looking forward to know each other better.

*“I’d spent years not allowing myself to feel anything, and then this guy from the cover of Sexiest Geek Alive knocked me on my arse.”*

Spencer learns how to open up with the other man. We find out what happened with him years ago and why he doesn’t speak with his family. He had kept himself at a distance from any kind of relationship trying to protect his heart, but Andrew slowly breaks all his emotional walls. Being patient and understanding, Andrew becomes everything Spencer always wanted and needed. Andrew also realizes how good Spencer is for him, how he gets him, how good he makes him feel in his own skin.

*“When he left I was missing something. I wanted something, I just didn’t know what it was. But it was never Eli. God, you made me realize he didn’t know the first thing about me.”*

I really enjoyed this second book in the series. The characters’ development was fantastically done and once again I fell in love with these two guys. Both of them were genuine and endearing. I really sympathize with Spencer. His past was so sad, so I’m glad he found Andrew who eventually made him realize that he’s lovable and wonderful exactly like he is. Andrew was as awesome as Spencer. Intelligent, talented, funny he is the perfect man for Spencer. He gives him exactly what he needs, being sweet and caring and so thoughtful.

I really liked these two guys individually, but together were simply wonderful. They melt me into a puddle of goo. They were so cute together. And they really made me smile. I enjoyed their interactions and the honesty between them.

*“He brushed his lips against mine, almost but not quite, and I thought my knees would buckle. My heart was pounding so loud I think he could hear it. Then he touched his bottom lip to mine before pulling back just a fraction. My breath hitched, and he smiled. “My favourite part is the almost-kiss,” he whispered. “It’s intoxicating.”*

This second installment is steamier than the first, which obviously I loved. These two were so sexy and adorable together and the tenderness between them was heartwarming. As Spencer, I most definitely enjoyed Andrew's new side. Sexy and demanding at times the man definitely knew what he wanted.

The supporting characters were again fantastic. I enjoyed the dynamic between them, the familiarity and the banter. Really entertaining.

Overall this was a really great read and I'm looking forward to read the third and final installment!

---

### **? Jaela ? Killer ? QUEEN says**

2-3 stars.

I kinda liked the first one more. This felt a little bit off. There were many eye rolls (from my side). Too many clichés. It was sweet, maybe too sweet for my tastes.

There's nothing extraordinary in Andrew and Spencer's relationship, although there's a development, but it doesn't feel very natural.

I'll read the last book only because I don't want to leave the series incomplete.

### **Mirjana **\*\*DTR - Down to Read\*\*** says**

**\*\*\*4.25 Stars\*\*\***

And without my consent, with my defenses in ruins, while my brain was sleeping, my stupid heart went and fell headfirst into love.

What a great second part to Spencer and Andrew's story!

Book two picks up right where the previous book left off.

Andrew and Spencer have shared their feelings for each other and are looking forward to what may come. And what may come is that they've decided to "officially date." Eli is out of the picture and Spencer has poured his heart out to Andrew....time to move this party into the bedroom.

But wait...since both have had relationship issues in the past...Andrew picks the wrong guys and moves too fast and Spencer has some serious shields up and doesn't do serious relationships....they've decided to implement the "slow down" plan. Which means no penetrative sex....but oh boy, that leaves plenty of other

stuff on the table!

But with all the fun they're having with everything else....the intense sexual tension just keeps building and building to the main event. I don't know who was getting more antsy...me or them?!

This book had way more steam than the first, but none of it was throwaway gratuitous sex. It really reminds you what the beginning stages of a relationship are like....hearing your text notification and having it put a smile on your face, your cell phone ringing and immediate butterflies in your stomach, opening your door and being greeted by the sweetest and most promising "hello" kiss....you get the picture. And then the best part of all...the "I can't keep my hands off of you and want to jump you every chance I can" shot of pure lust that takes over your mind and body when you're with a person that you have an amazing connection with.

Spencer and Andrew are the perfect combination of sweet and sexy. Seeing Spencer's vulnerability tugs at the heartstrings and I love how Andrew reminds him, sometimes without words, how much he means to him.

The sub-plot having to do with Spencer's new client was intriguing but felt a bit misplaced. It added an element of sadness and seriousness that took away from the charm of this installment.

Overall a great continuation to Andrew and Spencer's story and I can't wait to see where we conclude. I'll say it again, N.R. Walker writes some of the best characters that you can't help but fall in love with and root for.

---

## **Judith says**

**\*\*\*The first book was sweet,this was just as sweet,but with the steam we've all been waiting for.Spencer and Andrew are right up there with my favourite M/M couples\*\*\***

I normally like my Man on Man action to be really graphic and dirty and this series isn't,but I just love these two.

At the end of book one all they had done was kiss but the expectation of something more was there and this definitely delivered.

The writing is perfect,

The Characters are so damn adorable,

The Author perfectly combines sweet and sexy.I loved watching their relationship grow.

Andrew.....you dirty boy.I loved him being bossy in the bedroom.

Great side story with one of Spencer's client's as well.

And I've got to mention that Spencer is Australian...that accent definitely does it for me.

I've got a few M/M series that I love and this is definitely one of them.

*"This is the life I was supposed to live. Here, right now, in your bed with you."*

Just perfect....

---

### **Catherine says**

**\*\*\* 3.5 Stars \*\*\***

With plenty of smex and feels, this story is really about Spencer and Andrew building their relationship together. And it's fun. And sweet. And made me blush a time or two. Clearly, I enjoyed it, but I'm not entirely sure that it had enough substance to stand on its own; I feel like it could have been condensed and combined with Book 1 in the series to make a kickass standalone novel. I honestly don't know that Walker's left herself enough of a character or plot arc to make Book 3 in the series a stand out.

---

### **Renée says**

4.5 stars!

This is Walker perfection! It was so worth the wait, and was even better than the first!

*"...you have a dirty mouth."*

*"It's always the quiet ones."*

Book 2 picks up right where Book 1 left off, and I mean **RIGHT** where it left off. Spencer is all vulnerable and still embarrassed about his drunken confession, and Andrew is so sweet and endearing.

This installment was all about the relationship development. I adore books where that's the main focus or **only** focus. These boys are both shy. Andrew because he just recently ended an engagement and Spencer because he is tired of the people he loves stomping all over his heart and throwing it in the puree while they're at it.

We get a lot more insight into this story about Spencer's family and the things they've put him through. And because the MCs are so afraid to ruin what they have by moving too fast.....well, they stumble in this "relationship business."

My favorite part? Their first argument. I am so tired of books with "the big misunderstanding," that when the MCs have an honest-to-God regular argument or disagreement.....I get swoony. It's written so well and resolved realistically, and it was just the **perfect** amount of angst for this book!

Issues are raised - like does Spencer continue to be fake boyfriends with people? Will he continue to possible kiss other people in the future? And how does Andrew deal with jumping right into another relationship after

having just ended his last long-term relationship?

I adored everything about this story! This is possibly one of my favs of this author to date. The only reason it doesn't get 5 stars is because I would've preferred 1 longer novel instead of a serial-style release like it's coming. I can't wait for Book 3!!

For the dirty minds like me, we get **plenty** enough smexy times in this one to make up for the lack of them in Book 1 when they were just friends. And they were HAWT!

---

### **Ele says**

Can I just say that I'm in love with Andrew? Yes, Spencer is the star of the series and, yes, we only get his POV. But man....I'm **a goner for prim and proper, easily embarrassed, bossy in bed, Andrew.**

Also, this Yanni character needs a story. If Walker decided to write a story with a Greek MC....

---

### **Adam says**

I liked it, but not as much as book 1.

Continuing on right where the first book ended, this book is a continuation of Spencer and Andrew's relationship as an actual couple. While it's still a light and easy read, we get more of Spencer's back story this time, which makes for a few sad scenes. But Andrew's there to make it all better, so the fluffy feels are still going strong.

And we've got hot sexin'! NR Walker definitely makes up for the lack of sexytimes in book 1. Considering how shy he is, I loved the idea of Andrew being all bossy in bed.

But I don't know whether this worked so well as a separate book, or at least not as long as it was. It could have easily been condensed and added to either book 1, or published as a shorter story. The side story really didn't seem to serve much purpose, other than to make the book longer.

Overall, I liked book 2 in the Spencer Cohen series, though it could have been tightened quite a lot. Even so, I'm looking forward to reading the last book.

---

### **Barbara? says**

**\*\*4.5 Stars rounded down (only because we don't get Andrew's POV ??)\*\***

I'm still kicking myself for not reading these books sooner. Spencer and Andrew are finally "official". They're navigating through and working things out. There's insecurities and doubts, but both are in 100%.

I freaking love Spencer! He's so swoon-worthy.

*"He was heaven. This was what I wanted. Him. To kiss him like this whenever I wanted."  
"~Spencer*

And he's funny.

*"We're not When Harry Met Sally. We're more like the movie Seven. With the head in the box." He blinked. "Seven?" "Well, okay. Not in the psychopathic-murdering-madmen kind of way but in the unexpected kind of way. Nobody expected the head in the box."~Spencer and Andrew*

We also get our sexy times in this one too so that's a plus ?

---

## **Shile says**

This series just makes me all gooey inside.

Spencer and Andrew...

---

~☆~Doni(ela) ♥ ?? love & semi-colons~☆~ says

~4.25~

## **Sweet and oh so SEXY!**

Unlike in book 1, there's plenty of steamy action here, and it's incredibly hot.

I adore take-charge Andrew and flustered Spencer! These men are just so good together.

The book's main focus is the relationship, with a side plot related to Spencer being hired to look for a man's missing boyfriend (something he doesn't typically do). Spencer's investigation is interesting but doesn't take over the story.

The secondary characters continue to amuse me. I like the banter between Spencer and Lola, and have a soft spot for badass Emilio, who looks 100 percent the mafia boss in a suit. Also, could Andrew's parents be any

more awesome?

**I really love the chemistry and tenderness between Spencer and Andrew. Spencer blames his "stupid brain" for a lot of things, but he is getting it all right.**

Jazz, cookbooks for geeks, tea, toothbrushes: the little things rule the world.

**This one ends with a tentative HEA. The possibility for MORE is wide open.**

I would love to read Gianni's story too.

---

## **Jaime says**

It's Like Christmas Morning!!! Spencer is in Da' House!!! Hell yeah!!!

**5 Fan-freaking-tabulous Stars!! A brilliant follow-up to book 1~ Spencer & Andrew = Twu Wuv**

There is so much I can say about this story, I just don't even know where to start! First, thank you N.R. Walker for **creating and writing this fucking awesome series!!** I love Spencer! I love Andrew!! I love it all!!! I have been waiting for this installment of the series very UNPatiently-- but wow, did you ever deliver!!!

So, this book picks up exactly where book one Spencer Cohen left off, so don't even try to read book two without book one. Besides, why would you want to? I mean, really - go read book one and meet these amazing characters if you haven't already!

Spencer & Andrew spend a lot of time in this book getting to know each other and learning to navigate what being boyfriends means to one another. Spencer has little to go on, so he is winging it - Andrew, he is just afraid he is going to rush it and ruin what is developing between them. It is sweet getting inside their heads and learning more backstory about both of them. It just makes you fall deeper in love with these awesome guys!

Neither Spencer nor Andrew wants to chance ruining what they have and/or complicating it by bringing sex into the equation too soon, so they make an agreement to hold off for a while. It's hilarious watching these two decide what "a while" is however, and they end up agreeing to try and make it to the weekend, then it's on!! Thankfully after amending their "terms" a couple times, the guys finally agree that only (view spoiler) so there is plenty of other ways these two can enjoy themselves!

The passion and chemistry between Spencer and Andrew is epic! They are just drawn to each other:

"I'd never felt this connection. More emotional than physical, the need to show him how I felt was more important than fucking. And in that moment, I understood what it meant to make

love. I'd always thought of it as fucking or sex. The physical need for release, the primal urge to claim and own, to give and receive pleasure. But this was so different. Each movement was tender, timed with his breaths. Each thrust was in sync with my heart, and I held him."

So it's no shock that in addition to their amazing chemistry they have some pretty deep feelings developing between the two

In addition to all the make-out sessions, verbal & physical foreplay, and the other ways these two get to know each other while waiting for Saturday, they also have to navigate the other areas of a relationship such as communication, not shutting each other out, opening up to each other -- oh, and just how does Andrew feel about Spencer continuing his job going on fake dates with people? Well you are going to have to get the book for those answers!! **I.Am.Not.Tellin'** --I cannot wait for book three now and I am sure I might just go into serious "Spencer Withdrawls" while waiting!

The supporting characters in this series just keep getting better and each one uniquely adds something to the story, they are not space filling characters! Lola, Gabe, Emilio, Daniela and even Cindy Crawford all make return appearances in addition to Ricky & Paul, Emilio's cousins, and Mr & Mrs Landon, Andrews Parents. We also get to meet Spencer's latest client, Lance, who is a true twat and especially small-dicked, and Ms. Walker introduces us to a really sweet guy named Gianni. I hope we get Gianni's story in a different series!!

**All in All A HUGE Win for N.R. Walker as she delivers another 5 Star Story.** What are you waiting for? Go get this book....now!!
