The Drake Series Complete Collection S.E. Lund

From USA Today Bestselling Author S. E. Lund:

The Drake Series Complete Collection: Books 1 - 3 of the Drake Series

Drake Morgan, MD, Neurosurgeon, bass player, philanthropist – Dominant. He doesn't do girlfriends, he doesn't do sleepovers, and he certainly doesn't do breakfast in bed the morning after. He has his surgical slate at New York Presbyterian, he has a charitable foundation providing surgical tools to hospitals in Africa, he has his Brit Invasion cover band, Mersey, and he has his secret life as a Dominant in Manhattan's BDSM community. Into bondage, D/s and the occasional dungeon scene, Drake keeps every part of his life separate, the divisions between them neat and tidy. His weeks are filled with surgeries, music and D/s sex, and none of the well-planned and scheduled parts of his life intersect.

That is until Kate McDermott crosses his path and screws everything up. Now, nothing is neat and tidy anymore, for Drake is smitten and things are going to get messy...

Note The Drake Series is The Unrestrained Series told from Drake's point of view. It includes brand new material as well as scenes from The Agreement as seen through Drake's eyes. The series is intended for 18+ due to explicit content.

Juliana Botha says

This was a good series not great. Sorry Miss Lund.

The storyline was not to bad.

Great chemistry between Dr Drake Morgan and Kate McDermott, but felt that trough out the series Drake just gets way to much bordering making you feel crowded.

Would seriously read more from this author.

Happy Reading! ! !

Amy says

This series was quite amazing. I fell in love with Kate and Drake from the beginning. The only thing that got to me was the repeat of "I'm a dom Kate!" I seemed to read that often. But it was all in good context. :) The whole story was pretty predictable which I quite enjoyed. I loved how Drake didn't treat Kate like one of his other subs. I loved how they fought for each other and believed in each other. I loved how caring Drake was and how sweet they were. I just LOVED them. It did take me about a month to read all 3 but it was so worth it. I would go to bed wondering what would happen next. It was a beautiful book set that taught about love after pain, falling in love after divorce, being different but still loving, putting your partner first. Which is how every couple should be. Drake plays guitar, is a neurosurgeon, and is a dom. He has never really been loved so it's so hard for him to give control to someone. Kate is a sweetheart who has been through so much, she is an artist and cares about the world. She is an amazing person. READ these books you will love them!

Lesley Badham says

I truly was addicted from the beginning to end.

Crystal says

This was an excellent read. Now i know there are more books in the series, I must find them. Kate and Drake's story is heartwarming, gut wrenching and full of moments.

Mary Winstead says

Drake is a Dom, but when he meets Kats something in him changes. Will she be a submissive? Great read. This collection has the first three books.

Kimberly says

Interesting

I enjoyed reading from Drake's POV, but the editing was terrible. I really expected more in that area.

Otherwise, all 3 books were good to read. At times I felt that he was extremely self-centered. Not caring about Kate's feelings or well being when they were going through his ordeal with his ex-wife, and when they were living in Africa.

Lins Ches says

Dr drake

I found this book ok it's not really my taste but will probably be a five-star read for someone else.

Jay says

Emotionally controlling and mentally manipulative a hole... (I usually love dominance stories) I read until almost the end of book 3.... but seriously... her dad had a stroke... and he's upset she wishes to stay... and trys to guilt her with.... ' your choosing your father, over me' ... I'm sure he redeems himself and everything works out... but really...that was my breaking point.

Karen Wilson says

This book was wonderful. I love a strong female character and found her here. She was surrounded by dominant men, and though submissive, she found her footing and stood her ground. I enjoyed the backstory of all the characters and found them compelling. I listened to The Agreement and the Commitment on audiobook and enjoyed the narration by Emma Wilder very much.

I was addicted from the beginning

I truly was addicted from the beginning. Without giving away the good stuff, the ending was what I was hoping but didn't think it would happen. I want to see what happens next. Less then a month till book 4.

Jane says

I might have read these out of order, not really sure, but enjoyed all of the books.

Vicki says

Loved this series as much as the 'original'. There were a few instances where the story might have been mildly confusing if you hadn't read the first series.

Michelle Friedhoff says

DNF at the end of book one. I couldn't find the interest to read the other two books.

Nancy says**Kept me reading**

The first book was a little slow but it kept me interested the next 2 started more with a story and really kept me interested I shall buy the last book as well.

Tami says**Good read**

This is a good reselling of Drake and Kate's story from his point of view. It was nice to read the story that way.
