## **The Real Princess Story** Michele Fawcett

This collection is not about princesses and fairy tales.

It is however, about the real journey of life.

The struggles, the heart break and the realization that we need to live our truth.

Not the one someone else wrote for us.

reading this book in parts and bits but so far I like it very much.

This is a great small book with beautiful poems.

If you like poems you will love this little book. Some of the poems are really touching and very well written.

Thanks Michele Fawcett and goodreads.com for giving me the opportunity to read this lovely book The Real Princess Story

I won this book through a goodreads competition. I enjoyed these poems and thought majority of the ideas in each poem were portrayed very uniquely and that kept me interested and I wanted to keep reading to see how Michele Fawcett would add the realistic elements of life into her poems that related to fairytales. Thanks for sending me your lovely compilation of poems.
