A Great Read!

I read the book in a day. Did not want to put it down. Just when I thought I had everything figured out, I was led in another direction. Time after time. Thoroughly enjoyed and I'll be checking out other books from this book.

Really good easy read. Interesting story with twists and turns and it never let's up. Likeable characters too.

Kellie says

This was a great book. I liked it because it took place in Charlotte AND it was loaded with twists and turns. Great Suspense.

This was my first book by this author and I was impressed. It begins in a fairly normal manner with a small town cop being treated unfairly when a murder occurs in her town. Then however it rapidly develops as it appears not one but two serial killers are busy murdering a variety of victims around the local area. I guessed the murderers twice and was wrong every time - it was that kind of book:) Towards the end the story just romps home and it is unputdownable! I definitely recommend this to anyone who enjoys a good mystery and I will be looking out for this author's other books.

Now this was a chilling, terrifying and engrossing read!

From cover:

"Men are dying unexpectedly in Charlotte, North Carolina-all victims of bizarre accidents. No one will call these deaths murder.

No one except small-town cop Melanie May. She sees the pattern: a serial killer targeting men who have slipped through the fingers of justice. Alone with her awful certainty, Melanie risks her career to convince

Connor Parks, a troubled FBI profiler, that she's right.

Suddenly Melanie is in the limelight, lauded for uncovering the Dark Angel. But her involvement makes her a target. For as she and Connor study the victims, their deaths, the signature the murderer leaves at every scene, Melanie comes face to face with the terrible truth. The profile Connor's created fits someone in her own life...a profile of a cunning killer, one without remorse and bent on vengeance.

A killer who will not stop until...All Fall Down."

Really good mystery/thriller. I have enjoyed all of Erica Spindlers books.

Melanie is the main character who is a police officer in a small town. She starts finding similarities in the deaths of men who have gotten off on technicalities. Kind of like the show Dexter. Some good twists in the story. All in all I really enjoyed this one.

Brief remarks:

As always, a really really GREAT novel by Erica Spindler! I have been trying to read back from her first books published towards now; I'm weird like that. I just love seeing an author evolve and grow and change though over that kind of timeline-it really is cool!

Regardless, I've NEVER been disappointed in ANY of Ms. Spindler's writings, "old" or "newly" published-she is, simply out: A GREAT AUTHOR! I love her shocking, thrilling "who dunits". I lose sleep over them and because I cannot stop reading them. That is so perfect, imo.

"All Fall Down" is no exception; the story is built around grown triplet sisters, which is intriguing in itself, and the vigilante killings of abusive men. How is that for a tough subject right there?! Eek.

Brass tacks, shall we? Throughout the book, I found myself really questioning my own beliefs surrounding the idea of "an eye for an eye"/vigilantism. As a granddaughter of a (now deceased) police chief, I was raised to be pretty black and white. Honestly and unfortunately, I have personally been on the receiving end of abusive behaviors in my lifetime and thus found myself vacillating between "they're getting what they deserve!" thoughts and "killing is wrong, regardless!".

What a truly TOUGH SUBJECT!

Anyhow, Ms. Spindler masterfully manipulates the readers and characters emotions to wring us out to a breathtaking, beautifully stunning conclusion!

Well done INDEED! I loved it and highly recommend this book if you're a murder-mystery-thriller junkie as am I. Damn fine read. Damn fine indeed.

Thank you for stopping by my short review! :-) enjoy...cheers,
