All I Want is that Hood Love Mercedes G.

Having the picture-perfect marriage seems rational when the only person you live, breathe, and love is your husband. Twenty-four year old NaTaysia is convinced the only man that is capable of loving her is her handsome, sophisticated husband JaMel Taylor. JaMel is the only man she has known emotionally, physically and mentally. That is, until she runs into the notorious De'Carlos Banks, known to the streets as Mega. His cockiness, craziness, and thug demeanor is just too much for her to resist. NaTaysia finds herself head over heels for Mega when he opens her eyes to a life only one can imagine.

JaMel is a businessman who has a few secrets of his own. He loves NaTaysia more than he loves himself but finds himself in a world of trouble when his manly instincts takes over and he can no longer fight temptation. Mega is a known Boss in every city he touches down in. Owning the drug game for over a decade, he has the world in his possession. The only thing missing is someone to share it with. After being captivated by NaTaysia, he is determined for them to be together by any means.

Shakeria Sharie says

I loved this book. That ending left me wanting more and curious. I can't wait for part 2. I was shocked when MeMe was Mega's sister.

Tandra Crews says

Enjoyed It

I enjoyed reading this book. I'm excited to read the next one in this series. I'm still not sure how I feel about Mega because her cockiness is kind of cute but it's throwing me off. I don't like cocky guys.

Sharon says

Taysia and Kira are the best of friends. Both of them have their ups and downs in relationships in this book. Kira just let's Jay do her any kind of way because what she went through with him I would not wish on my enemy. Taysia thought she had the good life little did she know that Her husband Jamel was doing major dirt. When I tell you that I loved Mega. I mean "Hands up" Where him at with that BIG.....okay I can say that in this review but Baby....He is the Truth! On to book 2

Jacquis says

Good Read, I Think ?

This book was good, I think but I was bit perturbed...everyone was sexing it up but no one used a condom even after they caught a STD... The writer needed to make her characters a little bit more responsible... The only character I liked was Rock and maybe because he didn't have as many scenes... The story moved quickly a bit too quick to the point I can't really understand NyTashia and Benzo falling in love... I will read the second book because the ending came out of no where

Autumn Crum says

Bianca Jones says

What the....

That ending through me for a whole loop! I cAnt wait to dive into part two to see what the heck is going on. First read by Mercedes.

Taz Will says

Didn't see much a love story here because Taysia was married and pregnant from the jump and supposedly in love with her husband. Before the sentence could set in, she was lusting over someone else. The entire read we get a bunch of cheating and reasons why the grass was greener. Mega was something new and an upgrade so not much love going on with any of these characters. Okay read if you can follow along with the petty stuff long enough to get into it.

Tee~tee says

Jacqueline Alexander says

MZURAQT says
