Condor

Andy Maslen

Condor Andy Maslen

When former SAS operative Gabriel Wolfe gets caught up in a terrorist suicide bombing attack on a London bus, he vows to find the person who ordered the attack and deliver justice. Now, lost and alone in the terrorist's cult compound in the Brazilian rainforest, Gabriel must shake off the effects of Soviet-style brainwashing techniques and kill "Père Christophe" before any more people are murdered.

This edge-of-your-seat action thriller is the third full-length outing for Andy Maslen's "hero among us", Gabriel Wolfe. Condor combines heart-stopping action with nightmarish scenes of psychological breakdown.

Gabriel's enemies include a sadistic Colombian cartel boss nicknamed "The Baptist", a vicious biker gang - the Sons of Satan - and, in the heart of the rainforest itself, a psychopathic cult leader with a taste for classical music, fine wine and extreme violence.

Fans of Lee Child, James Patterson, Vince Flynn and Daniel Silva are already saluting Maslen as an author to watch.

If you like your heroes flawed as well as resourceful, you'll love Gabriel Wolfe. He's been called "deadlier than Bond", and "more human than Reacher".

Praise for Andy Maslen's Gabriel Wolfe books

>>> Trigger Point

"Action, double-crosses, villains galore... a rattling good thriller! Early Bond meets Jack Reacher - a thrilling debut outing for a new action hero."

Damien Seaman, author of *The Killing of Emma Gross*, on Trigger Point.

"A pacy and entertaining read, with plenty of action, genuine suspense and good snappy dialogue. Gabriel Wolfe is a great new addition to the world of thriller heroes."

bookworm51|Verified Purchase

>>> Blind Impact

"... continues to develop its rugged hero."

Kirkus Reviews

"There's so much energy in this story, you're hooked from the start and can't help but race through it. I'd love to see this series made into a film franchise!"

VR |Verified Purchase

>>> Condor

"Oh! I love this series. Gabriel's latest excursion dealing with terrorism and a religious cult is thrilling from

the very first chapter until the last. Andy Maslen has created a gem of a character and I hope it won't be too long before I get the chance to continue reading about him. I love out of nowhere how the plot develops and surprises. No spoilers from me. Just go ahead and read for yourself. You won't regret it!"

Paul Smith | Verified Purchase

"The pace of the narrative is fantastic and draws you right on to the next chapter. I really like the way Andy Maslen creates his locations. Whether the hero is in Oxford Street or in the jungle or the English countryside, he somehow manages to conjure up all the sights, sounds and smells to convince you it's real. If you love a good action thriller, I can totally recommend Condor."

HV Sherborne | Verified Purchase

>>> First Casualty

"I regularly read books of this action/adventure genre and I recently discovered Andy Maslen and his character Gabriel Wolfe. The style of writing is very engaging and I always wanted to read more to know what happened next. In this installment the Gabriel character is further explored through his past battles and on-going PTSD memories of fallen colleagues, whilst working on his present day relationships with Britta and the PM. I enjoyed the writing style and this journey of exploration. Watch out for Andy Maslen as his books are getting better each time.

David says

A great read. More John Milton than Jack Reacher, Condor kept me engrossed throughout the book. Andy Maslen is a great storyteller and he treats his readers intelligently revealing parts of Wolfe's back story one small piece of time.

As the third book in the series those who have read the previous two will be familiar with character development of Wolfe so it is not too great a reach to believe that he is sent to join a cult whose leader has to be stopped before he wrecks havoc on innocent people in the world.

Cannot wait for the next in the series to be released.

Gibbo Gibson says

YES.....YES.....YES!!!!!!!Forgot how good these are .

Cathleen Borden says

I didn't enjoy this book as much as the previous 2 Gabriel Wolfe novels. I felt it was slow to develop and then very fast to end, with some variations with how Gabriel would behave (thinking about how he treats the bar owner during his trip back to Eden).

Susan Angela Wallace says

Condor by Andy Maslen.

When former SAS operative Gabriel Wolfe gets caught up in a terrorist suicide bombing attack on a London bus, he vows to find the person who ordered the attack and deliver justice. Now, lost and alone in the terrorist's cult compound in the Brazilian rainforest, Gabriel must shake off the effects of Soviet-style brainwashing techniques and kill "Père Christophe" before any more people are murdered.

A very good read. I really enjoyed it. Full of action. Would love to see this as a mini series. 5*. Tbc on fb.

dennis barron says

Connor. Andy malsen

Gabriel Wolfe has his demons. PTSD, but he is still fully functional on his covert missions. The ghosts, his comrades at times can be very helpful, other times, not so much. A psychotic cult leader is staging terrorist attacks in London, America, Brazil. He's Brainwashed Gabriel with venom. This is an extraordinary action

packed adventure of colossal proportions!! An amazing book. My highest recommendation.

Jim Cerone The Perfect Host DJ MC says

Off the Rails

Not as good as the first two in the series, this one goes off the rails 2/3s of the way through.

Mark says

An engaging, well-paced thriller, ripped right out of the headlines.

Carol Peace says

This is the 3rd in the Gabriel Wolfe stories and can also be read as a stand alone book without missing out on anything. Gabriel is in London when a bomb goes off on a bus just near him while he is sat having coffee. He helps the victims the best he can but will this bring his PTSD to the fore again. He is no longer part of the military but does work for his old friend Don Webster and when he is sent on a mission to go undercover and integrate himself into the cult known as The Children of Heaven. I really enjoyed the insights into this 'cult' and how they manipulate their followers, will Gabriel be able to overcome that and remain true to his mission? Things get very uncertain and he has no contact with the outside world, will this be the end for Gabriel? The tension mounts and I found myself rushing to the end but then wanting more of Gabriel Wolfe and his sometimes odd previous colleagues.

I loved the book and would recommend it to everyone, I really would have given more than 5 stars if I could.

Geoff. Lamb says

An engaging addition to this excellent series.

Sandy Wallace says

Condor Soars!

If I could give this book more stars, I would. Andy Maslen's hero, Gabriel Wolfe is back in this third novel in the series and his best so far. Starting each of these books is like working a jigsaw puzzle without the box to show you the final picture. Each new story gives the reader another few pieces of Wolfe's backstory and those pieces are beginning to fit together to reveal who Gabriel Wolfe is and what drives him.

This episode literally starts out with a bang -- a suicide bombing on a bus in the heart of London. Wolfe happened to be nearby and witnessed the immediate aftermath. His friend and contract employer, Don

Webster, from the Ministry of Defense, recruits Wolfe to find and eliminate whoever is behind the bombing. It turns out it is not your usual villain and Wolfe will be pushed to the limits of his endurance, both physically and psychologically. A couple of surprise characters from Wolfe's past also make their debut. To say more would be to spoil the experience of reading it for yourself.

These Gabriel Wolfe books are as much character study as great action thrillers. Most good action thriller series have characters who develop over time. Their backstory is usually built into the first one or two books and as they move forward, the reader watches them change as they adjust to new events and relationships in each new entry. But few authors start out giving their hero a bare bones past and flesh it out going forward. Andy Maslen is using this "what's past is prologue" approach by giving the reader new glimpses into Wolfe's past in each book and building from that. It adds another layer of suspense and deepens the reader's desire to learn more about the mysterious Mr. Wolfe. This book is a must read!

NOTE: Although this can be read as a stand alone novel, reading the two previous novels (Trigger Point and Blind Impact) first will greatly enhance your reading experience. They are all well worth it..

Jeff Benham says

Gabriel goes under cover to get to a cult leader who indoctrinates his "children" to use them as suicide bombers. Is it possible for Gabriel to get brainwashed too? He looks to his bad memories from the past to help him make it through. Very creative story telling with this one!

mrs o'keefe says

Just gets better

Brilliant series of books, watch out Lee Child. Great character in Gabriel Wolfe. Once you pick up these books you do not want to put them down. Each story is really good the details and the storyline are very compelling, bring on the next one I highly recommend these books so full of action!!!!

Robert A. Luce says

The deeper into the story, it was harder to put this book down. Enjoyable and very current.
