Corporate Finance: The Core Jonathan B. Berk , Peter DeMarzo

For MBA/graduate students taking a course in corporate finance. An Emphasis on Core Financial Principles to Elevate Individuals' Financial Decision Making Berk and DeMarzo's *Corporate Finance* uses a unifying valuation framework, the Law Of One Price, to present the core content instructors expect, the new ideas they want, and the pedagogy their students need to succeed.

Corporate Finance: The Core fits programs and individual professors who desire a streamlined book that is specifically tailored to the topics covered in the first one-semester course. For programs and professors who would like to use a text in a two semester, or more, sequence, please see *Corporate Finance*, the 31-chapter book also by Jonathan Berk and Peter DeMarzo.

Also Available with MyFinanceLab(TM) MyFinanceLab is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts.

From Reader Review Corporate Finance: The Core for online ebook

Jonathan Edet says

Quite jargony.

Hafez Shurrab says

This book is directed to corporate purposes. If you have a bunch of money in a form of cash or anything else, you will find it very helpful to make the best of that. Besides, you will be able to differentiate between investments to choose that best choices you may follow. On the other hand, this book is also valuable for companies to help them in organizing their capital structure, selecting the best strategies in funding their projects and dealing with other similar issues. I would say that it is not simple to read this book and keep attracted to the flow of information unless you are interested in corporate matters. For that reason, I give this book by 3 stars for this drawback. If you want to be alarmed until the end of it, I recommend a simultaneous use of internet to clarify concepts may come up and need to be fully understood.
