Dripping Maddy Roman

Mason Phillip's known for one thing ... making girls drip.

Okay, maybe more than one. My stepbrother's also a gold medal contender in the pool, that muscular, athletic form cutting through water like a hot knife through butter.

And did I mention Speedos?

Oh yeah, **skin tight with a massive package**, I know because I've been checking him out on the sly.

But these thoughts are wrong, TOTALLY wrong because I'm his sister – his stepsister to be exact.

And when Mason gets me in his sights, all bets are off.

Holy cow.

Holy crap.

I can't wait.

Janie is a student at the Sheffield Dance School. Mason is the big star athlete headed to the Olympic's. Mason is so tired of every one from his agent to his coach and his sponsor's. Mason sneaks out to have a little fun. This is were Mason meets Janie at The Donkey Club. Janie does this blue light special at the club that means she can do anything she wants with any customer and she picks Mason. Janie doesn't know who Mason is. It was a one night that neither of them held back. Mason ducks out and goes home never expecting to see Janie again. But the next morning they meet again. Only it's at the wedding of their parents. I couldn't put this book down until the very end. It has plenty of twists and turns. A whole lot of scorching hot sex scenes. I received a copy of this book in exchange for an honest review.

Michelle Austin says

Dripping was a hot 5 star read.

Janie and Mason's story is great. She's a dance teacher and he's an Olympic swimmer. The way these two meet is hot and dirty. The next time they see each other they are quite surprised. The journey these two take is great, it was well written and you are drawn in with Maddy's writing.

This is a great story that I suggest you 1-click and get started on today.

Dripping is a hot book from start to finish. A little confusing at first how Janie becomes such an excellent dancer and stripper when to begin with she seems so shy and virginal but boy does she soon take over the role and become one of the Donkey Clubs hottest acts. Yes people, the club might sound familiar as Maddy Roman is actually another alias of Cassandra Dee and the Donkey club is a regularly feature in her 'step' novels. If you have never picked up a Cassandra Dee book....I would highly recommend it!

Mason is also scorching and the scene where they meet - well let's just say it's a bit explicit and certainly leaves readers 'dripping'. Plenty of twists and turns....a whole lot of sexy scandal....some scorching hot sex scenes which more importantly leads to a book you can't put down from start to finish.

Read this one it's certainly worth it!

Hot!

Cassandra Dee really knows how to write hot erotica with a little taboo thrown in. I really enjoyed this book!

Sebrina says

Wow!

Wow!! The attraction between Janie and Mace is red hot along with their sex life! Unfortunately they have every day and not so ordinary issues to deal with. I recommend reading this book and Cassandra a wonderful writer.

So not sure WHY GR has it as written by Maddy Roman???

Skimmed to 55% when I DNF'd.

Just no.

The writing was ridiculous, the characters even more so. In fact, they both are gross. Seriously, fucking nasty-gross. This even read like a porn script.

SG Ladies...the h is a ballerina/stripper who regularly fucks the guys who come to see her strip. Like, for money, without condoms, and they're strangers...in PUBLIC. I'm not sure who the audience for this book is :/

H describing the BALLERINA h.

"The blonde was perfectly proportioned with huge Double Ds, a tiny waist, and wide, curvy hips. She had an

ass too, the kind that would give Kim Kardashian or Blac Chyna a run for their money, the kind girls go to plastic surgeons to buy."

Did I mention she's a BALLERINA??

---H asking h about her job---

"But is sex with customers something you do regularly?"

I didn't know what to say. Yeah, I mean, I've slept with other guys on stage before, it's part of my job, and the truth is that I love it. I love taking a man's dick in me in full sight of an audience, all the customers stroking their cocks, wishing they were the lucky guy. But there was no way to say it straight, it was just too shocking, too harsh.

---That's your h Ladies---

Meanwhile it was him and his 15" dick she did in public.

---at their 2nd meeting---

With a sly smile, I reached into my purse and pulled out my friend, the Mongo XL, a dildo in black rubber that I carry with me everywhere. Oh yeah, some women have a big purse for all their toiletries, but my bag is filled with Mr. Mongo and friends. Hey, I have needs and sometimes it's just easier to pop into a restroom and do myself, letting rubber and batteries do their work. I'm not into "waiting" or "holding back" --if Mr. Mongo's with me, then why not go at it? Let that black rubber do its thing, punching my pussy with its hard, veiny length. And Mr. Mongo was about to do a show right now. Propping my feet up on the dashboard, I spread my legs and slowly pulled the G-string off.

(*eye-mf'ing-roll*)

For the record....I carry big purses cuz I like big purses. And not for their ability to hide dildos. But I will now think twice the next time I see a woman toting a \$800 LTD Coach studio purse big enough to double as a carry on (o_O)

Freaking Awesome

I really loved this book. The storyline was so sexy and intriguing. The characters were realistic and interesting. The Alpha was just enough to be addicting to read about!

Rejane says

When I think I've seen all kinds of crazy/disgusting plots, this comes along.

Same Donkey strip joint

I was a fan of this writer once upon a time but now all the same stories too repetitive . I couldn't care less about that awful donkey strip joint from every book I tolerated at first but now it's just getting old n ridiculous. She was either a former stripper which btw I have no issues with or it's obsessed with that damn places n it's dreaming of been one. Just repetitive n no surprises or enough anything to make an impression. Just writing for the sake of killing time. So disappointed I used to be a big fan but I can't recommend this writer or this book to anyone anymore.

Rachel Blomberg says

What to say about Dripping? I couldn't put it down and yes it will leave you dripping. I started reading it and couldn't put it down. It's not like most Stepbrother stories. It was well set up, where the stepbrother was not put into the story line until after the first several chapters. It set up Janie's story beautifully. She is a dance student that is having trouble paying her bills, so she went to work as a stripper. Then in walks Mason, her one night stand turn into her stepbrother. Mason being an Olympic swimmer had keep his and Janie's affair a secret. Oh course there are plenty of scandals to go around. You will not want to put it down to see what will happen next.

I received this book as an ARC to read before going on sale, all I had to do was leave a honest review. This is the fastest I have read an ARC in a long time. You will not want to miss this story. Great job. Can't wait until the next book comes out.

Rubbish

Such a poor book!

Who becomes a stripper and knowingly has sex while stripping with lots of punters unprotected. What is the author trying to encourage or portray. I'm all for being daring in fantasy but this is no HEA with realistic proportions.

The story line is bad too as she starts having public unprotected sex with strangers who frequent a strip club instead of her landlord. What a stupid scenario?

Don't bother buying this book it's not worth your cash

J. Richards says

Not good

I read a lot of dirty stuff...I love erotica but this actually turned my stomach. Add that to the fact it made no

sense ! It was painful to get through.

DNF @22%

Yeah. This one is soooo far from being my cup of tea. I found it to be disgusting, to be honest. Completely gross and disgusting.

Let's start one why I got rid of this one:

-Our Heroine, Janie/Star: Janie is supposedly a top dancer at a prestigious dance school. Her schooling leaves little room for a part time job (I *think*) and her father doesn't help her financially. So she is (very, very easily) talked into becoming a stripper at a bottom of the barrel strip joint. Supposedly, Janie is stripping there because the place is so low brow that she'll be able to keep her reputation.

Yeah. I'm buying that.

Did I mention that this strip joint is completely nude? And that they have a "blue light special" dance...where the strippers find an audience member and then fuck them on the floor.

GAG

So. I canNOT get down with a heroine who is a stripper that has public sex with strangers raw.

RAW.

This bitch is shimmying her ass around a room full of dudes from only God knows where infected with only God knows what and she just picks one of them and fucks them RAW. REGULARLY. I threw up in my mouth a little when I read that.

WTF. HIV is REAL, people. AIDS is REAL. STDs are REAL. Zika is REAL.

Most of the time I can deal with a lack of condoms in a fantasy-like romance where the couple is working on a relationship and things happened. I don't agree with it but it happens.

I canNOT deal with a sex worker who does not protect herself.

I had a problem with the man, too. But I didn't spend enough time reading the book to be really introduced to the hero, just the heroine. But the hero should have known better - having unprotected sex with a sex worker is disgusting on both sides of the coin.

And if that wasn't enough to DNF, Janie has a terrible case of ageism, too. *"Gross. Old people in love made me retch."*

And I read a lot of erotica but the language used...encouraged me to DNF this one quickly!

But the guy on the cover is hot so... 1 Star!

She struggled and moaned, throwing her hair this way and that, as my fuckpole sought to make entrance. I was so big that her pussy lips could only take a half inch at first, really just kissing my dickhead as her juice ran.

-location 544 (Mason)

With a mighty roar, I shot my load, much to the delight of the crowd around us. My balls rose, tightened and spurted stream after stream of virile semen, coating her fertile fields with my man milk, the hot jizz flying every which way.

-location 558 (Mason)

I loved the feel of his cum dribbling down my thigh even now, sticky and warm, pure man seed.

-location 599 (Janie/Star)

Gross. Old people in love made me retch.
