I loved this.

It tells a brief background about every character from the movie.

It's also about the events of the movie so I don't recommend reading it before watching the movie.

I loved that it contained illustrations for magical creatures included in the movie

It explained many of the vague events and characters.

It tells many unnecessary details which was a bit annoying

Melissa ~ Missy (FrayedBooks) says

A very basic book but it's a nice summary of the characters/events/terms used in the movie. Seeing as Fantastic Beasts has all new characters, I didn't always fully catch their first/last name (and nickname sometimes) so this book certainly helped me better understand the movie. This book is aimed at a younger audience, but I still found it to be a useful guide of who is who and what creature is called what.

I have read most of the Fantastic Beasts movie companions but I couldn't resist this when I spied it in a Waterstones! Even though I have read others, there was still new information in this one that I hadn't heard before. There are some strange parts though - where I am not sure if an error has been made or if maybe they wrote it before the film was finished and it changed, or scenes were deleted. Overall I did really enjoy this, it gave me my fix without forcing my parents to watch the film again!

« Regorge de photos » c'est peu dire ! Ce petit guide est parfait pour entrer dans le bain du film.

Il reprend la base en décrivant les personnages, leur fonction, les différents lieux et les quelques objets utilisés comme les baguettes ou la fabuleuse valise de Norbert. Bref, sublime élément de découverte.

Ce qu'il faut voir ici, ce sont les divers portraits mis en avant, de part les explications et les photos, qui soit dit en passant, sont au top !

Il n'y a pas grand chose à dire à part que c'est un chouette guide photo !

The book is, in my less than humble opinion, subpar.

Being a movie handbook, it is kind of infuriating to read when it is hard to get the grasp on whatever the the protagonist was doing for a living. There are so little information regarding Newt and his endeavors with MACUSA. I was expecting more explanation into the magical briefcase and the beasts. Instead, the book filled me with infatuated dreams of epic, magical, meaningless odyssey.

It was a very short read, not even enough information than the movie brochure, finished in less than an hour.

I would suggest to use the book money to buy the DVD instead.

Another interesting movie handbook by the same narrator, Michael Kogge.

If his other book Character Guide focus more on every character's detail, this book intent to focus more on another things such as the locations, the spells, the artifacts, and of course the main character and the magical creatures themselves.

A must have for all J. K. Rowling wizarding worlds fans out there.

Liked to see all the information in the movie. Wish there was more information though. Still need to see the movie.

Can't wait to read more Harry Potter stuff!!!!

Felix Cortes says

It's a great guide to the film when you are not looking for all the information of the Wizarding World on Pottermore, all the time, 24/7. Pretty Images and pretty fun too.

Cindy Roa says

Such a cute reading!!! It contained a couple of new facts about the movie that I really loved!

Julia says

I bought this while on holidays in Montreal, mostly for the point of being able to buy something to read in

French! Obviously none of the information was new to me, but I enjoyed being able to refresh my mind on some vocabulary from the Wizarding World. For instance, I like that "Mooncalf" translates to "Veaudelune", I believe. Newt Scamander becomes "Norbert Dragonneau"! It was a quick read, but it was a good way to practice some reading in French, which I always seem to neglect doing!!

"Fantastyczne zwierzęta i jak je znaleźć: Magiczny przewodnik po filmie" to cieniutka książeczka w miłą okładkę, która powinna spodobać się każdemu, kto chce dowiedzieć się trochę więcej o bohaterach i okolicznościach najnowszego filmu ze świata Harry'ego Pottera.

"Magiczny przewodnik" ma niecałe sto stron i jest pełny zdjęć z samego filmu, jak również tych promocyjnych. Przeczytanie jej zajmie nie więcej niż pół godziny! Za to wprowadza czytelnika w nowy świat, opisując miejsca, bohaterów oraz niektóre zdarzenia z filmów.

Wiele tych informacji będzie już znana czytelnikowi nie tylko z filmu, ale i książek o Harrym Potterze, ale znalazło się tutaj parę ciekawostek, których może nie udało się wyśledzić z filmu "Fantastyczne zwierzęta i jak je znaleźć", nie zwróciło na nie uwagi lub były pokazane tylko w domyśle.

Książeczka kosztuje 19 zł i oczywiście zabrakło jej za nią powinno dopiero PO obejrzeniu filmu, ponieważ w innym przypadku będzie praktycznie jednym wielkim spoilerem!

W sumie jedyne co może razić to nie wyjustowany tekst, co mi rzucało się w oczy dość mocno, trochę dziecinny język oraz dwie, czy trzy strony, na których znalazły się wykresy o magicznych zwierzętach, które nie zostały przetłumaczone na polski. Ta czarna przewodnika jest niestety dość uboga, ale teraz tylko czeka na pięknie ilustrowane nowe wydanie podręcznika "Fantastycznych zwierząt i jak je znaleźć"!

I love books like this that are stuffed full of fun tidbits.

TinTin Kalaw says

Like the Character Guide, it's nice to have/read but not necessary. However basing from the character section alone, I found the Movie Guide's entry more informative?

Anyway, the art and movie stills are stunning :>

Tamara Menninger says

This is a photo-packed overview of the Fantastic Beasts movie and is put together in an appealing way. As someone who has seen all the Harry Potter movies (but have yet to watch the Fantastic Beasts movie) I found this "handbook" peaked my interest to watch the movie. Suitable for tweens and young teen fans of J.K. Rowling's magical world.

Emily says

It has lots of pictures and designs, plus some fun facts. I can't ask for much more. I especially like the tidbits that were left out of the movie.
