## **G-Men Holiday Wrap** Andrea Smith

Spend the holidays with the G-Men, their women and extended family as they cruise the Caribbean in first class accommodations compliments of Easton Matthews!

This novella takes place 14 months after the conclusion of "Night Moves." Darcy was promised a lavish ball to celebrate her elopement with Easton Matthews once she felt up to it. Darcy has decided she would much prefer a 12-day cruise on the Caribbean, with friends and family as their guests. Even the best-laid plans can go awry when you have the G-Men and their women aboard "The Lust Boat!"

This book playfully wraps up the G-Man Series, with the usual unpredictable circumstances, along with misunderstandings, love and lots of humor! You will read chapters from each character's point of view, and learn a few things about some of the characters you didn't know.

There will be a surprise visit from someone you would least expect to drop by during this holiday vacay.

Along with that, there are bonus chapters at the end that will satisfy readers of the previous book as to what happened right after that horrific incident in New York City with Sammie and Slate, and Lindsey and Taz. As a reader, you will be a voyeur into their private and intimate moments right after the shooting in Mullaly Park.

As a special bonus, a never seen, never-meant-to-be-seen 'secret' chapter from "Love Plus One" will be included for entertainment (and shock) purposes only!

This novella was sexy, witty, sassy, & fun. After everything these characters have been through they deserved that hot vacation but of course there had to be drama. Andrea you definitely ended the series well but that doesn't change the fact that I'm going to miss these characters, oh & I would love to see what would have happened between Eli, Cain, & Paige (just saying). I'm a huge fan & I can't wait to read your future books. Holy sh#!!! THAT FAKE CHAPTER! Don't do that to us ever again, okay? I almost had a heart attack. I still have the chills after that.

**OMG! This little surprise visit with my G-Men and their amazing women was EFFING FANTASTIC!!**

I loved every second of this story!! We get to spend the holidays with Sammie & Slate, Lindsay & Taz, Darcy & Easy E, Colin & Ronnie and Eli & Cain as they all take a holiday cruise to the Caribbean together!

Of course with this group there is drama, hot sex and many times I laughed right out loud as we spend the twelve days of Christmas G-Men style!

This was a great little holiday gift and I want to thank Andrea Smith and plead that this isn't the last time I get to visit with my G-Men and there amazing women.

For anyone who loves the G-Man series this is a must read. It even includes bonus chapters, Q&A with the characters(these made me totally crack up!!) and a very sadistic 'FAKE' chapter :)

Enjoy y'all and Happy Holidays!!!

I love this little novella because it's a quick, light and fun read. You will see the G-Men and their women, along with their extended family at their finest (and funniest) on this cruise. This novella was written to show the characters in a somewhat quirky setting, giving us insight in some of the secondary characters as well. There are a couple of "Oh crap!" moments, but for the most part, it's supposed to be fun. I truly hope fans of the G-Men will love seeing this side of them!

*G-Men Holiday Wrap* is a neat little Christmas surprise from author Andrea Smith. This wraps this series up perfectly and we get to spend Christmas with our beloved G-men. Win!

This short novella takes place about 14 months from where we left off in *Night Moves* and instead of a lavish party, Darcy and Easton decide to take all of their friends on a cruise. Sounds great right? Well, a lot can happen and plans doesn't always go accordingly to the said plan as these couples will experience. It's quite a ride and if you're a fan, this is something you don't want to miss.

My two favorite ♥'s for *G-Men Holiday Wrap*:

♥ **Perfect goodbye:** I truly think this was a perfect goodbye to this series. I love how all the characters we have followed through this series was put together on a cruise. Everyone got their own voice in this wrap-up and I enjoyed spending time in all of their minds. They still face troubles, but the love shines through and the making up part is epic.

♥ **KO surprise:** Oh. My. God. I can't even describe how much I loved and hated that surprise chapter in the end. I loved it because it was a perfect prank, but I would hate it big time if it was real. Haha! I swear, my eyes were so wide while reading this. Very well delivered.

Ever finish a series and want more? Well Andrea Smith gives us that. We get a novella that takes place 14 months from the end of *Night Moves*. The gang is on vacation and each one is still just in love with each other as before, but also has their own lessons to learn about being in love.

A fantastic little bit of pure bliss. I absolutely luuuuved this series. But throw in some bonus scenes and that 'fake chapter' and it was perfect.

**And that fake chapter, holy hell. I think I would have had a heart attack if that actually happened. You are one brave woman for sending that bit of trickery to a beta.**

### **Donna ~ The Romance Cover says**

OMG short and sweet but was great to reconnect to some fave characters. Absolute killer was the "FAKE" chapter. Glad it was FAKE Andrea else I would have had to hunt you down!!

The extra chapters at the end were my favorite!!!

Can't wait for more from Andrea Smith!!

I loved this story, its a great way to wrap up the series! A look into the lives of each couple from the other novels. Thank You Andrea for the great series! Sorry to see it end, hopefully she will return to let us know how they are all doing & maybe let us see what happens with the kids. Looking forward to "These Men" which is the Matthews brothers sister Paige's book. ANDREA SMITH is one of my favorite authors & I am looking forward to more stories!

### **Duchess Nicole says**

Talk about the BEST wrap up novella I've read, hands down. Not only do we get a peek into the lives of our favorite G-men and their ladies...EACH of them get their own short story, and we also get some of the supporting characters continuing romances. The group gets to go on a twelve day cruise and boy, a lot happens on this trip. How did Smith pack such a crazy amount of information and movement into this story, I'll never know.

Breakups, LOTS of makeups, tons of sexy times and a few heart to heart talks along with some gasp-worthy moments make this 100 page novella well worth the time.

And not only do we get a wrap up of the fantastic G-Man series, but we get an epilogue of epic proportions, not one but TWO follow up chapters that were requested enough by readers that I suppose Smith felt like they needed to be told, AND...a fake Chapter that...

**OMG, I'm so glad that it was NOT real, but also...**

**OMG, that was SO HOT and naughty and I'm so glad you fake wrote that!**

Andrea, I'd never have thought you had that in you. Bravo, woman! I flipping LOVED this story. I've never read anything like it, and I really wish more authors would follow suit, because these are characters that were so loved my so many, and it's always a huge bonus to get to see the aftermath of their crazy couplings.

We know lasting relationships aren't always smooth sailing, but it's the effort and the devotion that truly makes it work. Bravo again, Andrea! Very well done.

5 Stars

I was given this book for my honest review

Flour, sugar, eggs, water with a touch of our favorite flavoring leaves us with the perfect cookie that we continue to want even after the cookies have been long gone. We continue to want the untouchables' and

crave their re-appearances.

This is the final book of the G-Men Series

As my reviews of this series come to a close so does this final book of the most wonderful characters that I have grown to know. Each couple has their unique ways that they deal with the hardships that they have occurred along the way to make it to their finding there forever with each other.

This cruise sets each couple apart dealing with more hardships that they chose to either over-come or not too. Don't let them fool you along the way. They are just like every day people that we see in the world but more importantly some couples come to know that their men have breaking points and down days as most of us. Which couple will survive if any? Each chapter is uniquely done for us and to read them is to love them.

I hope you as a reader enjoy this final good-bye to these beloved couples that have brought such joy, laughter, cries, and screams into this wonderful series.

To the author: I give you many more than 5 stars for this entire series. Each book had me right along with the characters. Each word that was read was intriguing in itself. Saying till we meet again to these couples is calming but as one says I will see you in the pages. Kudos Keep up the great writing that you possess it is a cookie in creation. Thank you for allowing this reviewer the opportunity to read your work.

Happy Reading

What a fantastic wrap up/extended epilogue of the G-Men! After reading a series and getting invested in the characters, it's so nice to have a followup of where they are now and what they're doing. Not only do we get the 3 G-Men and their women, but a few of the side characters as well.

Easton and Darcy Matthews decide they are taking a cruise for the holidays and they're bringing all their friends along. You get a chapter from every characters pov so a lot of different stories all in one. Lots of good times, sexy times- with some drama to keep it interesting!

For all fans of the G-Men series, I would recommend picking this one up! I'm not sure why I waited so long to read it, but I really enjoyed it. For a fun surprise- there is a super hot and totally wrong bonus chapter at the end that was awesome!

4 Stars!

If you have read the G-Man Series, this is a MUST read! It is a perfect follow up to Darcy and Easton as well

as each of our favorite G-Men and their women! I am so glad to see how each of our couples progressed along post 'Rat Bastard' and all of their challenges they faced throughout each book as both a family and extended family.

Easton books a cruise for the holidays and throughout the cruise, each character gets their own chapter, which was awesome! We get to see how their 12 Days of Christmas were spent. There are lots of laughs, a few surprises, sexy times and a bit of drama along the way.

For all of you who loved the G-Man Series as much as I did, you need to read this! It is the perfect follow up story to enjoy!

I really loved this wrap-up novella!! it let us see our favorite g-men and supporting cast. it gave me heart palpitations in reading the "fake" chapter! I loved the epilogue!! I loved the fights and make ups. I liked how it gives you the sense that happily ever after is not predestined. that like "real" marriage and relationships you have to work toward it!
