From Reader Review ??? ???????? for online ebook

Firas says

An outstanding book with savvy techniques and powerful strategies that can be easily practiced in every-day conversations. The style is friendly and assertive, and the ideas are highly mapped for the mind. I enjoyed learning a great deal from this amazing book.

Anton Klink says

Having read it quite a number of years ago, I remember thinking it was OK but not much else. Neither can I seem to be able to remember too many specifics about it. Obviously it wasn't awful, otherwise I would have remembered that, but neither was it good enough to burn a vivid image into my mind, so two stars is the most I can give it in hindsight.

Stan says

Great book for communication purposes. Everyone will find something for himself in this book. Business, work, marriage, public speaking - there are some great pointers and principles that can serve you greatly.

Rob says

Anyone can improve their conversational ability, and it is worth reading.
