Mistletoe Magic Melissa McClone

Spending a quiet Christmas housesitting and reading novels about hot cowboys sounds perfect to Caitlin Butler. Until a stray kitten brings her face-to-face with Noah, her crush from college. Watching the handsome vet in action melts Caitlin's heart and brings back long forgotten emotions. She would be safer back at the house lost in the pages of a book. But a toe-curling mistletoe kiss tempts her to stay. Maybe she won't be spending this Christmas... alone.

Veterinarian Noah Sullivan isn't a Scrooge, but the Christmas Eve tradition of hanging mistletoe in the clinic's waiting room annoys him. Kissing doesn't belong at the Copper Mountain Animal Hospital. Noah rethinks his position when Caitlin arrives with a stray kitten she found freezing in the snow. All he wants now is to maneuver the pretty preschool teacher under the mistletoe. If he's not careful, he'll wind up on Santa's naughty list.

Mistletoe Magic is a short story companion to the *Copper Mountain Christmas* series.

I was in the mood for a little holiday read.

Caitlin and Noah had dated in college, he was a senior and she was a freshman. He breaks it off with her just before graduation to go to veterinary school and he didn't think a long distance relationship would work out. He always regretted never giving it a shot with her. She was the only woman he could ever see himself being with long term.

Fate played them a good hand when Caitlin shows up at his veterinary clinic with an almost frozen stray kitten that she found in the snow. She is shocked to see him again but she still has feelings for him even if he did leave her once. Things spark between them when they kiss under the mistletoe and create a little Christmas magic.

This was a sweet story, a little corny, but still good nonetheless :O)

Carol [Goodreads Addict] says

This has got to be one of the sweetest little books I have ever read. And just look at the cover. How can you resist?!

"Life takes you to unexpected places. Love brings you home."

Seven years ago Caitlin was a freshman in college and had fallen in love with a senior, Noah. But Noah had his sights set on Vet school and thought he was doing the right thing in ending the relationship before he moved away. He didn't think a long distance relationship would work. But he never forgot Caitlin and always regretted his decision. Now Caitlin is a preschool teacher in the small town she lives in and he is the new vet in town, not realizing she is there, until she rushes in on Christmas Eve with a tiny kitten she found almost frozen to death.

"Caitlin." His arm reached forward, as if touching her would assure him this-she-was real. That of all the vet clinics in Montana, she'd walked into this one. "I can't believe it."

Noah thought hanging mistletoe in the vet's clinic was inappropriate until Caitlin walked in. But maybe that mistletoe will turn out to be the best thing ever if it will convince Caitlin to kiss him, and maybe to give him another chance.

"Santa already delivered my presents. You and Mistletoe-and maybe a second chance."

If you're not in the Christmas spirit, you will most definitely be after you read this. It is a very short story but left me with a warm heart. I hope it does the same for you! Happy Holidays.

Sigh...Mistletoe Magic was a sweet and cute holiday story. I think Catlin had about the best Christmas! She found a baby kitty and reconnected with an old boyfriend. Win, win!! Thanks Rachel for recommending Mistletoe Magic. It was a sweet story.

Marlene says

Caitlin was excited about spending her Christmas housesitting for the Patterson Family. Their house was so cozy and felt like "home" ... unlike her above-the-garage apartment that she rents on the wrong side of the tracks. Although she doesn't have anyone to spend the holidays with, she's excited to be able to relax and enjoy some time off. But when she finds a kitten laying in the snow, she doesn't realize how much it will change her life. Concerned about its health, she brings it to the local vet. But, to her surprise, her ex-boyfriend and the man who broke her heart, is the veterinarian there. Although it's been seven years since they'd last seen each other, old feelings start resurfacing for both of them. Believing in the magic of Christmas, Caitlin wonders if all of this could be fate.

Realizing that neither of them have plans for Christmas or family in town, they decide to spend Christmas day together. Can this be the second chance that they both had hoped for? Santa may not have brought gifts to put under the tree, but having the opportunity to reconnect may prove to be the best present yet!

Mistletoe Magic is such a fun, romantic book. There's nothing like the magic of Christmas, a cute kitten and the potential for a rekindled romance to put you in the holiday spirit. Grab a mug of hot cocoa, a warm blanket and cuddle up with this amazing story! This book is a must read for the holidays!

In Mistletoe Magic by Melissa McClone, the last person Caitlin expects to ever see again is just who she does see when she rescues a hypothermic kitten and rushes her to the vet. The vet is no other than her college sweetheart Noah...the man she gave her heart to and who devastated her when he decided that he couldn't have a relationship with Caitlin and focus on his career...so it would be best for Caitlin if they broke things off.

Caitlin eventually go over Noah...or so she thought until all the old feelings come rushing back and she finds herself standing under the mistletoe with him. Both Caitlin and Noah are alone for the holidays...and so is a cute little kitten now named Mistletoe. Caitlin and Noah are both different but in some ways the same as they were years ago...and they both still have feelings for the other. Can Caitlin trust what she's feeling? Can Noah convince Caitlin to give him another chance?

Will the magic of Christmas and love bring them together again at last?

Mistletoe Magic is a fun, fast paced, sweet novella that is a perfect read when you want to feel good! Melissa gives us just enough background on Caitlin and Noah to understand them, love them, and hope they both believe in second chances. I could feel the magic in Mistletoe Magic between the vivid descriptions of decorations, the snow, the mistletoe and the animals! I loved the animal element in Mistletoe Magic as much as I loved Noah and Caitlin! As soon as I saw the cover of Mistletoe Magic I knew I had to read it!

I'd recommend Mistletoe Magic to any romance reader looking for a fast paced novella to put you in the Christmas spirit! Although Mistletoe Magic is part of the Cooper Mountain Christmas series, it can definitely be read as a stand alone.

Melinda Garza says

Mistletoe Magic is the cutest holiday read. Caitlin, the Patterson housesitter, was more than excited to housesit so she could enjoy the "homey" feel of their home at Christmastime. She then finds a hurt kitten and takes it to the local Vet to try to save its life when she realizes the Vet is an old college flame. This college boyfriend once broke her heart. As soon as they both realized who the other was, the feelings they both had started to ignite.

When a coworker points out they are standing under a mistletoe, they kiss and both begin to believe in the magic of Christmas. They decide to spend Christmas together as neither has anyone to spend it with. Could this be their 2nd chance of love?

This is a fun and romantic book and gives readers a feeling of warmth.

Sophia Triad says

Mistletoe is a cute, fluffy, stray kitten who was almost frozen to death.

Caitlin finds the kitten and takes her to the new vet in town.

You can imagine her surprise, when she finds out that the new vet is actually her first love, Noah.

They broke up seven years ago, when they could not keep a long distance relationship. Noah's fault!

This Christmas Eve, neither of them will be alone.

A book about second chances, convenient coincidences and Christmas magic.

This book is part of a series, but I had no problem reading it as a standalone.

Mistletoe, kisses and second chance romance. *sigh* Such a sweet little story!

"I'm not a kid, but I wish it were already morning."

He laughed. "Me too, but Santa already delivered my presents."

"What?"

Tenderness filled Noah's eyes, a look she could get used to seeing. "You and Mistletoe--and maybe a second chance."

When Caitlin Butler rescues a stray kitten from the cold winter of Montana, she does not imagine that the handsome vet is her first love, Noah Sullivan, who dumped her seven years before! Will she be able to resist him? Will the magic of Christmas bring them back together? Perhaps they just need to be under a mistletoe!

This is a very delightful short story, perfect for Christmas. There is snow, Christmas decorations, holiday music and mistletoe, of course! The author created a special atmosphere that warmed my heart and made me smile all the time. This story is a combination of romance, hope, friendship and miracles that I really enjoyed.

If you are looking for a nice, good Christmas book this one is for you!

Rating: 3.5 out of 5 stars.

Jo-Anne says

Caitlin is a very kind, caring woman. While house-sitting for friends at Christmastime, she finds a kitten in the snow. It's in bad shape so she takes it to the veterinary clinic. What a surprise when she sees the Vet is her love from college, Noah. After breaking up with her when he graduated so that he could focus fully on his studies and career, they never thought they would see each other again. Now that he is older, Noah

realizes what a fool he was to let her go back then. But all may not be lost. Being encouraged by one of the staff to take advantage of the mistletoe in the clinic waiting room, makes them aware of the attraction that they still have for each other.

While Noah was caring for the kitten, he kept Caitlin posted on its progress. He did this for two reasons. Keeping the client's owner informed was professional and, also, he wanted an excuse to talk to Caitlin. She appreciated the updates. But she found that seeing Noah with the sick kitten made him even more attractive to her.

This is written in dual POVs, letting us get to know Caitlin and Noah and a bit of their history. A lot was packed into this short story but it never felt rushed.

If you are looking for a nice, quick Christmas romance, you should read *Mistletoe Magic*.

Brenda says

As Caitlin Butler readied herself for her week of relaxing, reading and enjoying the housesitting she was doing for her best friend and her family, she relished the thought of not being in her cramped apartment above the garage with her grumpy landlord for a whole week. Caitlin was a pre-school teacher and her apartment was within easy walking distance to the school, but she'd lived in better accommodation. With the holidays upon them, and Christmas Day the next day, she was all set.

That was until she discovered a kitten in the snow just outside the house, almost dead from the cold. Rushing to the vet clinic with the kitten she christened "Mistletoe", wrapped snugly in a warm blanket, Caitlin got the shock of her life when confronted by the new vet – it was Noah, her boyfriend from college who had broken her heart – and oh, hadn't he grown into a handsome devil! All the memories from those years ago swung into action as if they'd been together just yesterday!

What a wonderfully, sweet Christmas novella. A very quick read, it was completely delightful and I'm happy to recommend it to those who enjoy a sweet (but not sappy) romance:)

Tadiana ☆Night Owl? says

Extremely fluffy meet-cute short story about a couple that runs into each other again several years after they broke up in college. Add a kitten, and some mistletoe.

No surprises here. No deep thinking. It's okay for a freebie, if you like this kind of story.

Dianne says

Was it fate? A reward for an act of kindness? Or the magic of the Holiday Season that brought two former college sweethearts back together on Christmas Eve? **Mistletoe Magic** by Melissa McClone is just sweetly warm enough to melt even the cold heart of the Grinch! Two people, destined to spend another Christmas

alone are reunited, all because of a lost little kitten named Mistletoe.

Do you like Holiday Romance novellas? Do you like warm and fuzzy little kittens who need a home and love? If those aren't enough reasons to grab your heart, the kiss under the Mistletoe might and the kiss OVER Mistletoe will get you for sure!! Cute, warm and fuzzy, both the story and the kitten! I admit it, I'm a sucker for a good Holiday Romance!
