On the Edge

Shannon Stacey

On the Edge Shannon Stacey

When his undercover assignment ends and Tony Casavetti is called to the Devlin Group headquarters, he finds out in a hurry his assumptions about executive administrator Charlotte Rhames were dead wrong. Far from the matronly figure he'd imagined on the other end of the line, she's sexy and makes no secret she wouldn't mind him being under her covers...until an explosion rocks the Devlin Group and they have to risk everything to save them all.

Charlotte Rhames has it all—looks, wealth and the respect of everybody involved with the Devlin Group—and finding out the sexy voice in her earpiece belongs to an even sexier man just makes the prospect of a mandatory company meeting more exciting. Following the attack on the headquarters, she has to dive back into the world of sex, money and murder she'd left behind in order to help catch a killer. But when Tony's life is at stake, she has to decide just how far she's willing to go.

"Shannon Stacey delivers an in-your-face, action filled romance that made this reader an instant fan." -
Fallen Angels Reviews

About the Author

New York Times and USA Today bestselling author Shannon Stacey is the author of over two dozen romance novels and novellas, including her popular Kowalski series. She has been nominated for an RT Book Reviews Reviewers' Choice Award twice, and was named to a Publishers Weekly Top 10: Romance list in 2013. Holley says

Pretty much start to finish action. A heroine with a troubled past who has made herself into a strong, intelligent, and capable woman. I really like this series better than the Kowalski series by the same author.

Mary says

Not much to recommend on; but it was better than working.

Lexxie (un)Conventional Bookworms says

More hot agents, getting mixed up with work and pleasure, and not always being able to deal with it the right way :D

Mary Booth says

Good story

was a good story an adventure just would of liked it to be longer an tell more back story of characters.

Dawn ♥ romance says

Lots of exciting action in this short romantic suspense. It had an interesting plot with a verbal working relationship for years before physically meeting then introducing a moral dilemma. Field agent Tony finally meets his communications adviser Charlotte when their building explodes.

Wanderer ? Wanderlust ? says

If you watch Criminal Minds and know the character Garcia, the heroine in this book does what Garcia does. She's the "everything" support for the agents out in the field. She apparently has a little extra connection with one of the guys and when they finally meet face to face, sparks fly.

I thought the couple in this one were good together but I didn't really like the mission they went on. I could not believe how things went down especially the fact that they didn't realize the bad guy would know when she flew back into town after her "disappearance". That it wouldn't be suspicious how she just showed up

and wanted to get involved with him again.

Like the 1st book in the series, this one seemed short but I thought it was still good. I enjoy the author's writing style and will read more from her.

Amy R says

I loved this book in the series. I really like the bad boy hero and the strong, self confident heroine and this book had it! While the cover looks a little saucy, the book is not. It has good romance, suspense and passion, but I think there was only one major intimate scene and it was very tastefully done. I really enjoyed the back and forth between Tony and Charlotte. Charlotte was a very open, forward woman, and with her background you can see why. But that background also makes her vulnerable. Tony is still trying to figure out who he is and together they figure it out, while dealing with a crazy Greek and a double agent who are trying to kill them in the process. Shannon Stacey always does a good job with her books, which is why I read this series in the first place. Highly recommend!

Stacy says

Fun easy read

Not quite as deep in character development as I like. Felt like the story was rushed. I love Shannon Stacey's other books but this is the 2nd in this series I'm just so-so about.

Amy says

Tony can look past Charlotte's past except when she willing to give her body to save him. These two are a fun pair and the fact that Tony is half in love with Charlotte before he even sees her just adds to the fun. Charlotte definately has the advantage since she knows every detail of Tony's life and can read him like a book.

Dolly Sickles says

I've enjoyed Shannon Stacey's Devlin Group series so far, though this second installment is my favorite. I like the setup: Tony Cassavetti is coming off of a tough assignment, headed for a mandatory company-wide meeting. He's being picked up by Devlin's executive administrator Charlotte Rhames, who is often on the open comm with him during missions. She throws him for a loop at the airport because she is nothing like he expects a secretary to be. Once the meeting begins, chaos quickly ensues. Not only does Alex Rossi drop an unexpected bomb, but a real bomb strikes while everyone's guard is down. In pursuing a rogue agent, Tony and Charlotte follow him to Greece where they come face-to-face with ghosts from her past. The pace is fast, the characters compelling, the story intriguing.

Kanoko says

[did double-cross them (hide spoiler)]

Genevieve says

Short but full of action Romance Suspense! oh god How I loved Charlotte's Courage and determination she is the perfect match for Tony :)

Cherie Reeves says

Enjoying this series.

Hilly says

3 stars. Because I liked the characters.

Fine little adventure. Wholly improbable & impossible, but just right for a sick-day read!

Ann says

Pretty good series. I only wish this book were a bit longer and the romance between the 2 main characters was a bit more drawn out.
