"This story beautifully shows contrast between those in high society with wealth and honor as against those with unfortunate humble lives in the lower class." --Midwest Book Review

After his demise, Margo's privileged life drastically changes only to discover she is pregnant with Stephan's child. She becomes crazed and chops off her long beautiful hair in frenzy. Margo's parents send her away to a home for unwed mothers in the hope of keeping their good family name. Consequently, their old money is a catalyst for more than they ever imagined ... Linda Marie Marsh says

Few of us get a glimpse of..... and fewer still , LIVE the life of the truly upper crust . Sure we see it on tv, and catch the pics in magazines but just as WE can only imagine their experiences , do the illusive 'they' ever wonder about the rest of us? In THE GLOAMING La Greca puts it all in perspective with some excellent writing.

The Wellington family of NY hosts an engagement party for their incredibly narcissistic daughter Margo. Only the elite are invited. A last minute guest arrives only to cause jealousy and consternation for the belle of the ball. An argument ensues and a true tragedy occurs. THAT'S ALL i am giving away. This is a book about ego, transformation, acceptance and....love.

Couldn't put it down

Addictive. Characters are alive and the story is enthralling. A great look at the difference between wealthy and poor and all that really matters in the end.
