Yes, there are some grammatical and spelling errors. This is a Wattpad book after all. However, this series is one of my favorite, simply because the characters are amazingly written. Sir Rob has perfected the art of writing romantic plots and killer characters! This book has it all! Romance, death, adventure, and mystery!

I loved this book. Again Sir Rob, you can make me travel to your books and I feel like I am there watching everything. I love how you portrayed the relationship of Ayla and Reuben, and that even though we know they are in love you didn't push it but gave them time, cause I mean they are in the middle of war! At first I was reluctant to read this series but I am completely falling in love with every book. Onto the 3rd book now!

Of course the author didn't disappoint with this second installment of the robber Knight series. Great characters like always, the action was amazing, and the romance side is getting better. I would highly recommend this series to anyone that loves historical fiction. I look forward to reading the 3rd installment soon.

An awesome series can't wait to start the next book :)

The Book that I just read was much much much more to my liking than its 1st installment. As the story was still picking up, the setting was still explained, the characters were still being properly introduced in the 1st part.

But this book was definitely a wow.

Sir Rob has a special knack of putting all the wonderful elements in his books, such as the right amount of humor, the exact amount of romance, and the warlike parts, all in completely ridiculous balance. It was

exceptionally brilliant. Nothing goes over board in his stories. There are mentioned at appropriate times with appropriate proportions.

He is definitely a skilled craftmen when it comes to shaping his characters. He made some brilliant ones this installment. Both the characters were loveable, and especially the character of Sir Rueben. He is just the BESTTTTTT.

I didn't ever think I would enjoy the Historical stories as much, but he has definately made me think otherwise.

Loved the book and can't wait to read the last book of the series.

Milena says

much better than the first book due to the action sequence: I'm not a big fan of historical romance as I do like women reduced to damsel in distress or ladies who are hard headed and unaware of dangers..naivety I don't find attractive, however, I do love Sir Reuben's character, he's so adorable and a strong man to admit surrender to love. Also he's not loaded with guilt or angst...cant wait for the final book.

Marilla Brooke says

Just as good as the first! Hard to find a sequel like this.

Dina says

Amazing!! I don't think I'll ever dislike a book that was written by Sir Rob. Can't wait to read the third book.

I really liked this sequel,you can feel the characters development and again Reuben is still Ayla's knight in the shining red armor!

Seeing as it is a Historical Fiction Novel, set in the medieval ages, we all know what to expect....

You know, a hot ripped guy on the cover, with his chest and pecs utterly hairless, and only a loose pair of pants on, to emphasize his package downstairs. The lady on the cover will probably have a contorted face (either from stepping on a lego or because of her lust-ridden about to explode hormones, I have no clue!) her dress half falling off as they clutch in a passionate medieval style stereotypical embrace.. Literally every other cover of an HF story!

But but but...this story is exactly NOT THAT AT ALL!

Instead we have here a headstrong, amazing, beautiful, confident and fearless heroine Lady Ayla, and incredibly evil, yet cute and ruggedly handsome and extremely bloodthirsty hero (or villain!) Sir Reuben Rachwild!

The story is incredibly thrilling, with an amazingly unique plot, and even more so, amazing characters! It is the continuation of an equally amazing series, and is the second volume of the amazing trilogy. Each and every scene has so much of detail put in!

You feel like you are living the battle around you! Each clash of metal on metal, the spilling of blood, the cries of warriors, the tactics of Reuben, or the descriptions of fights, makes you feel like you are living the story in real time! The book is as good as you hallucinating the visuals, it's THAT fantabulously descriptive. This is the first story I would go to say, has given me the first hand experience of the medieval ages. Each and every character is utterly realistic, but still maintain their fictional feel. The story doesn't focus on the hero and heroine trying to snog out their faces every chance they get. Oh no..the supporting characters are equally interesting! Right from sassy Burchard to brave Sir Isenbard to the most amazing 5 year old character in all of literature, Fye!

Since this is an Amazon Review, I shall give a brief description of the product quality too! I was a bit skeptical as to how it will be, since the last few books from the author didn't have the cover quality up to scratch. But this edition surprised me! The paper quality is downright superb! The cover doesn't crease, and the book is well formatted! Cheers to the publisher and author! :)

According to me, Ayla not only makes a wonderful character in a book, but also is an amazing inspiration to this generation! Yes, she may not be perfect, but come on...no one is! Our generation needs an inspiration and reminder to always kick ass! And Ayla makes a perfect role model for just that! (Just don't make out with a Robber Knight though! ;)

Special Thanks to Amazon for having my most favourite book delivered in 3 days! :)

I am going to end this by saying thank you to the author for writing such an amazing series, and for giving his readers a chance to read it!

Couldn't finish. Boring and very repetitive.

Tabitha Reeves says

Couldn't put it down, love this author and eagerly awaiting next book !

Adedolapo Zainab says

I loved Reuben's development.

Joy Nelson says

I love the character development in the middle book of the series. The death of a significant character, the progress of the love story, and the realization that Reuben is actually a really sweet guy all come together to make this a thoroughly entertaining read. Plus, Sir Reuben is brilliant. I'd hire him to win a war anytime.

Fadwa Ezzat says

wow ! I usually give 4 stars to what I think is awesome , but honestly, this author is gifted ! wow !
