When A Thug Loves A Woman Charmanie Saquea

When a thug loves a woman, things can get deadly.

Casino has his share of women throwing themselves at him but there was something about Bambi that he couldn't shake. When Casino finally gets Bambi to give in, not everyone is too thrilled about their union and there will be some serious repercussions.

Coming home from doing a nine year bid, all Canaan wants to do is lay low, stack his paper, and get acquainted with the son he never knew he had. Secrets that his first love hid from him start to come to the light and Canaan doesn't know who he could trust.

Lives and relationships will be put on the line and the betrayal will be high, find out exactly what happens when a thug loves a woman.

From Reader Review When A Thug Loves A Woman for online ebook

Alesha says

Excellent Read

I think that this book is your best one Charmanie. Bambi was a firecracker and I loved her no nonsense attitude. Casino was the typical thug player. But I liked his character tho. That China was the typical baby mama from hell nightmare. I can't wait until karma gives her a dose of her own medicine. Hopefully, part two won't be too long.

joseph says

Dam

This was a good book. I don't want Bambi to be with Casino, he is a cheating dog and he comes with too much dam drama. I really hope she survives and leave that man alone. Like dam he got a baby mama from he'll, China is a total bitch and she deserves to beat up r something, Dam I can't stand her. I can't wait to read book 2.

Tonya Everett says

Tonya-Review

China needs to sit her butt down. Bambi let her guard down with Casino. Dutchess trying to get clean. I wonder who did that to Bambi. Kendal wanted her. Adore should have told Canaan about Jeremy. Majesty came out of her shell. What Robert done to Bambi and Dutchess was wrong but Laura handled that for them. I hope that Casimir and Casaan get out of this mess and Bambi bevalright. China get what's coming to her. Part two waiting

Andrea Anderson says

Good good book!

This was a good read just hope I don't forget the story waiting on part 2! I love Bambi because she's not to be messed with or messed over! Casino need to get his ish together and be loyal to the chick that loyal to him. While Bambi's recovering Shes going to find out that she's pregnant I think lol!

Caroline Bryant says

??????

You did your thang.. I give this book ??????. I wish I could give it more... That cliffhanger though.. I can't wait to read part 2.

YVETTE RIVERS says

outstanding im feeling casino

Bianca Jones says

Lord!

That Casino is something else. I can't wait to get into part two. China got on my nerves the whole time.

Michelle Davis says

I have read several books by this author and for the most part, I must say that I walk away fully satisfied but this book right here launched Ms. Saquea into another stratosphere!!! I absolutely LOVED this book from start to finish. The evolution of her writing skills has just soared from the first book that I read to this one. I felt so many emotions from beginning to end that it is difficult for me to put all of them into words. I will surely try. The characters Casino, Canaan, Bambi, Majesty, all them kids whose names started with "C" LOL, China, Aamil, and the boys' mother just helped create a story that was dynamic from beginning to end. First I want to thank Ms. Saquea for creating a dark-skinned leading lady in Bambi who actually had dark-skinned features. Not the exotic dark-skinned woman that you see every blue moon but the sister that you see when you look in the mirror because you've been blessed to be among this group of fabulous, divalicious, tawny-hued DIVAS(yes I'm among the blessed LOL). Secondly, I loved the relationship between Casino and Canaan. The fact that Canaan loved his brother enough to do what he did knowing that he was taken years away from himself was a selfless act that I can never see enough of. Bambi was a complex young lady but she was completely lovable and loyal. You couldn't help but keep your fingers crossed that in spite of everything that she had been through in her short life that she was going to come out on the winning side. China lord she gives's baby mommas a horrendous reputation and quite frankly I was itching for Casino to dump her in the river somewhere(call me bloodthirsty). The imagery and the visualizations that I was able to glean from the words that were illustrated on each page were simply awe-inspiring. I am hard pressed to really name many authors that can live up to the legacy that Ms. Saquea has chosen to create for herself. She is simply for lack of a better phrase completely tuned into what will draw her readers in and keep them imprisoned with her words until the very last punctuation mark appears on the last page. I absolutely can not wait until the next saga comes out. I will anxiously be waiting on pins and needles to see what this author has in store for us next. I know whatever it is, it will unequivocally be one that the masses will be unable to put down until they finish the last sentence!!! GREAT JOB Ms. Saquea, GREAT JOB!!!!

Taz Will says

Not bad at all just not much going on that really holds you to the story or want to read more into the characters. The whole top dog role just doesn't really add up with Casino, seems he's too detached from what's going on with his guys to be in that role. The ending was interesting but again for him to be the head guy he shouldn't have been caught out there like that.

I'kia Nicole says

I loved the storyline and how the book kept me thoroughly entertained. I hope Casino's child mother get everything that karma has for her. Great job as always Charmanie. I can't wait to read your next book.

Angela says**DAMN DAMN!**

Come on, why did it end this way happy to know Kendal did not betray Casino, but this bitch China start something that she can't finish, it about to be some action love it??

Tijuana Griggs says**Great read**

Casino thought he had everybody and everything under control. Boy was he wrong, never ever trust a woman scorned. For most of the story we thought that Kendal was the snake and that he couldn't be trusted. I even thought he shot Canaan. I loved the relationship the brothers shared and how they truly had each other's back. Kendal turned out to be trustworthy after all. I love Adore and she don't take no mess from Canaan, she's his match. I hope in book 2 Jeremy get what's coming to him. Hopefully, Adore's baby is Canaan and they work out their differences and make their relationship work. Bambi is really a good girl and she warned Casino several times not to mess with her, of course he didn't listen and she had to show him. I loved there mama, she told it to them straight, she didn't take their side just because. Casino baby mama China was something else, she thinks she has gotten the last laugh, bring on part 2. This story was full of lies, secrets and betrayal. I couldn't stop reading it until I was finished. This book was very well written and edited. If you're looking for a great read 1-click this today!!! Can't wait for part 2 to drop.

S. McDuffy says**I'm On Edge**

Payday is coming soon! I can't wait. Where is part 2? Baby, I already see it. Mir, Can, and Griz are not about to play with the people. China done messed up the church's money. It's on now and im here for it!

sha'kia says

An okay read

Seems short but it had a lot drama in it. Casino is the man on the streets but his baby mama China is always being messy. Bambi is just working and making a living but when casino sets his eyes on her, her attitude makes him want her more. Canaan is out of jail and casino switches up his organization but Kendal his right hand feels salty. Drama, baby mama, and a rat casino is on the hunt.

Leona Woolfolk says

When I was looking for my next urban fiction read I never thought that *When A Thug Loves A Woman* would be the book that would get me out of my reading slump, or more accurately be another book that would give me reason to procrastinate in reading the books that were first in line. I don't know if being bad has great results every time - I highly doubt it - but I'm thankful that I ended up loving *When A Thug Loves A Woman*. So freaking glad I took that leap of faith because it was **so good**.

With all the messiness in Casino's life - by his own hand of course - it was a breath of fresh air when Bambi stepped on the scene. Where Casino was used to being obeyed and bowed down to and seen as more than a man but a king, having Bambi come along with her inner strength and gangsta - that was not to be ignored - set *When A Thug Loves A Woman* off to an explosive start, and it carried that momentum to the very last page.

It sucks that I have to wait for part 2, but I think I can be patient - I hope.
