Almost Sleighed Emily James

The truth always comes with a price...

Former lawyer Nicole Fitzhenry-Dawes has finally settled in to her new home in Fair Haven, and her first maple syrup season is upon them. It's not going as smoothly as she'd hoped.

Their sap lines keep springing leaks, and as if that wasn't enough, Nicole finds their groom-mechanic, Noah, apparently trampled in one of the horse stalls.

Fair Haven's interim police chief is ready to declare it an accident, but Nicole believes otherwise. With Noah in a coma, she's determined to figure out who wanted to kill him before the perpetrator can return and finish the job.

But whoever attempted to kill Noah has other ideas and is willing to do whatever it takes to stop Nicole from discovering the truth-even destroy Sugarwood and the man Nicole loves.

Almost Sleighed is the third book in Emily James' Maple Syrup Mysteries. If you love small-town settings, quirky characters, and a dollop of romance, then you'll want to buy this amateur sleuth mystery series today!

Melanie says

[why you would get into a car with a man who could be a killer. I knew he was a killer. My husband listening nearby knew he was the killer. The man was all kinds of creepy. I said, "I know you are not getting into a car with creepy dude." She did anyway.

Thank the heavens (view spoiler)

Sherry says

This Book Absolutely Slayed Me!

OMG! This series keeps getting better & better with each book! There is suspense, romance, & a great story line. I had a very hard time putting it down, the plot twists kept me turning the pages non-stop! Can't wait for book 4.

Shirley Green says

I love the Maple Syrup Mysteries Books, Nicole is the sweetest woman and Mark

Is a great guy. I thought they would never get together, I waited for that kiss, for three books. The story is a good premise. The Maple syrup business, I lived in upstate New York, and had a Maple Syrup shack on the farm, so I know the business. Thank you for writing about this. Shirley Green

Connie says

Great characters

This is the third book in the Maple Syrup mysteries. I really enjoyed the first two, and with the third I am hooked for sure. The main character , Nicole Ritz-Henry Dawes, is turning into a very capable South and getting to know the small town residents of Fair Haven. I read a lot of cozy mysteries and the murder mystery in each book has been a very delightful, twisting, surprise. If you like cozy mysteries even a little this is a must read series.

Vivian says

I am really enjoying this series! Such a sweet moment when Nicole found out the truth about Mark's

marriage! Love the backdrop of Sugarwood and production of maple products - the author gives you enough detail to make it interesting, but not in a way to overwhelm the storyline. The story is full of characters you like and want to read about. Good cozy series.

Karen says

This was an interesting series of 3 books, different murder mystery in each. They are murder "light", not gory or particularly descriptive. The focus is more on who was responsible than the crimes themselves. I figured out a lot of the plot as I went along in all 3 books, but that did not ruin the endings, as I wanted to know if my thoughts were right. I may read more in this series in the future. I also love that there is a maple recipe at the end of the book for a maple treat that was mentioned in the book. I will not delete the ebooks until I jot down the recipes!

Sharon says

New friends / Old enemies

Nikki cannot seem to catch a break. She hasn't been in town but a few months, but she already has an enemy who has bludgeoned her head maintenance man, sabotaged the sap lines and equipment, and caused injury to the love of her life. Join her as she finally finds out the truth about Mark, while she & her new friend, police officer Elise, look for clues and solve the crimes.

Steph Nickel says

The Maple Syrup Mysteries have taken their place at the top of my TBR pile. I have never binge read a series like I'm doing with these books. Kudos, Emily James!

Brenda Golden says

Another good one!

Book 3 in this series is as riveting as the first two. Another mystery with interesting and unique circumstances that kept me turning pages. I really was disappointed when the book ended but glad there was some romantic resolution. No spoilers here. Read the book to find out. Another one for my re-read list. Can't wait for the next one!

Andilynn says

Well plotted cozy

An enjoyable extensively researched series. The plotting was well thought out with just enough clues along the way. I have only read the first three books but plan on reading the rest.

Charleen Madsen says

Well written and believable characters.

Jeri L says

Questions asked and answered

This is the 4th book in the Maple Syrup Series book that I've read and it's the best so far. Surprisingly, it's also the first one that I figured out who done it before Nichole. I love the setting, the recipes and the dogs. Thanks for the fun read.

Aimee says

Captivating Mystery

Almost Sleighed is a captivity mystery. I thoroughly enjoy the small tourist town. Everybody knows each other and their business.

The characters are believable, including Nikki. She isn't portrayed as the amateur super sleuth that makes the local police look like drooling idiots. She draws on her experience as a defense attorney, but doesn't take over the investigation. Most of the characters are likeable, although flawed.

I appreciate how Emily James has found a way to incorporate mystery and suspense without the "F" word & overly descriptive sex scenes.

Kristen says

Not as good as the first two.

Mary Barrett says

5?

I am enjoying this series of maple syrup mysteries. Living in the frozen northeast for the past twenty years has given me an appreciation of the maple syrup industries. It is a long and often dangerous task which we are given a glimpse at in this story. I have gotten helplessly mixed up in the order of these books but they are

still enjoyable and have a good , who done it, murder mystery. Well written.
