**Despair and Destiny** A.K. Michaels

*alternate cover edition for ASIN B010189N62*

Where is Rebecca? Who has kidnapped the sassy Witch from right under the noses of the Wolf Pack? Jacob is distraught and his anger knows no bounds as they fight to find out where his mate has been taken; and by whom. The answer is unimaginable and the bloody confrontation that leaves death in its wake shocks Jacob and Cam to their core.

Can they rescue her unharmed? Or will her ordeal affect her far more than even she could imagine? With happiness surrounding the Pack they have to pull together and seek her out. Before it's too late.

Chastity faces her own fears of fitting into Cam's billionaire lifestyle but finds something that she needs his money to fund. Will he agree? Or will she fail in her attempts to be at his side in the 'human' world?

With action, love, sadness and grief, read Highland Wolf Clan, Book 4, Despair and Destiny to find out all this and more; much more. If you love your Alpha Wolves, suspense, action and love then this paranormal romance is for you.

If you like Shifters and PNR then this series is for you!

# From Reader Review Despair and Destiny for online ebook

## Sue Davis says

I WAS GIVEN THIS BOOK FOR AN HONEST REVIEW AND THIS IS MY HONEST REVIEW ...  
OVER 18 READERS...

A WONDERFUL SERIES THAT CAN MAKE YOU LAUGH AND CRY...ONE I DON'T WANT TO  
MISS OUT ON...

I HAVE HAVE SO LOVED EACH BOOK IN THIS SERIES. You have Cameron Sinclair, Scottish werewolf, who never wanted to be alpha so he left his fathers clan and made a multimillion dollar empire. Then he is called back to Scotland, refused to take over and told his father to give it to his younger brother, Grant. He would go to the United States to figure out and solve the 2nd problem his father said they had, his uncle ask for help and his cousin Fergie had been injured and was in a wheelchair, so he could not help his father. Due to things that happen Cam was forced to be Alpha, met his mate Chastity and became Alpha of her clan, lucky the land touched. Things are getting better for both clans with the help of some of the young Scottish wolves from Grant's clan to help rebuild the American clan. This is just a line or two from each of the first three books, believe me there is so much more that happens in each one that you will love. NOW to continue into book 4, Fergie hears his mate yelling, "Stop please Stop," and runs yelling, "Get your F\_\_\_\_\_ hands off my mate or I'll tear your throat out." Then realizes he is standing on his own legs when she says, "It worked." She had done something he hadn't wanted, because of what would happen. But now Cam needed to be called so they could find missing Rebecca, Jacob's mate, already missing 5 hours. This story made me laugh, and cry. You have Cam and Chastity trying to solve the Fergie problem, find Rebecca (only the men did that), Cam's business in LA. which includes a ritzy ball and Chastity has never been outside of clan land. Of course Rebecca and Stracey (Jinx's new mate) and Cam are taking Chastity on a real shopping trip, no looking at price tags, formal and two of everything causal. The ball will make you laugh as Chastity learns how to handle human barracuda's who have tried for years to get Cam for his money but he didn't give them the time of day. She learns how to deal with Cam and his giving heart. Helping keep a promise to Jacob, going back to deal with clan problems and Fergie, improving on an ideal Chastity had. Putting her in charge of their interests in things she was interested in. And attending Rebecca and Jacob's hand fasting ceremony. Can't wait for this to continue.

---

## Kat says

Despair and Destiny is a good name for this installment of the Highland Wolf Clan Series, after Book 3 New Beginnings cliffhanger ending!

A.K. Michaels sure knows how to leave you wanting the next book, thankfully she has quick fingers, and we did not have to wait long.

We were left wondering who had snatched Rebecca the Witch bonded to the wolf PI Jacob after she had left Angel's cabin. This book is a fast paced, action packed ride, and when the wolves finally find her, they have a serious situation to deal with.

Will Rebecca and Jacob cope with the aftermath of the kidnapping? How will Cam deal with the miraculous recovery of his Cousin Fergie, the rightful Alpha of the pack?

Meanwhile, Chastity gets to see what Cam's other life is when he takes her to LA - how will she take to the "Charity Ball Circuit", with Stracy on hand to help with the required shopping trip needed, it will turn out an expensive visit and Chastity's Alpha tendencies will come in handy when the LA circuit realise Cam is no longer available. There are some LA Social climbers who had their eye on Cam!

As the Synopsis states: **If you love your Alpha Wolves, suspense, action and love then this paranormal romance is for you.**

One thing I was glad for when I got to the last page - I had book 5 sat waiting on my Kindle to read

---

### **Paranormal Books R Us says**

Becca had been kidnapped and the clock is ticking to get her back before the unspeakable happens. With the help of Cam the Pack alpha Becca's mate Jacob will do anything it takes to get to her before it's too late and goddess help anyone that tries to get in his way.

Lovely story that starts out full of fear and anger and turns into an exciting journey that leads many of the characters to the places they are meant to be. Though this story began on a dark note for Becca and Jacob their ending was absolutely beautiful and it finished up the book on a sweet and happy note.

I have come to really enjoy the many different and interesting characters in this series. I hope there are many more books to come about this entertaining pack of Highland Wolves and I very much look forward to jumping into Grant and Shelly's story next. This is a great series to get wrapped up in and in my opinion Highland Wolf Clan: Despair and Destiny is definitely recommended!

---

### **United Indie Book Blog says**

I was given an ARC of this book for an honest review.

This is the fourth installment of the Highland Wolf Clan Series. As such, they do need to be read in order. You will not enjoy nearly as much if you read them out of order.

This book picks up immediately from the end of the third one. You know the cliffhanger that had me scrambling to get to this story. Rebecca has just helped to heal Fergie and is heading back to her mate Jacob when she is kidnapped right outside Fergie and Angel's house. Now the pack is scrambling, trying to figure out who would kidnap her, the reason behind it, and of course, where she is being held. There are major subplots that are tied up as well. How will Cam deal with the fact that Fergie is healed and can now be the Alpha he was born to be? Who will take over Alpha of the Wild Flower Pack? Cam also has to take Chastity from the only life she has known and show her his life. The life of a Billionaire. How will Chastity handle that life?

If you want a great paranormal series, then this is the one for you. This series gets better and better. It has pulled me in so completely that I never want to leave. I need this series to continue. I want to know what happens with Grant and Shelly when they leave to go back to Scotland and he announces his she-wolf and the fact that they seem to be the couple that the poem foretold.

I highly suggest that you pick up Book One of this series and find out just how spellbinding this series is.

A.K. Michaels definitely has a huge hit with this one.

### **Sue Neave says**

This is the second time of reading this series, last time was a couple of months ago. And I think its gotten better if that's possible. I love the interactions between the characters and I'm still in love with Cameron. If you haven't read this give it a go

---

### **Eva Millien says**

Rebecca's missing, there's Alpha decisions to make and Cam needs to introduce Chasity to his billionaire lifestyle in this thrill a minute paranormal romance.

Lots of emotional turmoil captures the heart from various members of the pack, ups and downs, happy and sad, worried and excitement, all of these has the readers totally caught up in the story wondering what will happen next but none of those holds a candle to the rage and despair that flows from Jacob when Rebecca can't be found. There's also lots of passion and romance to be found as well with the various matings including new ones and some celebrations that make all the pain well worth it. This strong captivating pack continues to win readers over with their strength, loyalty, courage and of course let's not forget those sexy highland wolves and the fast paced, smooth flowing plot grabs reader's attention from the very beginning with action, suspense and romance.

Tension builds as the pack searches for Rebecca and let me tell you the bad guys better move out of the way because Jacob's on the war path and nothing will stop him getting her back and then there is lots of other exciting things happening within the pack and Cam's decisions will bring about many more, so I have to tell the excitement never really ends. The well written scenes and details ensure that the reader becomes completely immersed in the story while the intriguing events ensure that there's no how, no way, the reader can put the book down.

I find that I love visiting Cam and both packs and well I have to say that this visit kept me on the edge of my seat with some spectacular happenings and some truly memorable events and I can't wait to visit Grant and his new mate in Scotland.

---

### **L M says**

Read through Kindle Unlimited.

I really suggest reading these in order to get the most enjoyment from the story.

The new wolves are arriving and settling in. Lots happening in Cam and Chastity's lives. Chastity has to integrate into the world of her billionaire mate.

I love how there is so much going on all the time, good, bad and downright nasty.

We have more than one couple finding each other in these books which really diversifies the story for me.

Also the fact we are getting a mix of connected packs stories blending together.

Great how Fergus and Cam sort things out and the direction things are going.  
Really hate what happened to Rebecca but loved how resilient she is.

---

### **Patsy Gazaleh says**

#### **Another Good one!**

I like how this one ended much better. Than the last. These keep getting better and better! Very entertaining and intriguing.

---

### **Tracy Ehlers says**

Wow love it! This book took right of where book 3 ended and man it took off! An awesome continuation for the Highland wolf clan series, great story with suspense, Drama and romance.. Love the wolves the witches and can't wait to read more!

Keep them coming Ms Michaels I have a clicky finger waiting for more!

---

### **Donna Langley says**

#### **Beyond awesome!**

Never fails another great one added to this wonderful story! I'm in love with this story from beginning til now and want the next book asap!! Lol cannot get enough, everything seems to be going well and falling into place,yes!! Fergie is a whole man now and Alpha like he should be. I never laugh so hard when they went to the ball. So funny with the mouths dropped to the floor. I laughed a lot in this one some of the characters are funny and awesome. I even love Aden the panther. Poor guy I hope he finds happiness in this pack

---

### **Donne Knudsen says**

I like the way this series is constantly adding new characters with every book. That always keeps a series more interesting because the next book can go in more directions and the plot can have more dimension or something like that. I don't know, I just like the characters that keep getting added.

### **Lady Living In Bookland says**

Reviewed on behalf of Ladies Living in Bookland

Jumping straight back into the Highland Wolf Clan where we left them in the third book, 'New Beginnings' we come back to the story of Fergie and Angel and how her love for the once-Alpha since his future was bypassed because of his accident which lead him to be bound to a wheelchair. Rebecca had healed him but was still to learn of his new development, which he quickly does upon discovering that she has gone missing

from her mate, and Pack.

-----

Excerpt:

"...I couldn't stand by and not do anything...you're my everything, Fergie, and you were dying inside, right in front of my eyes."

-----

With Rebecca missing they unite to find this woman with a heart of gold...bringing her back to her back but what damage would already have done?

The desire for Fergie to return to be rightfully Alpha would cause a strain on the cousins, Fergie and Cam. But surely after all Cam had done for his pack would see them working together rather than against each other...

-----

Excerpt:

...Fergie looked over at Cam for the first time and Cam could see an Alpha staring back at him

-----

A trip for Cam and Chastity back to their 'human' lives lets us see their new connection and future together, despite Chastity's concerns.

The continuing relationship between Logan and Tina is also incredible...their story developing from where we had previously left them. Seeing them cement their love for one another firmly...

-----

Excerpt:

"I can't even put into words how I feel about you, Logan...it's more than love, it's more than anything I've ever felt before. Love doesn't seem enough to describe it."

-----

But as the pack decides how to move forwards and reassigns their positions accordingly, we see the love we have known and felt from the original characters Cam and Chastity throughout. Their bond going above and beyond every time.

-----

Excerpt:

"I don't want a lot Cam. I just want us to be happy and have a long life together. I've learned the hard way just how lucky I am to have found you..."

-----

With a new future and a newly branded pack, we see more emotional developments and exciting times ahead for this group of not only wolves, but friends and family..

-----

Excerpt:

The new name, and the one we will be known by from this day forward is, Wild Highland Heather Pack.

-----

Another awe inspiring read by A K Michaels for the Highland Wolf Clan Series full of hope, determination, bonds and acceptance and equality, despite whatever comes their way...the future of the West Highland Heather Pack seems full of promise, commitment, trust and most importantly love.

-----

Excerpt:

...It's all real. We are real. It's only the beginning, Chastity. We have our whole lives ahead of us...

-----

A truly magnificent read that captured me from the first page right until the very last. Spellbinding in more ways than one. If you haven't read these books, please do!

---

### **Helen Barnes says**

REVIEWED ON BEHALF OF YOUR NEXT HOT READ.

Another fantastic instalment in the series. I was eagerly anticipating this book more than the others after the cliffhanger of book 3. It was worth the wait.

Certain scenes in this book literally had my heart stalled in my chest and others had me shivering with a dreaded fear, which is all testament to brilliant writing.

I'm looking forward to book 5 and seeing all the plans Cam has being put into place!

---

### **Donna says**

Cover/Title: As usual the cover is gorgeous. The title is fitting as poor Jacob has a lot of despair about Rebecca's situation.

Characters: I love that although the author kept the same characters, a few new ones are introduced throughout the book. I can't wait to read more and learn about the new pack members.

Plot: The last book ended with Rebecca being kidnapped and this book picks up there. I loved the story line. Even though I would say Cam is the MC, the series rotates around a central group of characters. The reader really gets a lot of insight into their daily lives. These characters go thru so much but they work together to get thru any issues that arise.

Overall: I love this series. I am trying to think of any unfinished business left for this series. I can only think of Mac. I really hope that he gets his HEA in the next book. I will definitely be reading on to see what happens with this crew.

---

### **Mary Harrell says**

#### **Great book**

I keep reading each book and they just get better and better. I know there something coming from this book in the next one.
