Lost

Dean Murray

Lost Dean Murray

I felt like I'd lost everything. My home, my girlfriend, my friends, they were all washed away by a group of shape shifter thugs who were determined to keep their boots on the throat of every wolf and hybrid in North America.

Graves Manor being burned to the ground was the last straw. I was relieved when Alec, the leader of our pack, told us to scatter and go to ground while he worked on a plan that would allow us to fight back against the hybrid enforcers that had come so close to killing us.

I thought Ash, Kristin and I were in for a few quiet weeks. I didn't count on the fact that one of my companions was a ticking bomb or the fact that the other was hiding a secret that was going to change the world as I knew it.

Anna says

love the storyline

Archer says

Another well written story in the series. Glad that Issac finally moved on. And I hope the rest of the pack get back together soon.

Crystal says

Another great read

I loved Isaac and Celeste story, and I hope to hear more about them in the next parts! I cant wait for Marked(book 11) so Im going to go buy and read it NOW....

Gracie W says

I loved how this book is in Isaacs' point of view. Dean Murray probably had tough time making all these books fit in with one another at exactly the right moment. Throughout the whole book you are left wondering what Isaac will do next to help Ash and Kristen out. Ashs' sister comes into play in the most surprising way you could probably think. But I love the love-hate relationship that Ash and Celeste have. Its amazing to see how Jasmin and Isaac sort of fall down the same path when it comes to saving the ones they care about. There is a twist, that happens to Isaac, at the ending that I love. I cant wait to read the next book and see what happens to Alec and Adri.

Merissa (Archaeoliberalian) says

I received this book from the author in return for a fair and honest review.

This book follows the path of Isaac after he's parted from Alec. He has lessons to learn and things to realise and the only way he will do this is by living a life that he wasn't truly expecting. Isaac has decisions to make that will reflect on everything that he will do in the future. Luckily, he has some help from Rachel to help him along his way. There is a whole new world introduced in Lost that I am sure we will be seeing more of - or at least I certainly hope so. Without saying too much and giving it away, Set quickly became a favourite character and I loved every scene he was in.

I love how scenes from other books are played out in this one and they all fit together perfectly. This series

continues to grow and turn into something so much more than 'just' a paranormal romance. The characters in this series are all growing in every book they feature. Fantastically well-written and thoroughly enjoyable. You will get 'Lost' in this story. I really can't recommend it highly enough.

Bigbear Woolliscroft says

Isaac's story after leaving the pack will surprise you, it is well written and comes to an interesting conclusion. It would have got a five, but I have to admit that the violence in this volume was reaching the point, where I just skipped the next few pages, and that despite the fact that Dean Murray writes some very good fight scenes. BTW, is this just me or is this turning more and more into King Arthur and the Round table with wolves?

Lissy Liz says

Great story line, the stories mesh together so well that when I pick up the next book it picks up right where the other one left off. Always with a twist that leaves my head spinning and wanting more. Great job Dean, love your books.
