Merrie Axemas

M.R. Sellars

Merrie Axemas M.R. Sellars

Little Merrie Callahan is all grown up now.

She doesn't believe in Santa anymore.

But she still has an axe to grind with the man in the red suit...

And, for FBI Special Agent Constance Mandalay, the Christmas Holiday will never be the same again.

A creepy, holiday-themed, paranormal thriller novella from M. R. Sellars, author of the best selling Rowan Gant Investigations series.

Merrie Axemas: A Killer Holiday Tale was written specifically to be published as a free ebook, as a gift from M. R. Sellars and his publisher to his fans.

Sharon says

Can't wait to read more by M.R. Sellars

Janet Vanderbeek says

I actually liked the book but was very disappointed that it didn't have an ending. I don't like the fact that they draw you in only to make you buy another book.

The story is a good one and I couldn't put it down. I really wanted to know how this book would end and then comes the disappointment. There is no end to this book. You are left hanging.

I would have given it a higher rating except for that fact. I did not read any reviews on this book and wish that I had. If I had known it didn't have an ending I would not have bothered.

Chris says

Okay, I'm conflicted about this book. I have no problem with short ebooks. I have no problem paying money for a short ebook as long as I know that is what I am doing. And I should point out this book was a freebie, so I didn't lose money.

However,

if the book is basically a teaser - could you please put that in the title or description so people know?? It was so disappointing to get to the end and then be told I have to buy something that will include part of this, to find out what happens. It's a shame because Sellars' work is really good. IT is a believable tale and the heroine is wonderful. I will most likely buy it, but I would've liked a warning.

Velia says

I did not like the ending. Seriously?! WTF??? I should've known a free e-book is a trick to buy the full story.

This is so going to give me nightmares. It reminds me of the TV show Law and Order SVU. Disturbing. I will be reading In the Bleak Midwinter this week because I need to know what happens regardless.

Brenda says

In 1975 at the tender age of ten, Merrie Callahan was abducted by a Santa in a department store in Hulis,

Missouri. With her parents and the locals, plus the police all searching for her, she was finally found by Sheriff Skip Carmichael on Christmas Day. She was badly hurt, in a catatonic state, covered in blood, but she was alive. But for all the years following, she remained at age ten in her mind, while growing into womanhood...

When Special Agent Constance Mandalay arrived in Hulis three days before Christmas thirty five years later, she was met by Sheriff Carmichael. She was following in the footsteps of four other FBI agents who had come to investigate the phenomenon which had been occurring every Christmas for the past seven years. Mandalay couldn't understand why past agents' reports were missing, why any reports she could find had very little information in them. Something strange was happening, she was uneasy; would she find the answers in this unusual case?

This psychological thriller was brilliant! A novella which was extremely hard to put down with creepy twists and turns, and a gripping ending which left me wanting more! I discovered in the author notes at the end that this novella spawned the *Special Agent Constance Mandalay Novels*, in which the "rest of the story" is told in *In the Bleak Midwinter*. I will have to pick that one up very soon now! I certainly have no hesitation in recommending this novella highly!

Melissa says

I liked it. I read it in a couple of hours. it totally drew me in. I was shocked by the end and was a little disappointed that the end was, in my opinion, left me hanging a little. I will have to get the next book. I thought that Merrie was the killer but the people at the home would see her leave. then I thought it was gear sister. boy was I wrong.

Kelly says

Holy... what? I am so intrigued by this story that I want the expanded novel now because *flaily hands* THINGS HAPPEN and I want to see how they play out. Dark and bloody, I just... want more. MOAR!

This book was a free Kindle download I picked up 11/21/12 for the Why Buy the Cow? reading challenge.

Full review of Merrie Axemas and *In the Bleak Midwinter* posted [HERE](#))O(

Aymee says

MERRIE AXEMAS is just my kind of holiday story! And if you've never read M. R. Sellars, this is a great introduction to his unique style and oddball, but lovable characters. A great little mystery that will have you on the edge of your seat, MERRIE AXEMAS is a fun way to spend your Christmas Eve, bah humbug or otherwise.

Linda B. says

I love M. R. Sellars work! This lived up to it!

Angel **Book Junkie**** says****Novella/Short Story Ratings**

Book ♥♥♥ 3 Stars

Author ♥♥♥♥♥ 5 stars

Total ♥♥♥♥ 4 stars

Okay before I go into the bad ... I will say that M.R. Sellars knows how to write a book and a good one at that. This was a brilliant creation. I got this book for free on Amazon and again I hate when no one tells me that it is the prequel for a series..I feel that this is a ploy by marketing to get you to buy the first book and make sure that you buy the second. Hint: If you use the term prequel many people will buy the second book after reading the short story. I just like to be told that is what is going on! I like the story but, really want to know WTF happened at the end????!?? That was crazy and now that I am off my high horse I just may possibly by the rest of the book so that I can see how this crazy story ended.

Robbie says

Very well written. I'd have rated it higher if it had had an ending. I will, however, read other books by this author.

Angie says

Enjoyed this one much more than I thought I would - ended a little strange , but I understand it now hasn't really ended ;-)

Laronza Wiley-moore says

I liked it BUT WTH was that ending!!!! Draws you in so that you will go buy the FULL novel!! I read this in one sitting and it was great until I go to the end.. lol. Great story and great characters...

Dave says

Nice mystery with a twist, more people should read M.R.Sellars!
