**Silly Frilly Grandma Tillie** Laurie Jacobs , Anne Jewett (Illustrations)

Lucky for Sophie and Chloe, Grandma Tillie knows how to royally entertain her grandchildren. To their delight, whenever Grandma Tillie babysits, she seems to disappear, only to be replaced by a parade of lovable characters. There's Tillie Vanilly with the bright pink hair, star of *The Tillie Vanilly Show*, who loves to tell jokes and dance the conga; Chef Silly Tillie with the lampshade hat who offers up a dinner of Worm Chili with Glue Gravy; and Madame Frilly Tillie with the sparkly eyeglasses and towel turban, the world's most creative bath-bubble stylist. Sophie and Chloe wonder who will appear to tuck them into bed: Hiker Hilly Tillie, Explorer Chilly Tillie, or Zoo-lady Gorilly Tillie? To their surprise, it's the best character of all—just plain Grandma Tillie.

After high hopes that this would be a great story time book, I was disappointed. The concept was wonderful, the book seemed overly long.

Having an extraordinary grandmother as your babysitter is a wonderful fun time for two little girls. They never know who their grandmother will be the next time she comes into a room; she plays a different role each time, which delights her granddaughters. Children like silliness so they will be enchanted by this story.

In addition to the story, the illustrations are superb and follow the story beautifully. The cover art pulls you in to read the book.

All in all a welcome addition to children's literature!

I received this children's book as a Godreads First Reads book from the author. It is written by Lauie A. Jacobs. It is a beautiful book to look at even before opening. The cover caught the eye of my four and a half year old grandson, because we noticed the lady had pink hair. We began reading the book and even though it is about two little girls (and not about boys like him) and their grandmother and the really funny things she does with them, he was laughing and giggling as we read the book. He especially liked how the grandmother disappeared and the lady with the pink hair appeared. This is a beautifully written book, with just enough suspense to keep a child guessing and I personally (as a grandmother myself) enjoyed the book. The book is printed with beautiful color illustrations by Anne Jewett, and they capture the eyes of a child as the story unfolds. It is a great book for young and old alike, but definitely one for a grandmother to share with a favorite child of her own.

This a great story that shows a wonderful relationship between two girls and their grandma. With a spark of imagination, Grandma Tillie can entertain her grand daughters without any type of electronic entertainment. Very refreshing!

I really, really liked this book. It is awesome that Grandma Tillie transforms from the typical knitting

Grandma into a cool and hip lady that entertains her grandkids. Every child wants a grandma like this. Most kids love going to grandmas house to stay the night. If more grandmas were like Tillie, even more kids would be giving their parents a night off.

The illustrations in this book are fun. Plain fun. I looked at the book and smiled.

Fun story about two girls who stay with their grandma. Grandma goes into the closet to knit, but out comes some wild ladies who help the girls enjoy their evening. My girls loved it. It was fun to read.

Grandma Tillie is coming over to babysit her two granddaughters one night. She swears she is just an old lady who sits and knits all night, but really she changes many a hat and character to make the evening fun filled for her charges.

Grandma Tillie is everychild's imagination with her many personae. Sophie and Chloe, her granddaughters, love their baby-sitter when they know it will be Grandma Tillie. **Laurie A. Jacobs** seems to know exactly the kind of Grandma children will love to play with, because when Grandma Tillie comes, she is not alone. She is anyone and everyone and a barrel of fun.

She might be Tillie Vanilly, Chef Silly Tillie, or maybe Explorer Chilly Tillie. Whatever or whoever Grandma Tillie is, she is an entertainer and story-teller, a Grandma that any young child would love to have. An endearing childrens' picture book, lovingly created in words and illustrations, bound to be a hit.

I really enjoyed reading this to my daughter, Sofia. She loved the story. It did make me a little sad because both of her Grandma's passed before she was born and I know they would have been exactly like Grandma Tillie. I think all grandma's should be this fun! Great book, loved the pictures.

I had high hopes for this book, but my daughter loses interest by the second page so I have to do the hide and seek game of whats on the page to keep her into the book. Maybe next year when shes a bit older it will keep her attention.

This is my current favorite children's book. It's just so fun to read, especially if you like to use different accents. The grandma is so silly, it's hard not to enjoy this one as much as the kids. Now excuse me while I finish doing the conga down the hall...

My daughter enjoyed the story but did not get all of the jokes. It was not one of her favorites. There is a cat in each photo which helped bring her through the story.

Grandma looks like Meryl Streep in "The Devil Wears Prada," sweeping gray curl and all. Was that helpful or a distraction? Find out in our full review.
