The Emerald Tablets of Thoth-The-Atlantean

Maurice Doreal , Kristen A. Vasques (Illustrator) , Doreal (Translator)

The Emerald Tablets of Thoth-The-Atlantean Maurice Doreal , Kristen A. Vasques (Illustrator) , Doreal (Translator)

The Spiritual, Occult and Historical significance of the "Emerald Tablets" is almost beyond belief of modern man. Written around 36,000 B.C. by Thoth, an Atlantean priest-king, this manuscript dates far back beyond reach of any Egyptian writings ever found. The author, Thoth, a Master-Teacher of the early Egyptians, put this treatise to writing in his native Atlantean language and Dr. Doreal, by use of his expertise as an Occultist and Master of time and space, was given the directive to retrieve these Tablets and translate them into English for the edification of modern man. The powerful and rhythmic verse of Thoth is wonderfully retained in Doreal's translation. Contained within the pages of Thoth's masterpiece of Spiritual and Occult Wisdom is the synthesis of the Ancient Wisdom Teachings, the guideline for initiates of all ages, revealing the Knowledge and Wisdom hitherto held secret, but now in this New Age, revealed to all Seekers on the Path of Light. Dr. M. Doreal, Ms.D., Psy.D., is the Spiritual; Teacher of a multitude of Seekers of Light, having founded a Metaphysical Church and College - The Brotherhood of the White Temple, Inc. He is the author of all of the Organization's writings and teachings, having been given permission for the Esoteric Wisdom to be remitted in a public forum by the Great White Lodge, the Elder Brothers of mankind who shape and form the Spiritual evolution of earth's inhabitants. The Brotherhood of the White Temple, Inc. is a correspondence school, accredited through the State of Colorado, and mails out to its world-wide membership weekly Lessons of Truth. Its four and one-half year College Course unveils the secrets of the Symbolism of all Mystery Schools, giving precisely and beautifully, the step by step progression all Seekers have searched for in their quest for Oneness with God, and for attainment of Cosmic Consciousness. "Read, Believe or not, but read, and the vibration found therein will awaken a response in your soul." - Doreal

Devaney Roberts says

This is book has so much wisdom and knowledge! Very deep thought outlooks and it truly explains and shows you what you are truly missing within the darkness... this book truly brings the darkness into the light for you!

Hanna Nilsson says

Interesting. Keep an open mind and you'll learn a thing or two about spiritual growth. But keep in mind that this is not the same as The tablet of Hermes, written by Hermes; meaning Maurice Dorsal have added his own words, translations and interpretations; where is unknown.

A good read, surely; I noticed a few add's which did seemed out of context. The later chapters felt as if they were heavily translated and edited.

Take the time to read it, you'll not regret doing so. Just Remember to do your research and decide in which way you are to interpret the text. As a fantasy, history, spiritual growth text etc.

ROY JACKSON says

Absolutely fantastic

Very informative and enlightening. The book was well organized and the translation was that the average layman could comprehend with understanding, even feel a sense of being a part of its unfolding.

Mathew says

Fascinating. Wisdom still very relevant in todays world. Will keep this on me at all times.

JJ says

Poetic, inspiring, and very enlightening! The Emerald Tablets of Thoth is a must read for those who seek wisdom and development of the soul. In addition to fragments of Atlantean history, the tablets also act as a guide for evolving the human consciousness to higher levels of truth and awareness. In my personal opinion, I interpreted Thoth giving instructions in astral-projection a term utilized in esotericism to depict a willful out-of-body experience, an alleged form of telepathy that presumes the presence of a soul or consciousness labeled as an astral body that is independent from the physical body and adept in migrating outside of it anywhere in the universe, in which Thoth obviously mastered. Astral-projection and these higher levels of consciousness are also tied to the human pineal gland of the type of abilities humans can achieve as multi-

dimensional beings when the gland is fully activated. I definitely recommend this book to anyone traveling down the path of spiritual enlightenment. I also recommend the book to those who have read Zecharia Sitchin's, "The Lost Book of Enki: Memoirs and Prophecies of an Extraterrestrial God". After all, Enki was the father of Thoth.

In addition to spiritual enlightenment and the book mentioned above, I also recommend this book to any fan of David Icke. Specifically those who read David's, Children of the Matrix would I highly enjoy Emerald Tablet VIII: The Key of Mysteries. In this tablet, Thoth describes of the days of the Kingdom of Shadows and the coming of the children of the shadows. Out of the great deep were they called by the wisdom of earth-men, called for the purpose of gaining great power. Far in the past before Atlantis existed, men there were who delved into darkness, using dark magic, calling up beings from the great deep below us, forth came they into this cycle. Formless were they of another vibration, existing unseen by the children of earth-men. Only through blood could they have formed being. Only through man could they live in the world. In the form of man moved they amongst us, but only to sight were they as are men. Serpent-headed when the glamour was lifted but appearing to man as men among men. Crept they into the councils, taking forms that were like unto men. Slaying by their arts the chiefs of the kingdoms, taking their form and ruling o'er man. Only by magic could they be discovered. Only by sound could their faces be seen. Sought they from the kingdom of shadows to destroy man and rule in his place. This tablet mirrors Icke's theory of the world's leaders being reptilian shape-shifters.

Pascale says

I actually enjoyed this book very much.

I will be honest though I skipped much of the interpretation part as I thought it was more confusing than anything. I thought the introduction was a bit pompous also. But the tablets themselves with the 2 additional ones at the end were quite interesting and contained information worth reading.

I do recommend it for those who enjoy finding links to things they know or other documents they have read. I find it fascinating how similar information can be passed on through so many different sources on such a varied time frame.

Christopher Miller says

Admittedly, the words of the tablets are 'evergreen', timeless in their thoughts and instruction. It's just a shame that the author (or his translators) did not proof-read the final copy. One should not be expected to have to add a letter here, substitute other letters there, to make sense of what was intended. That made it hard going. As such I wouldn't recommend this book to anyone but true seekers after 'truth'. THE information is there, it's just hard to find.

Sarah says

"Darkness transmuted is light of the Light.
This, my children, your purpose in being;
transmutation of darkness to light."

Bettie? says

Read by Josh Reeves (big mistake right there!)

The tablets go back to 36K BC - really, he says so. The writer is, as the title suggests, Thoth, a priest-king who founded a colony in Egypt after his island sunk.

Advice: depress the mute button for three hours and there you are, done, and eager for a new read in another genre.

Wissam Asaad says

Knowledge is regarded by the fool as ignorance, and the things that are profitable are to him hurtful. He liveth in death. it is therefore his food.

wisdom cometh to all her children even as they cometh unto wisdom.

list to the voice of wisdom; list to the voice of light.

The wise man lets his heart overflow, but keeps silent his mouth.

Seek ye with wisdom, Turn the thoughts inward, close not thy mind to the flower of light

Clear is the pathway to he who has wisdom. Open the door to the kingdom of light.

Philip Moyer says

Doreals translation is key, in my opinion. The differences between this translation and the others are subtle, but can impact the delivery as well as intentions

Fundi says

If you read this several times, the light in you will recognize the light in this ancient text.

Hotspur says

This is interesting. Its clearly written in the 1930's, by an author tied to this mystical White Brotherhood. There's references to modern ideas and forms as well as core beliefs of this white brotherhood, that give this away quite easily. The first half has some nice, perhaps channeled mystical or spiritual advice, while the second half devolves into the clearly fake Atlantean history and time and dimensional ramblings, which while clearly not from 36,000 BC, still remains interesting to read and think about.

Roberto G says

Loved this book!!! I really recommend. Very worthwhile. So many doors it opened in my mind. So many more questions. Like how was this information obtained and then translated? From actual tablets or from channeling? If anyone has a clue please let me know. I would also recommend to anyone that appreciated this read to also read The Memoors and Prophecies of an Extraterrestrial God Lost Book of Enki.
