Thirteen More Tales of the Night

After the fate of the Camarilla and the Sabbat of the United States has been decided. After the powers behind the young Toreador Leopold are revealed. After the fate of every Kindred in the World of Darkness has been altered by the Clan Novel series, comes this anthology of all-new stories. Written by the same authors who delivered the action of the Clan Novels, this anthology presents further tales of the characters you have come to know so well. Even of those Beyond Death This collection of 13 original stories builds upon the success of the popular 13-book Clan Novel series. The Clan Novels have been very successful and readers have clamored for more tales about their heroes (and villains!). This anthology reveals even more secrets about the Kindred of the World of Darkness.

## **From Reader Review Anthology for online ebook**

### **Mandy says**

Having now made it through the whole series, I'd say I liked them quite well. The books are quick, filled with complex characters, and entertaining. I enjoyed the anthology for its collection of snippets about characters given slightly less description or POV through the rest of the series. If you like vampire books with lots of characters to keep track of that is set in a fairly complex world, I'd say these ones are for you.

---

### **Beau Johnston says**

An interesting collection of short stories. It is a real shame that the producers of the short-lived TV series didn't follow the source material more closely (or even better, get these guys to write for them).

---

### **Crystal Vassil says**

I have to say that the ENTIRE clan novel series was very well done. It accurately portrays each clan, indeed each individual's reaction to the coming of Gehenna, and how each faction reacts to the other in times of war, deceit, and betrayal.

<http://jamesgenrebooks.blogspot.com/2...>

While it really doesn't do much beyond tie up a few loose ends, it's a fitting conclusion to the occasionally disjointed saga.
