Bashful Banker Cindy Caldwell , River's End Ranch

Olivia Hamilton loves everything about New York—her local coffee shop, the walk to work, the skyscrapers. As a young, single CPA working on audits, life is exciting—and longing for her Texas cowboy-boot history fades day by day.

Fred Wharton, III, has spent his entire life in Riston, Idaho, working in his family's business—the Bank of Riston. Going back generations, his bonds run deep with the owners of River's End Ranch, the Westons. As the keeper of secrets, the return of the parents to the ranch have put him in a pickle.

When the Westons need an audit in a hurry and it's shrouded in secrecy, he sends up an SOS and Olivia comes to the rescue, both professionally and personally. But will his secrets with Mr. and Mrs. Weston keep him from a path to love and a future of his own?

Reviewed at Romance Is Ageless

Bashful Banker brings us Fred's story, a banker who has worked with the Weston family for years and with Mr. and Mrs Weston on an extended RV trip he's also been the bearer of new projects for the adult children back at River's End Ranch. Now the senior Westons have given him a whopper of a secret to pull off – and for this man who holds a client's confidentiality close to his heart it just may mean the end of his own romantic hopes.

Olivia and Fred's romance is light on the drama and deep on trust and the discovery of that perfect person. The problem arises when Fred cannot tell Olivia the entire truth about the project they are both working on. As their feelings grow, so does the tension about what Fred is keeping close to the vest. Sooner or later something has to give... hopefully it's not someone's heart.

This story marks a major landmark in the series, so I don't want to go into details. Olivia and Fred make a sweet couple, unlikely in some ways, perfect in others. We get a very light visit from the fairies, and a lot of catching up with the members of this huge River's End family. If you've followed the series, then this one is a story that you'll need to pick up.

I enjoyed myself, as always at River's End Ranch and would recommend this story and the entire series to any Romance reader.

I read this title through my Kindle Unlimited subscription.

Enjoyable read

Thirty times now I've tried to explain the story line of a River's End Ranch book, and each time I've tried to explain my enjoyment of that book. Let me put it very succinctly, this was a good read told by an artistic writer.

Brandi Mcfadden says

Nothing original

Shocker : 2 people just met, go from friends to married within weeks. It's the same as almost every book in the series. No originality. What makes it even more ridiculous is that Fred was in love with Dani forever, then he suddenly gets over her and marries someone he just met, all in the same book. And let's not forget about creepy Joshua.
