For One Last Kiss

Cali MacKay , Calista Taylor

For One Last Kiss Cali MacKay , Calista Taylor

As a reaper, Lilly knows that relations with the living are strictly forbidden, and even more damning is to contact someone from her past. Yet when she gets the opportunity to see her betrothed once more, she cannot possibly resist the chance for one last kiss.

This is a short story with an extended preview of the full length novel JACK- A GRIM REAPER ROMANCE.

Some scenes in the preview for JACK are not suitable for those under 18 years of age.

From Reader Review For One Last Kiss for online ebook

Jean Oram says

This is a short story that shows a little backstory between the main characters in Jack, also by Calista Taylor. It's a very cool way to see what happens and creates the conflict in the main character's 'new' life as well as... well, I can't tell you too much or it will spoil "Jack!"

Irene says

This one is a short story prequel to the Jack - A Grim Reaper Romance. And it's very short, like app. 20 pages short but quite interesting read. I think I'm actually going to go and find the next book to read.

Deb says

LOOK TO BE A GREAT BOOK TO READ. LOVE CALI'S BOOKS!

Cynthia Whisler says

Prequel for Jack..

This was a great prequel. It help to gain the respective of what Jack would entail. I was glad I'd found it before I started to read Jack.

L Bongiorno says

I was totally drawn into the super short story and then read the much longer teaser to the next book. I hate these lures, I picked this book because it didn't mention it was part of a series... then I'm hooked:(

Crystal says

This was a short but interesting story. I felt sorry for her because she had to something she didn't want to be and had to give up a lot. The man that she loved and the daughter she will never know. I would hate to know when I touched someone that in the week they would die. I would hate to live forever knowing that I had nothing to look forward to but having to give the touch of death.

Wendy Hodges says

While only short this is a prequel to the main story. It is enough to give you an idea of whether this type of story is for you, I found it interesting enough to go on to the main story which I have also found quite good. Far better than I expected and a very different take on the Jack The Ripper story, although set during that time it doesn't really have the oldie weldy feel when reading. It also has some sexual content. Though a short read it is definitely worth the 5 stars.

Whitebeard Books says

Thanks in a large part to the writing skills of Calista Taylor, I'm becoming a fan of Steampunk. I like the era, the attention to detail in taking the reader there. I look forward to another title by this very capable storyteller.

Donna says

This is a prequel to Jack's story by Cali MacKay.

This is a short book and starts to give an insight to Jack's past.

Lilly knows that now she's a reaper, relations with the living are strictly forbidden. Even more so damning to Lilly is to contact someone from her past. When Lilly actually gets the one opportunity to see her betrothed once more. Lilly can't possibly resist the wrath of the elders for one last kiss.

I love Cali MacKay but i couldn't really get into this book and it takes a lot to leave such low markings on such an awesome authors books.

Sadly I have to give this 3*s

Louise says

I think I might have missed something?

A very short story giving a background on Lilly's misery. This leads right into a teaser for the next book...Jack. But this leaves you hanging half way through the story. Hoping you will rush and buy the next book.

That was disappointing to me, I wasn't expecting it, my fault maybe?

Otherwise I enjoy the authors style of writing and lots of things going on to keep your mind thinking.

Kassandra says

I believe the Reaper is going to become very popular in books now, because a lot of authors are writing books using the reaper as their main character.

Alright, this was just a short/prequel story for Calista Taylor's book "Jack- A Grim Reaper Romance." It also includes a preview to Jack- A Grim Reaper Romance! For One Last Kiss managed to get my interest in reading Jack- A Grim Reaper Romance.

So, For One Last Kiss is the story of how Lily is experiencing being a reaper, and how she still longs to be with her betrothed. Lily can not contact him, because it is strictly forbidden for a reaper to have contact with the living. If Lily dares to see her betrothed for one last time there will be consequences that even a reaper is unable to handle.

I recommend everyone to read For One Last Kiss, because it is a great short read!

Marsha says

"For One Last Kiss" is the prequel to the Grimm Reaper romance. This prequel is extremely short but provides a little information about or main character, how she lost her life and what she jeopardizes to have one final moment with her former fiancée. I am really interested in reading the first book now!

Tanya says

Great

This allowed your appetite for more as you want to find out more and what is really happening. A taster

Nancy Steinle gummel says

Enchantment is different from the run of the mill romance novels. This book lives and breathes magic. It involves Channie and Josh, two young lover's living under an evil curse started when Channie's parents changed her power name and fled Arkansas to evade their enemies. Channie meets Josh in Colorado where her parents take refuge. Read Enchantment to discover how Channie and Josh defeat the curse and dark magic.

Angela says

This was a fast read & overall enjoyable. It reminded me a lot of the premise of "Dead Like Me". It is a tad predicatable, but it is a pretty short story. I finished it wanting to read the book about Jack.
