Forced by the Stepbrother

Forced by the Stepbrother Celia Aaron

Dancing for strange men was the biggest turn on I'd ever known. Until I met him. He was able to control me, make me hot, make me need him, with nothing more than a look. But he was a fantasy. Just another client who worked me up and paid my bills. Until he found me, the real me. Now, he's backed me into a corner. His threats and promises, darkly whispered in tones of sex and violence, have bound me surer than the cruelest ropes. At first I was unsure, but now I know -- him being my stepbrother is the least of my worries.

Standalone - no cliffhanger

Warning: This book contains situations involving forced seduction and dubious consent. If these are triggers for you, it's likely best for you to avoid this story. If not, get the popcorn and enjoy.

Amara says

Oh, I was so into it at the beginning. His quiet restraint! The need you felt.

Then.

It died. And I don't know why. Wait. I do. When they meet for real, she starts fighting it. And that's dumb. There's no reason for it. Except for maybe because it's a forced submission series.

And the dad? Totally unnecessary and killed any buzz that might've lingered from the beginning.

Sophia Triad says

Gray and Sadie have met at a strip club, where Sadie works. She is a really good student, a girl that makes her mother proud and nobody knows anything about her secret identity.

Gray has been lasting for Sadie and he has become a regular to the club in order to see her. Unfortunately, the club regulations do not allow him to touch her.

Sadie will be surprised to find out that her new, dominant stepbrother is her best customer. Gray now will have his chance to touch and to do whatever he wants with the dumbstruck Sadie, because he agreed to keep her secret as long as she is his for a week.

You should expect full smuttiness and a couple of story twists. I was a bit disappointed with the epilogue, but overall it was an interesting story.

Ceeri Jay says

This was the least believable of the forced series.

I feel that Aaron pulled back last minute from ending this as a father-son-stepdaughter taboo story.

Maybe that would have been a bridge too far.

But this girl in my opinion was totally TSTL

Scholar? I don't think so, unless it was learning all about the D.

Meka♥books says

I really liked the concept of Celia Aaron's Forced by the Stepbrother with the stripper and D/s elements added in there. Some details were reminiscent of other erotic storylines but different enough to make me

question if similarities really exist. My favorite part of each book within this stand-alone series is the plot twist.

Even though this is a shorter read, the ending could have been better rounded and comprehensive. I felt like the built up to the reveal was a letdown like watching a gymnast perform a good routine just to miss the landing.

It would have been nice to see where the author took these characters after the big reveal. I would have given this book a higher rating if not for these reasons and the mere feel of abruptness.

I honestly enjoy this author's work and believe she is someone to keep an eye out for. Forced by the Stepbrother gets 3.5 stars for entertainment and character relations. I can't wait to see what comes out of Celia Aaron's mind next, by the way is a standalone novel entitled **Counsellor**, but don't worry the **Forced series** will continue as well.

Goodness

Celia Aaron knows how to write a story. My goodness was this a hot quick read. The writing was excellent, no awkward sex scenes and the characters were as fleshed out as they needed to be, no more, no less.

Makeba Stewart says

This is a kinky stepbrother/stepsister love story. This was a dark romance novella between a student that strips and a professor. This story was very interest and there was a twist that I did not see coming. The sex scenes are awesome and ruff. Very ruff. However, I still enjoyed it. Don't judge me. Great reads.

Briana says

Ok so that ending was not very satisfying. There are so many possibilities for this specific story! But the route the author took didn't really suit my likings very much. Like I said before in another review in this series, little things can affect the rating of the book since it's such a short story.

I thought the story itself was good. The Stepbrother concept wasn't that important I guess, but the characters and the erotic portions were written pretty well. That ending just got me.

Overall not bad. But that one big element of any story, the big conclusion of the story, wasn't written very well. It seemed rushed and could have been better

3.0 star rating

A huge thank you again to the author for sending me this to read and review. I have quickly become a fan of Aaron's stories. The Forced series contains all stand alone books that have dubious consent, smoking hot sex, interesting characters and a neat surprise plot twist at the end. I've enjoyed all of the ones I read previously and this newest one was just as good. This time we have Sadie, a college student who strips to make money and her favorite 'customers' who she discovers is her new stepbrother. Much steamy sex and hot dialogue ensue with the trademark plot twist at the end. The added epilogue was a wonderful addition. I can't wait to see what Aaron comes up with next!

Waleska 'Wally' Floyd says

Dirty

Forced by the Stepbrother (Forced Series Book 4) is undeniable a hot, steamy and very dirty read. I liked it but I didn't loved it as her others quick erotic reads. Nevertheless it is entertaining and sexy.

I received an ARC of this book in exchange for an honest review. Stripper/college student Sasha/Sadie has a big surprise when she goes home on a summer break and discovers her favorite customer and star of her fantasies is her new stepbrother. Gray is stunned to find the girl he craves is his stepsister. Now he is going to ensure that she fulfills every desire he has. This steamy erotic story is another great addition to the Forced series by Celia Aaron. I only wish the story hadn't ended so soon. I would have liked more of Sadie and Gray's story.

Mercedes says

This one was quick and smutty. This is much less about Gray and Sadie being step-siblings than I anticipated. When they become step-siblings its really more of a happy accident facilitating a meeting not at the strip club Sadie works at. Things escalate very quickly between the two. Gray has a bit of a dom nature which increases the hot factor.

The ending was rather abrupt. I would have liked a bit more of a blow up and then a bit more information about what happens next. This was pretty enjoyable and I would definitely check out some other stuff from this author when I'm in need of a quick fix ;)

I read this as part of my Kindle Unlimited Subscription

Marianne says

What happens when your Friday night regular turns out to be your new, dominant stepbrother? Well, hot 'n steamy stuff, that's what.

As always, this Forced novella had a twist, but this one was not as fun as the others. Still enjoyable, though.

3.5 stars.
