Was pretty good. I would recommend buying the whole set which is about 130 pgs. I didn't want to put it down.

Cheyenne just left for college and hoped that there would be some great guys out there that she could lose her virginity too. But she ends up falling for her teacher (Damien). When he finds out she is a virgin he offers her sex classes but refuses to be with her. She finds her best friend to take care of that issue, but makes Damien mad. They get back to lessons after their separation. Then she freaks from the emotional stress of their weird lessons/relationship. She wants more. But what does he want? You have to read. There is two series would recommend buying both together.
