Holly Jolly Summer

Tiffany Stewart

Holly Jolly Summer Tiffany Stewart

Four huge disasters,

Three months of tourists,

Two gorgeous boys,

And a partridge in a palm tree

In this lighthearted beach read about family, friendship, and fa-la-la, it's up to lovestruck teen Darby to save the spirit of a Southern town called Christmas.

Christmas, Kentucky, is a summer tourist destination known for its holiday-themed shops, ornament-sprouting potted palms, giant Snow Globe display, and cheerful residents—including the mayor's daughter, fifteen-year-old Darby Peacher. But as Darby stumbles her way into a job at the town's run-down amusement park, Holly Jolly Land, her summer quickly goes from merry to miserable: the boy of Christmas present is absent, a boy of Christmas past is her supervisor, and the town seems to be losing its cheer as it strives to become more commercial. As she tries to sort out her love life, Darby grows positively Scroogey until she gets wrapped up in reinventing Holly Jolly Land—and the town—as the wonderlands they once were.

From Reader Review Holly Jolly Summer for online ebook

laura (bookies & cookies) says

Tiffany has expressed racist, bigoted, and Islamophobic views on her Twitter that I do not condone or want to support with my reading.

Samantha Brody says

Author is a rampant Trump supporter so no.

Author Sara says

Due to insensitive, racist comments by the author, I won't be reading or supporting this. I hope other people consider the same.

Ivy says

I had no motivation to read this book. The author had very problematic views, the book is boring and tells the story of a privileged white girl complaining about the consequences of her idiotic decisions. Don't read this.

Samantha says

If you don't support/respect all minorities in 2016, you shouldn't be writing for teenagers.
-A Teen

sabrina says

I harbor no desire to support someone who is pro-Trump and frequently posts vile things on twitter such as:

Yeah... no thanks

ak says

This book is gonna be extremely racist if the author's personal twitter account is any indication.

JoNetta says

Tiffany Stewart has spewed vile on Twitter blatantly saying that they need to build a wall to keep liberals out (i,e all the black and brown people)

So This Donald Trump voting bigot won't be getting one black ass dollar from me

destiny ? [howling libraries] says

I think I'll give my money and time to YA authors who aren't, uh... raging assholes

Pam Victorio says

I honestly don't have to open the cover to know this is poor people hick Appalachian porn.

Adam Silvera says

And a gigantic NO THANK YOU to this book.

Sophie Marsden says

I will not support an author who wants to build a wall to keep liberals out. She does not deserve the support of the bookish community!!

Celeste_pewter says

Ok: this is what I wrote on November 16th.
Nah, I'm good.

Tiffany has a political agenda that's divisive and alienates her core readers - e.g. she thinks building a wall down North Dakota is a grand idea. I have other authors I'd prefer to support.

This is what I have to say now:

Tiffany's a bigot, full stop. Her racism has only become even more overt and pathetic as time has gone on, and she's displayed a shocking amount of Islamaphobia on Twitter.

I can't recommend her; stay far away from her. Also, Macmillan: shame on you for enabling this racist.

Melody says

Fevered Trump supporter. Pass on this, love. I know the book sounds good but don't do it.

Audra (Unabridged Chick) says

Wants a wall to keep liberals out.

ETA: Has basically doubled down on her hate of anyone who isn't white and conservative. Not worth supporting.

May 2017: Publication delayed/pulled? Or being released under new title/pennname? No cover or release date yet; google doesn't have any news, and nothing shows up on Edelweiss.
