This book is adorable. There is no better word to describe it. Every child will love it. And adults won't be able to walk away with out warm and fuzzy feelings. A definite MUST READ.

John Lowrie says

We meet Izzy & Brynn, two charmingly drawn young ladies, as we read a fantastical ice cream tale in rhyme. It is a dear little book; just the right size for children to hold as they are introduced to poetry.

Jenn See says

Wonderfully whimsical and fun! I read this to toddlers and two-year-olds at work, at they absolutely loved learning about dragons, whales, and ice cream.

This small book (6"x7") written in rhyme is both humorous and fantasy-like. The children I shared this adventure with enjoyed the crazy and weird ice cream concoctions... flavors you never knew existed. Looking forward to more of Izzy and Brynn's adventures!
