# Lady Killer

*Misti Murphy*

**Lady Killer** Misti Murphy

**They called him the Lady Killer. Able to get into a woman's panties in 3.6 seconds flat.**

I know where he's been. I know he keeps a list of all the women he's f\*cked.

And there are so many reasons I'm not interested in being another number.

I'm the reason his boxing career is over. The reason he almost died.

I can never stop running.

Problem is, he's got his sights set on me...

And for the first time I don't want to run.

**From the minute I see her I know I'm looking at trouble.**

I shouldn't pursue her. I shouldn't be trying to find out her secrets.

I'm supposed to be looking for the woman who mailed me a two-line pee-stick and no return address.

But Gemma Castle sees through the layers of my reputation.

And she thinks that guy is some kind of knight in shiny f\*cking armor.

She makes me want to be that.

Saving her might just save me.

## **From Reader Review Lady Killer for online ebook**

### **Book Loving Fairy-Blog says**

FOUR Stars!

I received an ARC for an honest review of Lady Killer by Misti Murphy

This story about Tom aka "the Lady Killer" and Gem a former ring girl and princess to a wealthy family. These two have been connected since Gem reached out to him years ago, asking for help. Now she's back in his life, his gym, his bed and needing his protection and help again. But by revealing the truth she must reveal herself and so must he. Even the secrets and the mistakes from their pasts. The Hadley family is a phenomenal group of characters and I'm anxious to find out Mace's story.

~ Jackie

### **Judy Miracle says**

I am in love with this series!!!! Gah I cannot get enough of the Hadley Family. Tom AKA Lady Killer has moved on from his boxing career and now owns a gym to continue along the lines of dream. But what happens when Gem walks through his gym doors? Gem is a rough and tough kind of girl who is on the run and scared. Gem fights to get passed all her demons. They both kept secrets and i loved when they were all finally out on the table and work through their issues together. But will Gem run away from everything that Tom has helped her to overcome or does she stay?

Sooo cannot wait for Mace's story and more from Misti. Great series to read!!

\*\* Kindly received a copy in exchange for an honest review.\*\*

---

### **Denise says**

After reading the synopsis of the book, I wasn't excited to read it. I had read book 1 of the series and was just trying to read the books in sequence so I could get to book 3.

I ended up REALLY liking this book. Tom was so in love with Gemma. On to book 3 now!

---

### **Nancy♥The♥Bookaholic says**

~~4 stars~~

---

## Juliet says

Cute. Nothing special. Typical contemporary romance.

---

## Kimberly Lund says

This is a classic example of the first book in a series having a good premise that carries the book... and then you realize in the second book that the writing borderlines on not good and that the author is pretty much writing the same scenes over and over with different characters. To also be fair, I'm not a big fan of the premise of this one — mysterious girl in danger for mysterious reasons. That probably didn't help but I finished it.

To save you some time, you might be thinking that you've read the first two in the series, might as well finish it. Don't. The third book is just awful and it had such potential to be a great story. I won't even review it separate OT because it's that bad.

## Sonya ?Chatterbooks book blog? says

★★★★3 Stars★★★★

Tom Hadley is god's gift to women. Known as the "Lady Killer" ,he makes women panties drop in 3.6 seconds or less.Not wearing any? Better for him. But all of that changes when he gets a certain package causing him to track down every woman he's recently been with. I found this part quite hilarious and no it's not what you're thinking.After a hit and run leaves him with the ability to no longer fight,he's unofficially boxing's fallen star.

*" My whole life is a lie to those on the outside".*

Gem is on the run.Barely escaping her abusive ex,her number one instinct is to keep moving. She never stays in the same place longer than she has to and always looks over her shoulder. Walking into Tommy's gym to start her workout training,she gets the shock of her lifetime. What do you do when you see the one person that you've hurt in a past life but they don't know it?

*"Guilt is a strange beast. It only heightens my attraction to him. Makes me want him more,when I shouldn't want him at all. Or maybe, it's that he makes me forget what I'm running,hiding from".*

I liked that this story was different and the first half was refreshing. I've said this before and I'll say it again, I'm not a fan of insatlove/lust. These two moved too fast for my liking and it didn't make it seem real. I wanted them to take a little bit more time and not rush everything. My problem was that it was too fast for me.

**\*Arc kindly provided in exchange for an honest review.**

## **Amy says**

I really love the Hadleys and I think I liked this one even better than the first book in the series. Tom and Gemma were a great couple and the story was interesting! I'd say this one is more of a 3 and a half stars, pushed to a 4.

---

## **Sivutha says**

### **4 Fighting for Love Stars**

It's slow in the beginning but it picked up near the end.

Tom received a package stating he is the father to a mystery woman in his past. If you want to find out about it.....read it ;).

Gem was running from one place to the other. Constantly looking over her shoulder and then she lands herself in Reverence. Well she her past had up with her and guess who is saving her?!??

"I think I've been in love with you from the moment you walked into my gym. I haven't been able to get you out of my head, or my heart, since. I want to share my food with you, fight with you, and tease you about your dislike of candy, chocolate, and coffee, which I still struggle to believe, by the way. And I want to practice making babies with you, often. Every day, even, until we do make our own babies. Then I want to grow old with you." He holds the ring in front of the finger I'm holding out for him. "Do you think you could handle me when I'm too old to be good for anything other than whining about how my brother once shot me in the leg?"

---

## **Amara says**

I'm just digging this series. I loved the first book in the series, and this one made me feel all warm and squishy inside. And er....warm and squishy er...other places. This couple had serious chemistry.

I liked the slight twist at the end for our "Lady Killer".

\*\*Runs off to borrow Mace's story!

## **Ofelia says**

I totally love this series and I can't wait to read about what happens between Mace and Chelsea.

---

## **Debbie Hanson says**

Damn, that was awesome.

Arc received in exchange for an honest review.

Misti Murphy has done again, with yet another great read with the perfect amount of everything to have me pages turning like a crazy person. It is no surprise, if you know my reading choices alpha men are up there with my favs, and Lady Killer is another I can add to my favorites.

We met Tom Hadley in Prick Tease which is the book, previous to this one. Although these are standalone books I would suggest checking out Prick Tease to get more of the Hadley clan and their history.

Tom has returned to Reverence and opened his own gym after being forced to give up boxing due to a hit and run that ended his run as Tom "Harbinger" Hadley, god's gift to boxing and almost his life. He is still hot candy to the women of Reverence but when he receives a positive pregnancy test in the post, all work with his favorite appendage is off the board.... until he comes face to face with a gorgeous woman in his gym. Her knowledge of who he is/ was has him even more intrigued. Day one and she has him on tender hooks.

Gemma Castle had been on the run for what seems is forever. A new town, a new hair colour and a new name is the only way to keep her safe from Santiago, another former boxer who not only physically abused her but emotionally as well. The best way to keep herself, and her loved ones safe is to stay on the run. That is until she runs into Tom again, her traitorous body wants and remembers him, but her head doesn't want to be another one of Tom's girls.

Although she tries to walk away it is Tom who pursues her, not giving an inch... He feels something for her and won't be the one let her run away or be threatened by whomever is after her. Once Tom finds out that Santiago is the one responsible for her real life game of hide and seek, him along with the other Hadley brothers, Mace, Rush and in law Razer will do anything and everything to keep Gem safe.

But when Santiago makes his presence known, punches are thrown, shots are fired and lives are ended, will Tom and Gemma get that happy ever after or will her worst enemy take everything from her?

I'm now anxiously awaiting the next book in this series, and Mace's story... these books get better and better each time. Can't wait for Mace and a baby hahaha!

Lady Killer (Tangled Desires Series)

Misty Murphy

5 killer stars

New review since reading Prick Tease -- Book 2! -- 5 stars! Thank you Misti so much for sending the first release over after reading my review. I know everything there is to know and its oh so good! I will be stalking you for the next release. MACE! -- YES! I have a feeling its going to be a doozie!

Once again here is a really good story that I have missed the first release! Prick Tease is the first in this series of standalones BUT I highly suggest you read it. Im going back to click it up now but lets move onto Lady Killer; the story of the Tom "Lady Killer" Hadley and Gemma. This is a really good story and Im anxious for the next!

The Hadley clan consist of Claire, soon to be brother in law Razer Bennington, Tom, Mace, honorary sister Chelsea Taylor, and a mysterious brother Rush. Again, Im not sure if there is a back story I missed on him so if there is someone let me know please!

Tom Hadley has returned to Reverence. His boxing career shattered by a hit and run. No one knows who the driver was nor the mysterious girl who called his name before being hit. No one saw anything or no one is talking. Opening his own gym has grounded Tom along with a secret package with nothing more than a positive pregnancy test. Going down his list of one nighters, Tom is determined to find the person that sent him the package. Until then all bets are off in the "Lady Killer's bed .... at least he thought it was until the most stunning woman walks into his gym, uninterested, and a total mystery. Gem claims to know him but why doesn't he remember her and more so ... why is she so afraid?

Gemma Castle is on the run. Making herself into a new person in each town she never dreamed she would end up standing face to face with Tommy. Gemma has to get out as soon as possible. Brining danger to his doorstep again is not the answer and not what he needs. Jimmy Santiago will never let her go much less care who he has to go through to get to her. Putting the Hadley family in danger isn't an option ... if only she could walk away from this man ... if only she could stay running.

Tom finding out that Santiago is the one responsible for Gem running he will protect her with everything he has ... Along with the rest of the Hadley clan, they are all going to make sure Santiago never touches her again.

OMGOSH ... this is sooo good. My 4 star instead of 5 is because I felt out of touch with what I had missed and you all know I dont like that. I reserve the right to come back and change the rating after reading Prick Tease! LOL! ... There is continued drama and mystery, nail biting events and much much more. Bring on the next Misty. Oh my lawd Im ready. In the mean time Im heading backwards to the first book. Thank you for the ARC! Review to post to Ramblings From Beneath The Sheets.

---

## **Javíthatatlan says**

Oh. My.

It was so long since I laughed out loud reading a book. It felt so good to finally have the time to cozy up to a series and its characters. I think I chose the right books for that.

The second book definitely outshone the first. The characters' struggles and problems on both sides felt more real, lifelike. Since everyone is still living in that amazing house everyone is always present and I love the brothers teasing each other, spicing up the whole story.

Not a perfect book, but for me, for now, it gave me what I needed and I am soooo glad I continued after the first one.

Next Please!
