**Risking Romero** Mia Madison

**“I’m going to be inside you. I promise.”**

**Jade:**

When a lawyer with a shady agenda starts harassing me to sell my family’s farm, I need a legal eagle of my own.

But hot older man Romero Adamo is way more than I bargained for. He’s got me thinking about his briefs, all right ... just not the kind you file in a courtroom.

When my troubles get worse, and our attraction flares up, I’m caught between a rock and a deliciously hard place. Can I play his games without getting my heart broken?

**Romero:**

I make my living with my brain, but Jade Callahan makes my c\*ck sit up and beg.

The things I want to do to her might get me arrested — and will definitely get me disbarred if they happen while she’s my client.

The sooner I untangle her legal mess, the sooner she’ll be in my bed where she belongs. I’ll have her pleading before the night is through.

**Risking Romero** is the ninth book in the Adamos series, but each installment is a complete story on its own. If you like devouring a series from the beginning, you’ll find it enhances your enjoyment, but the books can be read in any order. This is sizzling hot insta-lust, insta-love between a strong alpha male and a woman who’s every bit his match, with no cheating, a HEA, and scenes that’ll melt your Kindle.

### **C says**

3/5

Safe read

- Insta connection > Love
  - OTT alpha
  - H not a man whore but also not a monk
  - No OW Drama at all
  - Virgin h
  - No pushing away
  - HEA with epilogue (would have liked to see it further into the future)
- 

### **Karen Crossland says**

#### **So friggin' good**

Oh my god it was so friggin good can't wait for Lando and Matteo's stories. Especially Matteo's, I really want him to be next ?

---

### **Missy's Book World says**

5/5 STARS

I loved this book it was sweet and short with a little suspense. I can't wait for Lando and Matteo's stories and I want Quinn and Matteo to end up together :)

---

### **Seepurple06 says**

#### **Addicted to Adamo's.**

I love the Adamo men. They are so protective and dominant and when they fall, they go all in. I can't wait for Matteo's story.

---

### **Vashti says**

Insta lurve faster than a speeding bullet!Love this ott family!

---

## **Lauren says**

I love this series. Since finishing the previous book, I was eager for the next. I enjoyed this book and read it in one sitting. I liked this story but I did find it a little slow in parts.

I liked Jade. I liked her determination to keep her family's farm. I liked the chemistry between Jade and Romero. I liked them as a couple.

I also liked Jade's sisters Quinn and Brianna. I want to read their stories! Especially Quinn's. I hope she and Mateo get together, I think they will from the small scene in this book!

---

## **T Van says**

### **A Lid for Every Pot**

More Adamos...happy sigh. This one is an attorney doing a favor when he's struck dumb by dairy farming Jade. Their relationship is intense and full of heart, an Invasion, and super-steam.

---

## **Lindsay says**

Love these Adamo Men!! I fully enjoyed this story. I think I took too long of a break between the other books in the series because there was a bit of name throwing around that made me search my brain for previous stories lol!

This was a cute story. Heavy on the drama for such a short book but definitely entertaining to read. Jade was a great character. loved how protective she was over her sisters...and loved that Matteo/Quinn tease!! Was a little surprised how fast Romero dropped the L bomb but it was great!

---

## **\*Dee's Reading Time Matters says**

The Adamos' men are all alpha, almost caveman like at times but are all them are quite unique as Romero Adamo!

5 worthy stars!!!!!!!!!!!!\*\*\*\*\*

---

## **Jalina says**

### **Love those Adamos!!**

Jade and Romero's story was syrupy sweet-just the way I love it. I love how we're introduced to possible new stories- I definitely want a Lando and the twin sisters story!! Keep them coming!

---

## **CHERYL J. RICHARDSON says**

### **Risking Romero**

This is the second story I have read about this family and enjoyed it. Jade and Roman relationship is surrounded with loss, threats, surprise from the past, love and new beginning. The sex scenes had a little kink.

---

## **Jennifer Finn says**

This is the ninth book in the Adamo series by Mia Madison. Jade's dad died three months ago leaving her and her two younger twin sisters, Brianna and Quinn to run the family's farm. A lawyer named Ralph keeps calling and harassing her about selling their farm which they do not want to do. It's not really explained in the book but I'm assuming Jade is friends with Erin (from Kissing Kosta) because she refers her to Kosta's cousin who is an attorney. Romero Adamo is another gorgeous, talented, successful member of this wonderful loving Italian family. He went to Harvard Law School and was working at a law firm in NYC for a while but he missed his family so he moved back home and opened a practice with his cousin Kara. When Romero shows up on her doorstep to help, Jade can't seem to be able to form a thought or speak. They both feel the chemistry between them and he's not going to ignore it. When she tells him about the harassment he tells her his cousin Kara will be handling her case and he escorts her to the police station where his twin brother, Lando is a detective so she can file a restraining order. We meet another sexy, Alpha Adamo man and he's just as yummy as the rest of them although Tonio is still my favorite. I'm hoping Matteo or Lando get their book next.

---

## **Amber Fueston says**

Not sure if i am just getting numb to the very similar characters and storylines or if it is something else but I just was not as enthusiastic about the last couple. I've invested too much time into the series to not finish it though so I am going to continue in the hopes that it grabs me again.

---

## **Melinda Parker says**

### **Those Adamo Men...Mercy**

The Adamo Series is an absolute favorite.

As soon as Romero Adamo sees Jade Callahan, he's done. He wants her. Jade feels the same way but worries about all their obstacles. But being an Adamo, Romero stakes his claim. He's willing to take risks to claim Jade.

Dark forces, enemies, and long lost family emerge. Can the couple withstand it all?

Insta lust, hot chemistry, and ALPHA Adamo make this a great READ!

**?Tonya? says**

2.5 stars

While i enjoy the few books in this series that ive read, ive been disappointed in the lack of epilogues. A brief mention in a subsequent book isn't enough for me. I want a look at their future in the book I've just read. This would have been a 4 star read for me if it had a better ending.
