Kenna White

Skin Deep Kenna White

Jordan Griffin is an attractive and dedicated assistant editor for Northwest Living Magazine. She is given an assignment to track down and interview one-time nationally renowned broadcast journalist, Reece McAllister who has been living a secretive and reclusive life.

To get the story, Jordan follows Reece deep into the backwoods of Washington State. To her surprise, Jordan comes away with far more than just a story.

Should she betray a trust or deny her journalistic conscience? Their future together depends on her making the right choice.

Linh Nguyen says

3.5 stars

A quick read, certainly good writing and enjoyable enough, though it would have ranked higher if I hadn't been a bit bored with the outdoor wilderness adventure theme.

Debra says

This book wasn't bad with the qualifier, for a lesbian romance novel. For about the first 120 pages, I could find no one likable in the story at all. The protagonist and assumed love interest are pretty unlikable for a long time and the protagonist's bosses are horrible. Only her cousin is mildly appealing.

It got better after a while and became a reasonably enjoyable read. My biggest issue was the way the author jumped from one pov to another. Here I am reading the protagonist's motions and feelings and suddenly another character walks out of the room and I'm reading that character's feelings.

Simone says

3.5 stars..I loved the characters and I thought they had some very sweet moments. But it ended so abruptly. I actually said "what the f" after I read the last sentence. Definitely needed an epilogue. A bit cliché but overall mostly enjoyable

JT says

You need to look on the inside.

Ginger Miller says

I wasn't wild about this book. I didn't find either character very likable. The plot was good. I just wish the author had made her main characters as good.

Stacey Rice says

A story of lost love, trust, overcoming obstacles, and a new found love. A little predictable at times. The ending seemed a bit rushed.

Diane says

Excellent read! being judgemental,making mistakes,great depth,high sexual tension,a heartwarming love story that was filled with some well defined and developed cast of characters supporting also,great romance,well written ..highly recommend (paperback!)

Pin says

A great book title for a great romance with all the elements needed in this genre. A very good read.

Leslie Burd says

I have read this book million times and still love it because Reese can't admit herself to love Jordan as well... It's amazing how Kenna White wrote this book! I recommend you!

jo says

second star for compulsiveness. if an author keeps me reading nonstop, the least i can do is give her a second star. but the writing is average and the plot über-predictable and clichéd. also, about a gazillion unlikely turns of events.

D. Leigh says

This is my all-time favorite Kenna White book (I have them all). This story of a successful broadcast journalist whose career was ended by an incident that scarred her face is a tale of classic romance. The characters are so well-developed I've found myself re-reading this book so many times the pages fell out of the binding and I had to buy a second copy. Anything Kenna writes is a good read, but this one if my favorite.

Margaret L. Hedman says**I loved this book.**

Great book. What a powerful story. This is a story that everyone of us needs to take to heart. Aren't we all guilty of being judgemental at one time. The mistake of not getting to know someone because of their appearance or situation. Beautifully written. Please ask Audible to add this to their collection.

Jae Jae says

I have read several of Kenna White's novel, and this is one of the better ones.

The characters are nicely developed and three-dimensional, with strengths, flaws, and backstories.

The ending felt a bit rushed, but still it's an entertaining read with a nice sense of humor.

Erica says

(From my Amazon review)

The majority of the plot sees Jordan Griffin follow Reece McAllister through the backwoods of Washington State. The plot is very descriptive so you can picture the scene as they walk through the countryside. The plot sees both characters change and grow together. At the end you realise that everything is not completely as it seems but this only adds to how you see one of the characters. Thoroughly recommend it.
