The Mommy Quest Lori Handeland

Has he found her?

Life has never been easy for Tim. Abandoned and left to fend for himself, he's finally found a home with Dean Luchetti. But something's missing. Tim's convinced that what he needs is a mother and what Dean needs is a wife. And he thinks he's got the perfect candidate in Stella O'Connell, his school's principal.

The last person Stella expects to encounter at her new school is Dean Luchetti, the man who broke her heart as a teenager. Dean and Stella may have a difficult past, but they feel the same strong attraction they always did and if they're not careful, history could repeat itself. Breaking each other's hearts is one thing, but breaking Tim's is an altogether different matter.

Jody L Nave says

While I enjoyed the book I was a bit disappointed in it. When I started the series, I was most interested in reading about this brother. I thought his personality in the earlier books gave you a glimpse of more depth than other family members and I was looking forward to his story. His sarcasm, loyalty to friends, love of nature, protector of the home, dry humor and insecurity were just not drawn out in like I had hoped. Instead of celebrating who he was, the story seemed to try to tie anything he did that was not perfect back to a single reason. What a waste, his story could have been told so much better.

I loved this series...when's the next one coming????

Carolyn Jenkins says

Love Reunited

When Dean's almost adopted son, Tim, sets out to find a Mommy for himself and a wife for Dean, all kinds of adventures begin. This story is filled with both humor and pathos. Everyone who enjoys a family story will like this one.

Mary Taitt says

I really like this book. It's a Harlequin Romance, and I am embarrassed to admit that I read it. The ending was UTTERLY predictable, but getting to it was the fun. There wasn't anything new or particularly thought-provoking, and it wasn't deeply explored like the memory Keeper's Daughter or Losing Charlotte. It was a pleasant easy read with "heart-warming" bits. I finished it last night during a long bout of insomnia when I was too tired to read anything more stretching, and it was perfect for that. To tell you the truth, I'm a sucker for a good romance with a happy ending and it has kids and animals. A KID--Tim, a sweet heart-warming boy--maybe a little too sweet. Anyway, I liked it.
