## **The Villain** Jordan Silver

She started out as a pawn in his fight against her dad. When he'd given the order to grab her, he had no idea that his life would be forever changed in the blink of an eye, with just one look. She's feisty opinionated and not at all what he'd always envisioned for a man in his position, but his heart and his body were in full agreement. She was the one.

## From Reader Review The Villain for online ebook

### Ansu says

Jordan Silver's books have the potential to be 5\* books, her storylines are great, all she needs is dialogue from the heroines . JS writes my kind of heroes and I love it.

I had high hopes that maybe Anastasia would break the mould, sadly that was not to be, maybe the next book will have a heroine that actually talks.

Other than that another enjoyable book by my favourite author.

**I couldn't read anymore.**

With sentences like "The fucking feds be on my nuts like fleas on a dog's ass," and using slang like "dafuq". I'm too old for this story.

### C.J. says

Really enjoyed this! Great characters and an intense and sexy storyline. Best of the Bad Boys books so far.

### Bibi says

**\*2.5 stars\***

**Same characters, different premise, but fun nonetheless.**

## **Chantal ♥? says**

If you can get beyond the bad grammar and punctuation here, this is a very good story.

A lot of swearing as always with all JS books. However, it worked in this context because she was a major potty mouth. She was like a stick of dynamite and it worked for me because she was so strong.

He was not as bad as he appeared at first. I kept thinking what could her father have done to her if he had not taken her when he did?

Her father was not all that appeared to be and she was protected from that. The hero was a better man in the end for having her in his life and she is calmer for having him.

And enjoyable book and very very hot!

Smutty and sweet at times but mostly very erotic.

I will reread this one at one point I am sure.

Felix had been warned to not cross Draco, he choose to ignore the advice. In return Draco has Felix's daughter picked up to use as a bartering tool. Draco never expected to be seeing his future in front of him. She is a spitfire, she is pissed, and she is all his. Now he has to get her to agree, but Anastasia has her own ideas and plans on fighting Draco all the way.

This was actually very fun read. Draco is pure alpha and Anastasia probably is the feistiest heroine I think I have read in Jordan Silver's book. So far best in series.

## **Amber says**

I have really enjoyed this series I am glad it didn't end with just three books this was a pleasant surprise ..

## **Merry Jelks-Emmanuel says**

Draco is that bad boy villain every woman wants to love. He has a grudge with Anastasia's father and to get back at him he takes her. He is hooked on her at first sight! What starts of as a plot for revenge turns into something more profound now all he has to do is keep her father at bay.
