Allison says

LOVE these.

Jo says

Another absorbing read from BRI

Darren says

I got this book from the store book exchange at the store I have coffee at. It is a good book full of facts. I have read other of these books and liked all of them.

Bill Turner says

Entertaining and there when needed.

Keith Bell says

How can you go wrong with a book like this. Took me since Christmas to read but that is because I read it in... ummmm..... a number of sitting's. Love the useless and sometimes useful esoterica in these books.

Jonathan says

As always, entertaining and fascinating.

Andrew says

This is the 23rd edition in the Uncle John readers series. It, like most of the other volumes, is very interesting and full of plenty of tidbits and fun facts. Sections are divided into short, medium and long - which allow for a quick two minute read or a longer 15 minute read. Some of my favorite sections were: How to Crack a Safe, Ants, History of the Shopping Mall, Superhero Flops and Esperanto.

Liz says

Perfect bathroom entertainment. Now I have to go find the next edition.

Dorothy Clark says

The usual fun mix of facts, trivia, and history.

Carolyn Bunkley says

I love this series. There's something for everyone, and no topic is too mundane to end up in the pages of a Bathroom Reader.

Jerry says

For those of you that have not looked into this series of books yet...do so! These are wonderfully fun books filled with great stories, history, quotes, and trivia. And there not just for the bathroom...ha! I have read several of them now and will get more.

Brian says

I've read all 25! Love them!

Dana says

I love this series of books. It's perfect when you have kids because you can pick it up and read a short section. Sometimes I feel like everything I know I've gotten from these books.

Sarah Jensen says

Wonderful series!

Kristelle says

Great book that you can pick up whenever you want to read something interesting for a short-while. It has many mini stories that interest all types of readers. I also gave this book to my friend who does not normally read; he thoroughly enjoyed leafing through the book and reading about the different stories and mini-articles within this book.
