In an effort to get her friend off her beck, Sandy Hamilton impulsively agrees to a bet where she will have to try and succeed in picking up the first man who walks through the door. Sandy has not always been lucky, and it looks as if her luck has not changed, when three of the most stunning men she has seen walk through the door at the same time.

Luke, Will and Mark knew they scented their mate and what a heavenly sight they have before them. Wanting to spending more time with her, they charm her friends into a fun day only to be met with one jealous and manipulative woman, who seems to be doing intent on making Sandy look bad. After their plan to get her to leave backfires, the mating pull is quickly upon them, but now they have to convince Sandy that she is meant to be theirs.

I liked aspects of this story, I thought the way the men met her was charming. Kind of fluffy, there were some mixes in the way that Sandy asked and all three men are into kink which she just readily accepts, without question but it doesn't add up to how she was in the beginning.

This is my favorite Jane Jamison book so far. I have only read the first three of this series so I expect there to be many more that challenge this but I really enjoyed this one.

I liked Sandy and her friend Celia but Danielle was a piece of work. You've heard of a wolf in sheep's clothing - she was a viper in designer duds paid for by her Daddy "Mr. Juniper Monson of Monson Oil". But as bad as she was I will admit she did play an important role in getting Sandy into Forever and making sure she met and stayed with the men. For that I tolerate her (just barely). If she hadn't bet Sandy that she would seduce the next man that walked through the diner door, Sandy would not have been so willing to open herself up to the men and their offers to spend more time with her and she might have been too scared to listen to that little voice in her head that encouraged her to go for all three!

The men in this story grew up as friends and were as close as brothers although there are not familial ties between all three; however, we do not see any sexual interest in any of the men for anyone except for Sandy. And when they do concentrate on her *wowza woohoo hot damn baby she is a lucky woman*! Three alpha males who share well with each other - very nicely done.

Better than the first but Danilla really needs a butt whopping. She was such a horrible person!!!

Allison Gill says

Sandy has 2 friends, 1 that is lovely (Celia) and 1 that loves herself more than anyone else (Daniella). So sparks will fly when Sandy accepts a bet and in walk Luke, Will and Mark, who make a bee line of Sandy. Sandy feels an instant attraction to the men and accepts an offer of a horse ride at their farm. Once there she has to cope with their attraction to her and the jealousy from Daniella who is not used to being ignored by men.

Loved the way book 1 was incorporated into this book without taking anything away from these characters. I am defiantly Wild for Wolves.

Tricia says

WOW! Book #2 in this series is even better than the first.

Nicole says

This one is better than the first one. I connected with these characters better than the first. Hence the three stars instead of two.

The h was tsth. Ugh.

Tia says

K, it was cute but I wanted to slap Daniella shitless. She was a jealous whore and really ticked me off. Who needs enemies when you have friends like her.

Wild_irish_rose says

I like this series a lot. The wolves are searching for their mates. In this story, Luke, Mark, and Will find Sandy. Unfortunately, they have to deal with a jealous friend of Sandy's who has an attitude problem. Will go on to read other books in the series.

Yummy, Hot and Heavy, Steamy read!!! Such a sexy book!! I love a hunky shifters!!! The story could have been better but overall an enjoyable read!

Oh, and I love a delicious paranormal menage!! The more the merrier!! Once they get into the steamy action things move along rather quickly. I would have liked a bit more build to make feeling believable.

There is just something about this series that keeps drawing me into each book. I hope it gets better with time. It is a really promising concept.

Ruth Hambley says

I enjoyed this one. Well written. If you enjoy reading shapeshifter menage and romance then you will love this series. Just wish it was longer. Could not stand Daniella.

Cyn Mistress Kitty says

Didn't like this story much. There were too many inconsistencies. First she is almost virgin like and then she is like a nympho. She also says she is milk intolerant but when she has something with milk in it she only vomits. Believe me, she would be doing more than that. Also, she has no problem eating lasagna. Doesn't that have lots of cheese that would make her sick? And finally, why didn't the guys want to tell her what her "friend" had done?
